SEEKS RE-ELECTION

FOR DISTRICT ATTORNEY G. RUSSELL MORGAN

I ask the support of the voters of Washington County for re-election as District Attorney. I stand squarely on my past record. When elected to that office in 1932 I entered into a solemn covenant with the people of my county that I would maintain the office of District Attorney in the Court House, where it properly belongs for the convenience of our citizens. I have kept this covenant. I promised that I would conduct the office of District Attorney without a deputy. This promise has been kept. I pledged that I would reduce the cost of maintaining the office. I have reduced the costs of the office of Dist. Atty. almost 50%. The figures speak for themselves. For the four year period preceding my election, the average yearly expenditure for maintenance of the office of District Attorney was \$2791.00. During my term I have reduced this amount to \$1432.00.

If re-elected for another term I will continue to carry out the pledges which I made when first elected. Neither personal matters nor private business have detracted from my giving to the office my full time and attention. During my term I have already handled over 1000 cases. More than 95% of those who have been arrested have been convicted.

I was born in Washington County 39 years ago of pioneer family. I am a graduate of the University of Oregon. For fifteen years I have been engaged in the practice of law. I am an experienced man. The manner in which I have performed my duties is best attested by the Judges before whom I have practiced and the jurors with whom I have worked.

If re-elected, I will continue to conduct all civil and criminal business of the county honestly, efficiently, and with absolute impartiality.—Paid Adv. c22
