Office and residence in Panter residence property next door to Bijou Theatre

DR. J. D. KELLEY

Physician and Surgeon
Office in Donald Charleston home, opposite Presbyterian church, Bandon, Oregon

OREGON IS MOST PROSPEROUS

Some of the Advancements Made in the State Recently.

The apple crop of Oregon for 1910 is estimated to be 1600 car loads or approximately 1,000,000 boxes. The value of the crop is \$2,000,000. Oregon has 93 per cent of a full crop.

Oregon orchards yielded prunes this year estimated at 15,000,000 pounds. Quantity and quality are superior to the 1909 crop. Prunes will bring the state about \$1,250,000 this season.

The peach crop has been the largest in the history of the state. Grapes of the Rogue river valley, the Willamette valley, The Dalles and Eastern Oregon, are excellent in quality and appearance, while the yield is large.

The largest fruit and vegetable evaporator in the United States is located at Dayton, Yamhill county.

The Willamette Valley produced 100,000 bales of first grade hops this season, as compared with a yield of \$2,000 bales last season.

Oregon's cranberry harvest has been heavy. Four hundred bushels an acre, with a clear profit of \$2.00 a bushel, is not an unusual yield for Western Oregon marshes.

During the past five years, statistics show that Oregon has increased 60 per cent in manufacturing.

It is expected that 20,000 wool-growers will visit Portland during January next, when the National Association of Wool Growers will hold its annual convention in that city.

Oregon's public lands comprise 18,225,694 acres. Eastern Oregon has 500,000 acres of school lands. Because of attractive colonist rates in effect this fall, the immigration to Oregon has been greater than ever before in a like period.

The total value of agricultural products of the state for the current season is given at \$115,000,000.

Oregon harvested 17,000,000 bushels of wheat this season, 11,000,000 bushels of oats, 6,000,000 bushels of potatoes, 2,000,000 pounds of wool and 100,000 bales of hops.

Portland building statistics show a decided increase. September, 1909, 509 permits, value \$1,288,300.

Oregon banks have increased in number since 1909 from 204 to 232. Total deposits for September this year were \$142,670,514, an increase over 1909 of \$20,698,666. The surplus this year is \$4,798,663. Portland banks show an increase of \$9,712,506 over the same period of last year.

Lane county has 38 lumber mills with an annual cut of 200,000,000 feet.

Notice of Dissolution.

BANDON, ORE., Oct. 10, 1910.
Notice is hereby given that the partnership formerly existing between Claude Woodruff and George Turner, under the firm name of Woodruff & Turner, has been dissolved by mutual consent of both parties. Claude Woodruff will retain the business and pay all bills of the company, and all accounts due the firm are now due and payable to C. W. Spencer.

Signed: CLAUDE WOODRUFF,
41 14 GEORGE TURNER 42 12

WILL LAUNCH SCOW WEDNESDAY

Ashton No. 1 Will Go Into Water at 1 O'Clock in the afternoon.

The new scow, Ashton No. 1, will be launched from the Bandon shipyards tomorrow at about one o'clock in the afternoon, as that is the time for the high tide.

The scow is practically finished now with the exception of the house on top, and this will be put on after the boat is in the water, so as to make room on the ways for the steamer Venus which will be put on at once and given a thorough overhauling.

The new scow will be one of the biggest that has ever been on this river, and will be used by Charles Ashton for freighting purposes up and down the river. He will have another, just like it, built at once.

One on Watson and Wells.

The Coos Bay Times tells the following story on Jas Watson, county clerk, and Hank Wells. It says:

"Friends of Jas. Watson and Hank Wells are laughing over a good joke on the two yesterday. They returned from Portland on the Breakwater, and when the vessel docked at Empire, there were no launches in sight, so they thought they would get off and walk to Marshfield and beat the other passengers in. They felt as though they wanted the exercise and started over the old trail. In some way or other they got lost and walked in vain for an hour or more until they finally located the pumping station and were put on the right trail into Marshfield, reaching here after all the other passengers."

Newspaper Moves.

One week ago today we started in moving the type and presses of the Coos Bay Harbor from the Rummell building to the Winsor block, and we hope to be comfortably located within another week. All of the type and furniture and two of the presses were moved this week, but the big newspaper press was allowed to remain in the old quarters until after this issue when it will be taken apart and moved. The work of installing line shafts and counter shafts is hard work and takes more time than would appear in an estimate. The presses are very heavy and so cumbersome that it makes moving day a time to be dreaded. We will be centrally located however, and the move will prove quite a convenience to ourselves as well as our patrons. We cordially invite all to inspect the office whenever the opportunity permits.—Coos Bay Harbor.

Piano Lessons.

Miss Eleanor M. Elliott, will give lessons on the piano in Bandon this winter. Miss Elliott studied for several years at Oberlin, Ohio, one of the best musical conservatories in this country, and made a specialty of qualifying herself for piano instruction, and in the study of harmony. For particulars call and see her after next Sunday at the residence of Dr. Rossiter. 43 12

In Golden Oak, an elegant piano, little used. Any payments. Half price. Party going away. Inquire at this office. 42 12

WANT TO RUN GOLDEN GATE HERE

Manager Met with Business Men of Bandon, Saturday Night.

L. B. Branstetter of Portland, who is chief owner and manager of the Steamer Golden Gate, and Capt. Levi Snyder, met with the business men of Bandon Saturday night to talk over the proposition of putting the Golden Gate on the regular run between Portland and the Coquille river.

Mr. Branstetter's proposition was to sell a controlling interest in the boat to Bandon people and have a board of directors or managers appointed, three of whom should be Bandon people, and thus operate the boat between here and Portland with Capt. Snyder as master.

The boat is rather small, being only 116 feet long, but has cabin room for 28 passengers, 20 of whom can have state rooms on the upper deck, which would probably be the carrying capacity of the boat as the lower deck cabins would probably be blocked by the packing of freight in the boat.

The boat is said to have a speed of 10 knots an hour, which is fast enough for coast trade.

The proposition was not accepted by the Bandon business men Saturday night, but will be considered before any definite action is taken either way.

At present the Golden Gate is plying between Portland and Tillamook, but Mr. Branstetter prefers to run here owing to the fact that the Tillamook bar is not very dependable in the winter.

The object Mr. Branstetter had in view was to carry coal from this river to Portland, and Mr. Gage, supt. of the River-ton mines, who was also present at the meeting, says the company can furnish enough coal to keep two or three boats running, and Portland people are anxious to get the coal.

High School Organize Literary Society.

Students of the High School have organized a Literary Society and will entertain the public next Friday evening at 7:30, at the High School auditorium, with the following program: Song—"Opening Chorus." Dramatic Recitation—Ebba Wiren. "Die Wacht am Rhein"—Seniors. Recitation—Rittie McNair. Piano Solo—Pearl Craine. Reading—Lena Langlois. Recitation—Erma Craine. Vocal Duet—Hazel Stephenson and Olive Kelly. Recitation—Lela Buckingham. Selected Oration—Ernest Wilkins. Piano Solo—Ernest Rossiter.

This organization consists of forty-five of the H. S. students, and has the following officers:

Earl Watkins, Pres.; Thos Laird, Vice-Pres.; Sylvia Rackleff, Sec'y; Nora Gibson, Lentner Gallier and Ray Watkins, committee on program. Everybody is welcome to attend next Friday at 7:30 p.m. 42 31x

OREGON SHEEP AGAINST WORLD

Geo. W. McKnight, of Vale, Thinks They Will Win at Show.

Portland, Ore., Oct. 16, (Special)—Oregon not only raises the best sheep in the union, but they will compare favorably with any in the world, is the opinion of Geo. W. McKnight, of Vale, president of the Oregon Wool Growers' Association. He expects this fact will be demonstrated at the coming convention of the National Wool Growers' Association which opens in Portland on January 4th.

"We shall have the greatest sheep show ever held in Oregon," he said. "Our breeders will have a great chance to show their stock, and if we win in the coming competition they can safely take their sheep anywhere in the world."

The Portland convention of the National Wool Growers' Association, which is the oldest livestock organization in the United States, will be the biggest in the history of that organization. The state association of wool growers' will meet in Portland just before the national convention, the exact date to be determined later.

Albert Garfield, the Bandon automobile man, was in Lakeport Monday with a party consisting of M. L. Sill, E. A. Anderson and B. D. Straub. Mr. Garfield informed us that this would be his last trip for the season as the roads were getting too soft for the machine. He expects to leave in a few weeks for a trip through Puget Sound where he will locate if satisfactory.—Floras Lake Banner.

Rackleff Will Make Run.

The report that Ed Rackleff, Republican candidate for representative from Coos county would not make the race is erroneous, as on last Friday evening A. Haberly, of this city, received a letter from Mr. Rackleff, stating that he had filed his papers, and that the only cause for delay was the fact that the papers had not reached him sooner, owing to the fact that he had been away. We have been informed by a reliable source that all candidates in Coos county, nominated on the Republican ticket at the primaries, have filed their certificates of acceptance, and that there will be no vacancies on the ticket.

Sunday School Rally.

There will be a Sunday school rally of all the Sunday schools of Bandon and surrounding country at the Presbyterian church Wednesday evening, 7:30 o'clock. Rev. J. T. Abbott, district superintendent of Eugene, Ore., will be the principal speaker. Special music will be rendered. A cordial invitation is extended to all interested in moral and religious instruction.

Acre Tracts for Sale.

Very low prices on acre tracts at Prosper; 10 minutes walk to school and mill. Inquire of W. H. Smith, Prosper. 42 31x

BOATS ARRIVE AND DEPART

Much Traffic In and Out of Coquille River Port.

The Stmr Elizabeth sailed Sunday morning with 260,000 feet of lumber ten tons of miscellaneous freight, and the following passengers: C. Ellingson, L. H. Baldwin, L. E. Brown, C. F. Callin, Mrs. F. Callin, Mrs. A. Everett, Geo. Henry and wife, I. N. Connell, wife, and three children, Mrs. Phillip, Miss Moon, W. B. Myers and J. Wilson. The Elizabeth is due to arrive again about Saturday.

The Washalore arrived in port yesterday and is loading at the up river mills.

The Newport sailed this morning for Coos Bay.

The Field was scheduled to arrive Wednesday, but having been on the dry dock this trip, her arrival is still uncertain.

Mrs. E. W. Rossiter and Mrs. E. E. Reynolds left on the Breakwater Saturday for Portland where they will visit for a while and will then depart for points east. Mrs. Rossiter will go to St. Paul and Minneapolis to visit relatives, and Mrs. Reynolds will go to Boise, Idaho to visit relatives. They will be joined on their eastern trip by Mrs. C. E. Hollopetter who will go to Ohio to visit her parents, Mr. and Mrs. Dwiggens. Mrs. Hollopetter has been in Portland for about four weeks.

F. S. Dow who returned yesterday from San Francisco, reports that potatoes are likely to bring a high price this fall and winter and says it will pay Coos county growers to hold theirs awhile. He reports that a big portion of the California crop cannot be kept for winter, many thousands of bushels having already decayed, although the growers there are shipping them to Oregon and every place else where they can find a quick market.—Coos Bay Times.

The Lane County Apple Show, to be held at Eugene, Oct. 20th, 21st and 22nd, under the auspices of the merchants and the Commercial Club of that city, promises to make a fine showing of Willamette Valley apples. A long list of prizes has been arranged, and there is no fee for entries, of which there will undoubtedly be a large number. Lane county is growing apples that would be hard to beat anywhere, and the visitor to Eugene on the above dates will see these Valley beauties in their perfection.

A meeting of the Associated Chambers of Commerce of Oregon, Washington and California will be held at San Francisco in November to advance the movement for a battleship fleet on the Pacific coast. It is expected that Rear Admiral Robley D. Evans will attend the meeting and will assist in determining the best method of presenting the subject to congress at its next session.

The new steamer Dora, built up the river for Panter and sons to run between Coquille and Myrtle Point, was brought down to Bandon, yesterday and took on some freight for the upper river. She is a very nice little boat and will be most useful in the service on the up river run.
