

FLOWER SHOW TO BE HELD SOON

Members of the Garden Club Flower Show committee met at the home of their chairman, Mrs. M. C. McKercher Wednesday to details for the coming floral show to be held on Saturday June 1. This show will be open to all amateurs.

The classifications and place will be announced.

The committee consists of Mrs. M. C. McKercher, Mrs. W. E. McKloskey, Mrs. Robert Stewart, Mrs. Nelson Walker, Ms. Walter VanKleeck, Mrs. W. H. Grauer, Mrs. S. B. Lawrence, Mrs. James Searle, Mrs. N. P. Johnson, Mrs. G. G. Murray, and Mrs. H. A. Hershorn.

NOTICE TO CREDITORS

In the County Court of the State of Oregon for the County of Washington,

In the matter of the Estate of A. H. Haines, deceased,

NOTICE IS HEREBY GIVEN that the undersigned, Harry Daniel, has been duly appointed by the above entitled court as administrator of the above entitled estate, and that he has qualified as such administrator.

Now, therefore, all persons having claims against the estate of A. H. Haines, deceased, are hereby notified and required to present

the same, with proper vouchers, duly verified, to the undersigned at Room 511, Lumbermen's Building, Portland, Oregon, within six months from the date of this notice.

Dated at Hillsboro, Oregon, this seventeenth day of April, 1940.

First Publication, April 19, 1940.

Last publication, May 17, 1940.

Harry Daniel, Administrator of the estate of A. H. Haines, deceased.

Harry H. Daniel, attorney for the estate of A. H. Haines, deceased. Address, 511 Lumbermen's Building, Portland, Ore.

Paid Adv. c21-25.

Bible In Banker's Ad.

THE NATION'S BUSINESS

April tells of James MacDonnell, President of the First Trust and Savings Bank, Pasadena, quoting the Bible over the bank's name. The Long Beach earthquake and the 1933 bank holiday came almost together and things were at a new low. To hearten the people, the banker used a full page in the local paper, with this "And behold, the Lord passed by and a great and strong wind rent the mountains, and brake in pieces the rocks before the Lord; but the Lord was not in the wind; and after the earthquake a fire; but the Lord was not in the fire; and after the fire a still small voice." Then from Lincoln—"With firmness in right,

as God gives us to see, the light, let us finish the work we are in, to bind up the Nation's wounds." This banker's advertising copy is old Scotch Presbyterian doctrine coming out through Herdify, in a child of ministerial ancestors, adds the magazine article. Another Scotchman, John Sewart Kennedy, left \$10,000,000 to put the Bible into China, India and the ends of the earth. Kennedy handled vast sums of Holland money, making loans to our railroads. A week-end guest at the Kennedy estate in Long Island told of the number of railway heads also guests that day and early in the morning, of seeing Kennedy off in an alcove studying the Bible. And when he died he put those ten millions to back up the Book. BOOK TELLS THE END—On

a day Jesus told the people that the Father had given Him power to raise from the grave all mankind. His own. He would raise into eternal life and the lost dead He would raise for Judgment. Then He goes on to say, "He that heareth My word and believeth on Him that sent Me—on God—bath eternal life and shall not come into condemnation; but is passed from death unto life." A bit further on, He added that "ALL that are in the grave shall come forth." ALL, good and bad;

small and great; saint and sinner; saved or lost; ALL. "They that have done good"—taken Christ as Savior—"unto the resurrection of life; and they that have done evil to be resurrection of condemnation." When you die will it be CHRIST AND GLORY? Or will it be to MEET YOUR SINS WITH CHRIST. THE JUDGE?

Iron Taylor.

How Much Would Your P.U.D. "Surcharge" Be?

"Expenses vary with different cost conditions in different communities. To allow for such additional expense, the Bonneville standard rates for public systems PROVIDE FOR A SURCHARGE where needed."

—From the address of Dr. Paul J. Raver, Bonneville Administrator, delivered May 5, 1940, over radio station KOIN.

How large would a surcharge be for farm customers in a Washington County PUD?

In TVA, farm customers pay a surcharge of \$1 a month—\$12 a year.

How big a surcharge—on top your regular electric bill—would you have to pay?

The Old Trick

PUD advocates are boldly promising Washington County citizens so-called "standard" Bonneville rates, in a last-minute attempt to get your vote. This is the same type of political trick employed elsewhere by PUD proponents who later, the record now shows, BETRAYED THE PUBLIC WHICH TRUSTED THEM.

The truth is, nobody can forecast what rates of the proposed PUD might be. Neither the Bonneville Administrator nor any other responsible official ever has announced a rate for the proposed Washington County PUD, or for any other public system not yet in business.

The so-called "standard" Bonneville schedules might be adopted by any electric system—publicly or privately managed. However, as indicated by the Bonneville Administrator himself (see top of this advertisement), such schedules would have to include an ADDITIONAL SURCHARGE where needed to compensate for higher operating costs found in communities of rural character. Don't allow deliberate misquotations of the Bonneville Administrator by PUD advocates to mislead you on this score.

Remember the Betrayal of Voters by PUD Advocates in Washington State

Almost exactly the same sort of rate promises now being made by PUD advocates to Washington County voters, were made to voters in Pacific County, Wash., less than two years ago. Voters in that county believed and trusted newspaper advertisements which promised them the Bonneville "objective" rate promulgated by the late J. D. Ross, then Bonneville administrator. This rate started at 2½ cents per kilowatt-hour. Yet today, the Pacific County PUD No. 1 charges its customers a rate that begins at 5½ cents—MORE THAN TWICE AS MUCH!

Consider also the betrayal of voters in the Mason County, Wash., PUD No. 1, which has the lowest PUD rate in America—

(1) PUD slapped a \$35,704 tax (the legal limit) on all the taxable property in the district.

(2) The PUD floated \$70,000 (also the legal limit) of general obligation bonds, which are direct mortgages against all the taxable property in the district.

(3) Finally, as a climax, the PUD raised rates as much as 42%!

The ratepayers raised such a howl that the PUD finally adjusted its rates—but they're still 13% to 29.6% higher than the rates you now pay.

When You Vote... REMEMBER THESE VITAL FACTS

—If a PUD is set up, it will not be in the electric business until it floats a bond issue to pay for an electric system. The law allows \$2,246,220 of general obligation bonds to be issued in Washington County—mortgages against your property. The law also allows an unlimited amount of revenue bonds to be issued—mortgages on your future electric bills.

—Until it threw the county into debt to pay for an electric system, a Washington County PUD could collect up to \$44,924 a year for five years in taxes for "organization expenses" . . . without it being put to a vote of the people!

—The experience in Washington State shows that these "organization" funds usually go for fees to lawyers, "valuation experts", and others who have shown themselves only too willing to feed at the PUD tax trough.

—Typical was the recent Washington State PUD deal in which three attorneys split \$9,740.62 (on top of their monthly retainer fees.) And a certain "bond agent" pocketed an \$8,685.34 commission.

—State and Federal regulation of rates would go out the window if a PUD comes in. The PUD directors would not be regulated by the State, the Federal Government, or by anybody else.

—The PUD directors would be bossed only by PUD revenue bondholders; who can FORCE UP ELECTRIC RATES in order to compel payment of principal and interest.

—NO PUD ANYWHERE HAS BEEN ABLE TO OFFER RATES AS LOW AS THOSE YOU HAVE RIGHT NOW. REMEMBER THIS WHEN YOU GO TO THE POLLS!
