AMERICANISM

"Americanism is unflinching love of country; loyalty to its institutions and ideals; eagerness to defend it against all enemies; undivided allegiance to the flag; and a desire to secure the blessings of liberty to ourselves and our posterity."

POISON BARLEY FOR GROUND SQUIRRELS

Putting out poison barley in the spring, as soon as the ground squirrels first appear, has given excellent results in the eradication and control of these rodents, says Palmer Trovond, assistant county agent. This year, as an added incentive for the controlling of his rodent, the Triple A has announced as a supplemental practice that one part of its program will be devoted to payments for the control of rodents. The control of rodents under this practice must be completed and compliance reports checked prior to the hibernation dates of the rodents. No credit will be allowed for this practice unless the bait formula is approved for the follow-up treatment must be used if the first applications of poison does not effectively control the rodents.

Payments shall be the actual cost of bait used, plus 50 percent to cover cost of labor. This practice, of course, affects other rodents besides ground squirrels—such as gophers and moles.

Ground squirrels are already appearing in some localities, and for the most effective control be done before the young are born. Poison barley for this use has been prepared for Washington county under the supervision of the United States Biological Survey, in cooperation with the county agent's office reports Trovond. Farmers may obtain this poison from local feed dealers all over the county or at the county agent's office.

INSPECTOR O-K'S MANY SHIPMENTS

Fruit and vegetable commodities inspected and certified by the federal state shipping point service for January showed a good gain over the previous month but were down slightly from a year ago. Car lots inspected and certified in January, 1941, were 2,231 and truck lots, 945. These figures do not include 48,127 pounds of bulk walnuts inspected.

Certifications included 214 carloads of apples, 27 1/2 carloads of brine cherries; 314 1/2 carloads of pears; 34 carloads mixed fruits; 5 carloads cold pack strawberries; 1 1/2 carloads strawberries for freezing; 1 carload bulbs; 271 carloads onions; 1,357 1/2 carloads potatoes; and 5 carloads carloads onion sets.

Potatoes topped the list of trucklot inspections, which included 778 lots of potatoes, 64 lots of apples, 36 dots of pears, 2 lots of onion sets.

BULBS MUST BE GIVEN INSPECTION

The turn of the month brought start of the spring inspection of narcissus fields in this state for the nematode infestation.

Every narcissus grower who wishes to dispose of bulbs in the fall must have field inspection this spring, says the plant division of the state department of agriculture. Such inspections are required by quarantine regulations.

Requests for such inspections should be addressed either to the department horticulturist at Salem, C. A. Cole; to the Portland office of the state department of agriculture; or to the county horticulture inspector.

Place to which the application in directed should be determined by proximity of the grower to that inspector.

EXAMS. COMING FOR BUTTERMAKERS

An examination for butter and cheesemakers will be held in the offices of the state department of agriculture at Salem on Monday and Tuesday, March 17 and 18, officials announced. All butter and cheesemakers now holding permits or those who expect to engage in these pursuits but are not now licensed must take the examinations, which cover written work as well as practical laboratory tests.

The examinations are required by law. Additional information may be obtained from A. W. Metzger, chief of the department's division of food and dairies, Salem.

Scales Condemned

The January weights and measures enforcement work of the state department of agriculture saw 1,245 small scales and weights checked, mostly at retail stores. Of this total, six were condemned. Measures checked numbered 435, of which but one was condemned. During the month 888 gasoline pumps were inspected and 11 were condemned.

Big Boys Would Get Busy

"Miss Switt, take this wire and send it to each of our directors." — "Come Chicago first please. We now have control of the vital to every man, woman and child. Not only for America but for all countries. The price is right and demand should be world-wide. Possessors find line so personal and vital they die rather than give it up. Directors do meet to vote millions for spread of news in full pages in all daily, weekly, monthly papers."

on the wire for time files and on he wires for time files and we must reach the people who have but a few hours of life left as well as the mass who tell themselves they have years ahead."

Sure, the Board will be there, every last man of them and on their tiptoes to learn what so needful a thing might be. This that all colors, races conditions, old and young; high and low; will grasp. Sure, they will vote millions to get it before the people.

Now what is all this about: simply to remind you of what Jesus Christ's life means to all who lay hold on him.

One—The Curse Lifted: Do you treasure up for yourself wrath on the Day of Wrath when God's righteous judgement will stand revealed? How escape? This way—Being counted righteous by Christ's blood, we shall be saved from wrath through Him. Two — Victory Here And Now Receive Christ as Saviour and He moves in to add His eternal God Life to your poor fainting, brutal, shiftless, proud, self-righteous, sin-loving heart. All to make you like Himself in thought, word and deed. Christ is the head of a new race upon the earth. He is the head; the saved are the members of His body; a new creation, the Bible calls them. Three: Destiny. In the ages to come God is to show the exceeding riches of His grace in his kindness to us through Christ Jesus

Cry to God for mercy. Cry until he gives you faith to reach out and lay hold of his Son as Saviour and Lord. Your head cannot take this in, you say? Of course not. It is not for the head but the heart—"With the heart man believeth unto righteousness." O Happy Day, that fixed my choice on Thee; my Saviour and my God.

BETHANY BAPTIST CHURCH
Rev. John C. Schwetzer, Minister
9:45 a. m.—Sunday school with classes for all ages. John Croenl, superintendent.

11:00 a. m.—Worship service. Choir directed by Carl Eggiman.

Sonny: "Pop, what do they mean by stable government?"
Pop: "I'd say it's one thea's run with horse sense, son."
Capper's Weekly.

Reflected

You don't have to tell how you live each day;
You don't have to say if you work or you play;
A tried, true barometer serves in the place,
However you live, it will show in your face.
The false, the deceit that you bear in your heart
Will not stay inside where it first got a start;
For sinew and blood are a thin veil of lace—
What you wear in your heart, you wear in your face.
If your life is unselfish, if for others you live,
For not what you get, but how much you can give
If you live close to God in His infinite grace—
You don't have to tell it, it shows in your face.

Junior, who is just beginning to be interested in philately, innocently asked Father, who had an accumulated pile of monthly statements on his desk, if he was a bill collector.

HAD HAD EXPERIENCE
Manager—"Young man, have you the firmness of character to enable a person to do his duty in the face of ingratitude, criticism and even ridicule?"
Applicant—"I should have. I cooked two weeks for a camping party." —Atlanta Two Bells.

FISHERMEN! TAKE HEED!!
The Modern way to catch salmon (By John Cauley)
A hunk of haywire,
A piece of clothesline
A bent screw-driver
A stout heart,
A clear conscience,
And a 27-lb. salmon jumps in my boat!

(That is John's story and he sticks to it, but Louie Balmer of La Portone wants to nominate John as Beaverton's No. 1 candidate for Geo. Hulett's Liars Club. —Ye Ed.)
(2nd Note: Anyway, John has very authentic pictures to prove he got the fish.)

BEAVERS WIN IN HOOP TOURNAY

In the final game of District No. 9 basketball play-offs, Beaverton won the nod by defeating the fast Hillsboro quint, to the close score of 24 to 22. The Beavers walloped Sherwood 26 to 19 as the Washington county double elimination contest got under way last week. They followed up with a 32-12 win over Tizard but on the following night they stumbled over Hillsboro 23-34. They proceeded to wind up the series by handing out to the Hillsboro team two defeats, 37 to 30 and 24 to 22. Scheduled as a four night affair, the tournament went six nights before the winning team was determined.

ANOTHER WASTED HOUR
Today I spent an hour, Using a hammer and shears, Trying to find if it be true That only the walls have ears. —Scanlon, in Buffalo Evening News.

Good Recommendation
"I've been asked for references for our last maid. What on earth can I say in her favor?"
"Well, she has a good appetite and sleeps well!" —Answers

AND OTHERS
In a fashionable girl's school in New England the history teacher was telling the story of the settlement of the country. "Miss Cabot," she said, "can you tell me who came over in the 'Mayflower'?"
"Yes," said the girl, "I can, my ancestors and a few other people."
— The Silver Cross.

THE great man is the man who does a thing for the first time. — Alexander Smith.

OUR DEMOCRACY — by Mat

THE NINETEEN HUNDREDS

WE'VE HAD UPS AND DOWNS SINCE 1900, BUT ON THE AVERAGE IT'S BEEN MOSTLY UPS. HERE ARE A FEW SINCE 1900:

AVERAGE EARNINGS PER PERSON — UP 160%.

AVERAGE WEALTH OF EACH PERSON IN U.S. — UP 150%.

AVERAGE LIFE INSURANCE PER PERSON — UP 100%.

HIGH SCHOOL ENROLLMENTS: 1900—695,000... 1940—6,650,000
THE PROPORTION TO POPULATION — UP 450%.

COLLEGE ENROLLMENTS: 1900—237,000... 1940—1,400,000
THE PROPORTION TO POPULATION — UP 240%.

MAN AND WOMAN, BOY AND GIRL — AVERAGE FOLKS ARE BETTER OFF TODAY IN THE U.S.A. THAN ANYWHERE, ANY TIME IN THE WORLD'S HISTORY.

Beaverton, Oregon. Pd Adv.
