H. D. Kerkman
For
Republican Nomination
for
County Judge

H. D. Kerkman candidate for the Republican nomination for County Judge has been a resident of Washington County for 29 years and a tax payer since 1924. For 8 years he served as a road district supervisor. For the past 7 years he has been County Commissioner of this County and his record of service is an outstanding endorsement of his candidacy for County Judge.

Look At His Record
Taxation
The average tax millage has been 17.8% lower during his tenure on the County Court than the average for the preceding period. He knows what it means to meet a tax bill and his efforts are always directed toward a reduction of the tax load on real property.

Roads
The road department of this county has been modernized in every particular during the period he has been County Commissioner. As a result road construction and maintenance costs have been greatly reduced. In some departments, such as road production and hauling, the costs have been cut in half. He has given us more miles of better roads at lower costs.

Institutions
The County Home and Hospital is a model for that type of institution in this state. Inmates and patients receive excellent care at a figure lower than in any other county in the State.

Experience
H. D. Kerkman's years of experience as County Commissioner has given him an intimate knowledge of all the details of County Government. It has prepared him to assume the duties and responsibilities of County Judge with no loss of efficiency in County affairs.

Qualifications
He has the experience. He is capable. He is Dependable. He is Dependable. He is capable. He has the experience.

Friends and Voters of Washington County:
Just a statement in answer to some of the questions asked me frequently. When did you come to Oregon? Where are your parents? I was born and raised in the State of Illinois, came to Oregon in 1912. My mother died in 1901, my father 1927 in the home where they had lived practically all their lives. I married a local girl in 1914 and have two children. I have farmed for the last 25 years. In 1929 I pioneered Washington County for the State Farm Mutual Automobile Insurance Company, sold enough insurance in 1931 to get a trip to the convention in 1932. I have been a taxpayer in this county since 1914. I have had some experience in road and fill work. I believe in a just road construction and maintenance plan and a road for those who are without roads.

ROAD BILL PASSED BY HOUSE RECENTLY
Highway users of Oregon and the other forty-seven states were given a helping hand last Friday by the United States House of Representatives as it passed the new Cartwright Road Bill to continue federal aid for highways during 1940 and 1941.

A large part of the credit for the success of this measure belongs to Congressman James W. Mott, first district, Salem, Ore. As a ranking member of the House Committee on Roads, Mr. Mott played a leading part in the making of the present federal road policy which approximately doubles the amount of federal funds available to the states under the old policy. He has figured prominently in the committee hearings which led to the introduction of the new measure.

During the debate in the House on the roads legislation, Congressman Wilburn Cartwright of Oklahoma, chairman of the House Committee on Roads, declared, "I want to say to the House that there is not a more able, a more active or a more effective member of the Roads Committee than the distinguished member from Oregon, Mr. Mott. He has a genuine interest in roads and the road problems of all sections of the country and has made a thorough study of laws and regulations affecting highways, roads and trails of all types. If he has had a special interest, it has been the

Republican candidate for the nomination for County Judge, presents the following:
Qualification for civic office:
Served eight years on Hillsboro City Council.
Served on Sanitary Committee during construction of outfall sewer, sanitary sewer, and disposal plant. Costing in all about \$200,000.

Operated my own business here for sixteen years. Believing a business training a requisite I solicit your support at primaries, May 20, 1938.

If nominated and elected to the office of County Judge, it is my purpose to regard my office as my opportunity to express myself in service to society, to maintain the dignity and promotion of high standards and oppose questionable practices. To esteem it a privilege to practice economy and to serve beyond the strict measure of duty or obligation.
