LIED TO SAVE HOUSE

"No such men here!"

So lied Rahab the harlot living there on the city walls of old Jericho. General Joshua had sent two spies to report on the lay of the land over that side of the river Jordan. Jericho hears that the spies are within the city and her house there on the wall must be searched. She hides the two, and adds her lie—"No such men here!" Then when the searchers have gone she brings them out and the two strike a bargain.

Says she—"The terror of you is upon the city. We have heard for years how out in the benedict desert your God has fed the tribes of Israel with manna from heaven; how night by night those years a pillar of fire reached down from heaven and by day a pillar of cloud. We know how these past few weeks, one after another, the strongholds across the river have fallen before you. We are dead men here; terror is upon us; now do this—When

Jericho falls, save me and my household." To this the scouts gave their word and on the day when the city fell, this woman of sin and her household were saved alive.

Now why does the great God honor this harlot with her tongue of deceit and lies? There is but one answer; she had that spark of saving faith. God looks in on the heart and when he sees that spark of saving faith, there is nothing he will not do. Yes—one bit of faith in God's mercy brings him in with his mighty saving power.

God does not wink at sin. He punishes by death and God backs up that law. Sin then death; sin then death; sin then death. Now God loves the sinner and he found a way to carry out his law and at the same time to save the sinner. He brought out a Guiltless Sinless One to die under the law in the sinner's place. He gave his only Son to be the Sinner's Substitute. So Christ the Substitute dies for Rahab the harlot that side of the cross and for you and me this side.

Yes—Being counted guiltless by Christ's blood we shall be saved from wrath through him. Being justified by faith we have peace with God through our Lord Jesus Christ. Right now you are either saved or lost. Which?
