AMERICANISM
"Americanism is unfailing love of country; loyalty to its institutions and ideals; eagerness to defend it against all enemies; undivided allegiance to the flag; and a desire to secure the blessings of liberty to ourselves and our posterity."

When the Fire Engines Go By

Few of us ever get over that juvenile urge to follow the fire engines. It's a thrill to hear the sirens, and see the red wagons clang by.

But that thrill would not last long if the fire engines led you to your house, and you found it in flames. And the surge of excitement would die an early death if the fire razed the factory or the store in which you worked.

Every fire, great or small, brings trouble to some one. And a high percentage of fires leave stark tragedy in their wake—loss of life, loss of employment, loss of possession which can never be replaced. There are no mitigating qualities in fire. It is the great destroyer.

More than that, the effects of fire are exceedingly widespread. A fire of which you never heard may deprive you of an opportunity for doing business. It may raise your taxes and your insurance rate. It may adversely affect your future life and income.

Here in America fire destroys some \$300,000,000 worth of property directly each year. The indirect loss is estimated at close to \$2,000,000,000. There can be no excuse for that waste, no alibis. Nine fires out of ten are the result of human ignorance, human carelessness, human thoughtlessness. Nine fires out of ten could have been prevented—had some one not failed to take the simple precautions that will checkmate most fires.

Think of this next time you see fire trucks go by or smoke and flames rising from a home or a building. Then ask yourself if fire prevention is worth while.

Nifty Foods for Nineteen Forty

By BETTY BARCLAY

Make 1940 a "variety year," with at least one new dish each week for your family or guests. These recipes may be used for that big holiday dinner, or for any of the cold-weather meals that are yet ahead.

Magic Egg Nog
2 tablespoons sweetened condensed milk
1 cup water
1/2 cup sugar
1/2 cup raisins salt
1/2 cup nutmeg
Blend sweetened condensed milk and water. Add well-beaten egg and sugar. Sprinkle nutmeg on top. Serves 1.

Orange Prune Cheese Salad
(Serves 4)
4 to 5 navel oranges, peeled and sliced
Lettuce
20 prunes, cooked
1 cup cottage cheese
Arrange 5 orange slices in circle on lettuce-covered salad plate. Center each with a prune stuffed with cheese. Serve with any desired dressing.

Variations: Stuff prunes with cream cheese or peanut butter, moistened with orange juice.

Roast Lamb, French Style
Prepare leg of lamb in the usual way for roasting. Make an incision in knuckle end of leg and insert 1/2 clove of garlic. Place on rack of roasting pan, sprinkle with salt and pepper and dredge with flour. Put into a hot oven (500° F.) reducing heat after 15 minutes. Baste frequently with fat in pan. If more fat is needed, use butter or drippings of fat salt pork. Allow 20 minutes to a pound for roasting. When roast is cooked, remove to platter and keep hot. Pour off part of fat, leaving about 2 tablespoons. Add 2 cups cooked, dried lima beans, stir carefully or shake them in the pan until all the browned liquid is absorbed. Add pepper and salt if

needed. Serve around lamb on platter, sprinkling with minced parsley.

Broiled Egg-Noodle Neats
Perplexed housewives with three tempting and nutritious meals to prepare daily will welcome this suggested wheat-egg-meat combination that has eye-appeal, sates appetites and saves both work and worry.

1/2 lb. egg noodles
8 strips bacon
1 doz. stuffed olives
1/2 cup butter
Seasoning to taste
Boil egg noodles in boiling salted water until tender. Drain. Toss egg noodles in seasoned, melted butter to saute all strands.
Make a circle of each bacon strip by fastening ends with toothpick. Fill centers with buttered egg noodles. Cut olives in halves and arrange point downward in clover fashion in center of mounds. Broil till bacon is done. Serve with remaining egg noodles. For a change, substitute macaroni or spaghetti for the egg noodles.

Hawaiian Fruit Bread
1 cup chopped dates
1 cup canned unsweetened Hawaiian pineapple juice
2 tablespoons butter or other shortening
1/2 cup honey
1 egg
1 1/2 cups sifted flour
1 cup nut meats
1/2 teaspoon salt
2 teaspoons baking powder
Heat pineapple juice, add the dates and cook over a low fire, stirring occasionally until mixture is thick. Cool. Cream honey and shortening. Add beaten egg and date mixture and nuts. Sift together dry ingredients and add. Pour into well-greased loaf pan 10 x 4 x 3", the bottom of which has been lined with waxed paper. Bake in a moderately slow oven (325° F.) for one hour.
Yield: 1 loaf.

Golden Mountain Rennet-Custard
1 package orange rennet powder
1 pint milk
2 teaspoons lemon juice
1/2 cup apricot pulp
1/4 cup sugar
1 egg white

Make rennet-custard according to directions on package. Then chill in refrigerator. When ready to serve, beat egg white until stiff. Add sugar gradually until thoroughly blended. Add apricot pulp (prepared by rubbing cooked apricots through a sieve) and lemon juice. Heap the glasses of rennet-custard with apricot whip, and if desired, garnish with sections of diced orange.

Start the new year right by serving decaffeinated coffee, so that your guests will be sure of a good night's sleep, without worry over sleeping problems, even if they indulge in those coveted second cups.

Drip Coffee
Use 1 well-rounded tablespoon decaffeinated coffee, drip grind, for each cup (1/2 pint) of boiling water. Preheat drip coffee pot. Put coffee in upper compartment of pot. Pour fresh, briskly boiling water over it. Cover and let stand in warm place until all water has dripped through once. Remove upper compartment and cover pot. Serve.

Games for Nineteen Forty
The latest news in games is Fisherman's Luck, a game consisting of small rod and reel with a rubber feather-tipped suction cup at the end of the fishing line. The object of the game is to cast the feathered cup onto a target which is made up of different fish. Contact, the matching game that is played with three-colored triangles is a best seller that's a popular recipe for holiday fun. Quick Wit, a quick game played with cards, is another sure antidote for social ills.

serious case of pneumonia. He is expected to return home soon.

An early Sunday morning fire destroyed the barn on the Jess Hanson place. About 40 head of cattle and horses in the barn were brought out safely. There was 65 tons of hay in the barn.

Mr. and Mrs. E. Malde and son, Harold, visited at the home of Mr. and Mrs. A. Sandstrom Sunday.

Shocked Our Youth

This past summer 1500 delegates, from 70 countries, gathered at Amsterdam, Holland, for the World's Conference of Christian Youth. In the American group of several hundred were many devoted young Christians but with them others who hardly know what it was all about. These last were sent by organizations that are Christian in name only.

SHOCK ONE to these latter. They heard the young folks from lands that sit under the shadow of death, saying, "WE GO HOME TO SUFFER FOR CHRIST'S NAME. We must expect imprisonment and even martyrdom for we put Christ above all rulers and government. We must expect death." SHOCK TWO came when these Bible-ignorant Americans found the Book to be at the center of the discussions. The young people from Europe, Asia, and Africa knew, loved and quoted the Scriptures. The Bible had the day. THREE—the findings at the close, gave as the conviction of the body, that the nations are falling further away from one another, while the Lord's people, the world over are drawing closer together.

One returned worker of matured mind reports that our young people were shocked and appalled, when they saw what the rest of the world was up against. And where do they find the power to suffer for Christ's name? It is by the indwelling Christ himself. One by one, men are born into the family of God and one by one His born-ones follow Christ thru sacrificial service to death. The indwelling Christ is the secret.

"I have fought a good fight; I have finished my course; I have kept the faith; henceforth there is laid up for me a crown of righteousness which the Lord, the righteous judge will give to me." So wrote the Apostle Paul who himself suffered martyrdom. This church-age is not the time of kingdom building. That comes later when Christ returns to set up His THOUSAND YEARS OF BLESSING. This is the day of the calling out of a people for His name by the spread of the Gospel. "Whoever cometh unto me, I will in no wise cast out." That is His bid for your soul. He paid out his life-blood to save you. With outstretched arms He waits. Now is the day of salvation.

The SNAPSHOT GUILD

"STOPPING" ACTION

Speeding train, taken at box-camera shutter speed. Not blurred, because moving almost directly toward camera.

THE best way to get clear, sharp action pictures is to use a camera with fast shutter action—and, of course, a correspondingly fast lens. However, many of us don't have fast cameras. So, to take pictures of real action, showing fast-moving objects without blur, we must utilize several simple tricks.
The first trick is—shoot moving objects when they are coming at most straight toward or straight away from you. An object appears to move much slower when receding or approaching and, in a picture, is less likely to blur.
A second trick—move the camera so that the speeding object is kept centered in the view finder as you shoot. This trick is especially good with boats, motorcycles, and racing automobiles. The background is

blurred—but the moving object will be sharp. Of course, the camera must be moved smoothly and steadily, and a little practice is necessary. You will find that with a little practice, pictures taken in this manner, are very effective.
A third trick—snap action during momentary pauses. These occur in most sports. A player is moving rapidly—he halts for just a fraction of a second, to turn or change direction—and in that split-second you get your picture. You must keep alert to catch these pauses—but they're worth it.
Take a couple of rolls of film and try a few action shots, using the tricks I've described. You'll be surprised at the things you can do with your simple box camera or inexpensive folding model!
