Traveling Musician Has Nice Trip

(From the Hummer) "Oh, I've been around quite a bit, from Klamath Falls to Bellingham, Washington," grinned Marshall Toelle ex-student body president of B. H. S. When asked what his occupation is, he replied that he "played at" the piano accordion for the Harvest Wranglers orchestra. The group is with a large company in Portland. "One of my many outside interests was girls," blushed the big fellow. "I have quite a few names and addresses. About the only reason for being glad to be out of school, is that I don't have to worry about catching the school bus," replied Marshall. "We had fun on the trip, but it's good to be back—for a visit," he exclaimed.

Mr. and Mrs. A. B. Flint left for San Francisco to attend the fair.

Milk Leads Farm Cash Income

The rising tide of farm cash from milk has added nearly \$440,000,000 to the dairy farmers' income since the low of 1933. Figures on the milk cans show total farm cash income for each year in millions of dollars.

MILK led all products as the largest single source of farm cash income in 1938 with a total of \$1,430,000,000. This was only 6.5 per cent less than the 1937 figure of \$1,530,000,000 according to the Milk Industry Foundation and was \$440,000,000 greater than the low of 1933.

"All farm cash income dropped 12.9 per cent, government reports show, from \$8,208,000,000 in 1937 to \$7,150,000,000 in 1938, excluding government payments," the statement said.

"These figures show the importance of milk as a mainstay of farm purchasing power. They are particularly impressive because milk production was estimated to be from 4 to 5 per cent greater during the year and sales of fluid milk

SHOP STUDENTS BUILD FURNITURE

(From the Hummer)

"Ed Taylor doesn't do anything, but otherwise the boys are turning out some pretty good things," explained Mr. Zumwalt when asked how the shop students are progressing.

Some of the larger articles are a dresser by Ed Hoboke, a desk by Joe Dimeo, a printer's type filing cabinet by Don Baldwin, and two lawn chairs by Bud Brindell.

Orville Bierly and Lorne Galloway are making floor lamps. Bed table and small library tables are being made by various students.

TRUMAN SUBMITS COLLOSAL YARN

(From the Hummer)

In the recent liars contest sponsored by the Hummer, the winning yarn was submitted by Wallace Truman.

Also earning honest eligibility to the liars club by false merit are Bill Moskofsky, Eloise Im-lah, Estella Im-lah, Walt Ready, Jack Hale, Dick Smith, Warren Bell, and Calvin Pieren.

Below is the supreme prevarication:

Dear Fellow Liar,

I sat in my studio painting a picture of a beautiful mountain stream with a large trout leaping in the air. I turned my head to sneeze due to my hay-fever from the golden-rod I had just painted. Turning back I noticed the fish gone. I painted another in the same position. Again I sneezed and the fish disappeared. After doing this several times I became disgusted and started to leave. Much to my surprise I saw Mr. Metzler standing behind me with a satisfied look upon his face and a basketfull of fish. Yours lovingly, Wallace Truman.

GOOD WEATHER EFFECTS TEACHER

(From the Hummer)

"This good weather has quite a bad effect on the cafeteria's business," explained Miss Hynes. Business isn't very good and there are about 16 students who get a free meal every day. The average attendance of the cafeteria is about 60.

"Spring fever has me, I'm afraid," asserted Miss Hines, "but the only trouble is, I can hardly see out of the windows of my room to tell how the weather is."

"I think that it is terrible to have to go to school on such days as we are having," continued Miss Hynes. The students would rather be out walking on such days.

A Treasure Island souvenir silver spoon direct from the California World's Fair site, was mailed to President Roosevelt by Tanya Widrin, who is pictured affixing the mailing tag. The spoon was sent to the White House by the designer, and there will be shown to the President's guests. On the spoon is the Tower of the Sun with the Bay Bridge in the background.

LISTEN TO THIS

By TOM FIZDALE

Flying from New York to Hollywood this week, with a stop-off in Chicago, we covered the entire radio front in the three major cities within as many days. Seems fast, but it's a small's pace compared with the speed of radio waves, which move at the rate of 186,000 miles a second. Radio annihilates space more than anything in the world because it circles the earth and even light-rays can't do that. Credit radio's Dr. Charles E. Fuller for that thought.

Amos 'n' Andy arrived in New York from Hollywood the day we left. Tommy Riggs and his voice-child, Betty Lou, headed west the same week. The fact that their voices shuttle back and forth across the world in less than a second's time makes transcontinental trips seem incidental to radio stars.

In Chicago, Bret Morrison, genial First Nighter, was sad because his favorite mount, a fire-gaited mare, had to be destroyed on account of an incurable throat ailment.

Also in the Windy City we learned that glamour-gal Betty Winkler is outlining another radio drama idea between her Girl Alone broadcasts.

Greeted in Hollywood by Fibber McGee's able scribe, Don Quinn, we were told that McGee's explanation for California's freak weather this winter was that the ground hog came out and saw Boris Karloff's shadow.

California seems to invite easterners to go back to the soil. Bing Crosby, Don Ameche, Lum and Abner and other radio emigrants have already done it. McGee is looking for a ranch and now Jack Haley is looking over ranch properties in the hills.

The Star Theatre's Charlie Ruggles tells me that he has imported a dog training expert from the east and started obedience classes at his kennels. Attention girls: Robert Taylor's German boxers go to Charlie's classes.

Hills here remind us that Joan Kay told us in Chicago that she is now skating to broadcasts of Those Happy Gilmans. She should try coasting down some of these streets.

Litterbugs are already looking forward to Benny Goodman's return to the coast. He opens at the Coconut Grove on May 22. Eddie Cantor is off for San Francisco for a broadcast from the fair. Looks like the Golden Gate city will take a new lease on radio life this summer with fair activities.

BABY BEAVERS CAPTURE NUMBER THREE POSITION

With virtually all freshmen and sophomore players, the Baby Beavers captured third place in the race for the B-squad crown, with Tigard snaring first. Richard Hagg and Jack Chambers shone for the diminutive hoop stars.

Mr. Zumwalt predicts that, as an outgrowth of this fine showing, Beaverton will capture the League A-squad championship in '41.

THE FAIR IN PICTURES

NEW YORK—With the opening date of the New York World's Fair 1939—April 30—coming nearer and nearer, activities on the Fair grounds are increasing daily. At the top you see a giant American Flag, 90 x 230 feet, being saluted by 1,000 school children in a ceremony marking the dedication of the Court of Peace, around which 62 nations are gathering their exhibits. In the middle appears a modern sculptural group called "Speed," featuring a woman astride a winged horse. At the bottom is one unit of tulip beds. More than 1,000,000 bulbs were imported from Holland to accentuate landscaping.
