THE HAYWIRE HISTORIAN

Daniel Boone, a Kentuckian of the old school, was a crack shot with a squirrel rifle and no push-over in a rough-and-tumble scrap. Many tall tales are told of his physical prowess and indomitable courage. When Daniel was sixteen years of age he traded a sorrel mare named Belle and twelve coon skins for a Model T Ford, and started west intending to get a job in the movies. At Kansas City he ran out of gas, oil, water, air and Bull Durham. Many young men, faced by these acute shortages, would have despaired. Not Daniel. He just pulled his belt a notch tighter, sold the Ford for twelve dollars, telegraphed home to Dad: "Busted. Wire today (dough)," and hitchhiked home, after spending all his cash on a waitress fraternally known as Billy the Kid. Daniel lived to a ripe old age, and was one of the first Kentucky Bourbons.

Uncle Henry Henstutter says: "The best thing that could happen to Europe now would be to have Hitler and Mussolini get stuck on the same actress."

Three weeks the legislature's been a fumin' and a frothin' and up to date they've managed to do just exactly nothin'! —L. C. D. in the Salem Capital Press.

LOVE AT FIRST SIGHT

The Yank reached down to take the cup that the little rebel held up to him. As he drank, he vowed a vow. He would come back after the war and lay siege to her heart. It was that day when the Tennessee turpicks swarmed with foot-soldiers and mounted men, cannon, mules and munitions all tramping and ralling to back Grant in what was to be one of the decisive battles. Thru it all the trooper from the North pictured the hour when

E. H. F. A. Plan Speeds Home Electrification

Thousands of families served by PGE are electrifying their homes with the help of the EHFA plan for purchasing electric ranges, refrigerators, washing machines and other electrical appliances. Because of low PGE rates, the federal government was quick to seek the cooperation of PGE in establishing the EHFA plan in this territory. PGE was the first utility in the Northwest to enter into a contract with the Electric Home and Farm Authority and was the first in the entire United States to make EHFA terms available for home rewiring. In a year's time, PGE customers have used EHFA terms for purchasing more than \$400,000 worth of electrical appliances! Ask your dealer for details of the EHFA plan. No obligation.

Teachers, librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it. Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best. THE AMERICAN BOY sells on most news-stands at 15c a copy. Subscription prices are \$1.50 for one year or \$3 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY 7430 Second Blvd., Detroit Michigan.

magazine. "It's as much a buddy to me as my neighborhood chum, writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in a sympathetic and helpful way. It gives advice and entertainment reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY." Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in THE AMERICAN BOY MAGAZINE. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

That was not the first time a marriage was on the way with the bride-to-be not awake to it. Maybe you yourself were one of that kind! A lot of us were, for the record reads that He chose us in Christ before the foundation of the world! A long time ago it was, with the chosen ones those who take Christ as Saviour and Lord. All such are named as Christ's Body the True Church, THE BRIDE. Chosen before the foundation of the world that we should be holy and without blame before him in love. See Eph. 1:4. How much love has Christ for the believers, the Church, THE BRIDE!—"Husbands love your wives, even as Christ loved the Church and gave Himself up to die for her, in order to make her holy, cleansing her with the baptismal water, by the word that He might present the Church to Himself, a glorious BRIDE without spot or wrinkle or any other defect, but to be holy and without blemish." Eph. 5: 25-27. The Church's one foundation is Jesus Christ, our Lord—She is His new creation by water and by blood—From Heaven He came and sought her to be His holy BRIDE. With His own blood He bought her—And for her life He died. For twenty centuries the Church has penetrated city and jungle to proclaim Christ who alone SAVES. KEEPS-SATISFIES the man furthest down. He came to seek and to save that which is lost and by the HOLY SPIRIT to unite to Himself the redeemed for all time and eternity.

THE BEST SOLID FUEL for house heating!

Burn them alone or with sawdust or wood

Gasco Briquets hold fire 8 to 10 hours after stoking... provide steady, even heat without special equipment... leave no ashes or clinkers. That's why this is the ideal solid fuel for all heating purposes. Burn them alone or with wood or sawdust in furnace or heater. Their great heat volume makes them really economical! Order your Briquets now!
