WILL SERVE LUNCH IN NEW BARN

Hillsboro merchants are busy making arrangements to take part in the pot luck luncheon to be served at Washington county spring dary show June 1.

Darymen and merchants will bring their baskets and the Chamber of Commerce committee will serve and is making plans to furnish coffee, milk and ice-cream, reports Palmer Torvend, manager of the Show.

They plan on serving the luncheon in part of the new dairy barn which is now being built on the county fair grounds. Following the luncheon, the judging contest for darymen, 4-H club members, merchants, and Smith-Hughes boys will be held in the new show ring.

JUNE 10, DATE FOR 4-H SCHOOL

Washington County 4-H club members are anxiously looking forward to the 26th annual 4-H club summer school to be held in Corvallis, June 10 to 21. Approximately 90 members have indicated their desire to attend this year.

Some of the club members are paying their own way while many others are going on their scholarships awarded by the State Fair board, local banks and merchants granges and Farmers' Union locals. A complete list of all club members who are planning on attending will be sent to Corvallis May 31. The Washington county delegation will leave for summer school by bus Monday, June 10.

Flower With Personality Plus

By BETTY BARCLAY

A large percentage of gardeners would agree to labeling the pansy as the flower with personality plus. In appearance, it packs as much walk as any other flower. Study the picture above, for a minute. Some think the pansies here look like kittens, or like squirrels, or like pickaninies — and some think they look just like pansies. Like other "personalities," pansies are easier to get along with when you know their peculiarities. Extensive tests at the Ferry-Morse Seed Breeding Station show that the pansy is the best "mud-horse" in the floral sweepstakes. It likes a moist soil and should be watered regularly for best results. The pansy likes it cool, too, and the cooling action of evaporation of moisture benefits its growth.

The pansy may be likened also to the Apache dancers who are thrown about so recklessly on the stage. The pansy will do well by you even though roughly treated, but it cannot stand being ignored. In other words, the pansy will stand an unusual amount of mauling during transplanting, because its spreading root system is not harmed by a bit of pruning. But once planted, it must be well tended. Its flowers should be picked often or it will cease blooming long before the end of summer. It should have rich soil; and, as stated above, it needs abundant moisture.

Doll Day Festival Celebrated

TWO pliant Japanese girls are shown as they inspected an exhibit of ceremonial dolls recently at the Japan Institute, International Bldg., Rockefeller Center, New York. The display was highlight of an observance of the Doll Festival, a girl's holiday celebrated in Japan since the 18th century. Beside exhibits of Japan's culture and art, the Japan Institute this year is conducting a worldwide travel essay contest, with trips to Japan as prizes. The contest, held in honor of the 2600th anniversary of Japan, has attracted many inquiries.
