Physician and Surgeon
Office in Donald Charleston home, opposite Presbyterian church, Bandon, Oregon

STUBBS RAPS

THE RAILWAYS

Kansas Governor Testifies Against Excessive Valuation of Properties.

Chicago, Oct. 28. — Governor Stubbs of Kansas, who was a witness at the Interstate Commerce Commission rate appearing today, declared he could reproduce at a profit to himself as a railroad contractor all the main lines of the railroads in Kansas at \$25,000 a mile and reproduce the branch lines at \$10,000 a mile or less. In addition to presenting these estimates as a railroad contractor, the railroad reproduction figures being many times as large as his figures. Governor Stubbs declared that he viewed the railroad situation liberally but he protested vigorously against the stock manipulation and excessive valuation of the property.

High School Notes.

The visit of Supt. Bunch, yesterday morning, came at a very opportune time, as it was at the beginning of a new era for the High School—that of self-government. The superintendent viewed the adoption of this charter as a great and important step in the affairs of Coos County High Schools, and said Bandon's success would be an example for the others to follow. His advice was to enter into the spirit of affairs with a desire to better social conditions, and to regard the government with a serious aspect, and he assured the school that the result would be a more self-reliant and capable class of citizenship.

The city school government contains the legislative, executive and judicial departments, and takes the place of a teacher to watch over the study room. The entire high school is now seated in the one room which fact is a great advantage over the former system which made it necessary to be divided into two rooms because of there being only three teachers in the high school. The officers are as follows: Mayor, Thos Laird; Chief of Police, Ray Watkins; Municipal Judge, Earl Watkins; Pros. Attorney, Lena Langlois; Recorder, Ebba Wiren. A Court of Appeal consists of Prof. Ostien, Miss Rose Hutchins and Ernest Wilkins.

The Seniors bear the distinction of being the first to take the entire four years in Bandon High School. Their Freshman year, 1908, was the birth year of the present four year course. The class numbered nine then, and the entire High School twelve; now the number is eight—there being one new member and two of the old ones having dropped out. The class roll is: Erna Craine, Pres.; Lena Langlois, Vice-Pres.; Rittie McNair, Sec'y; Nora Gibson, Hazel Stephenson, Ebba Wiren, Sylvia Racleff and Earl Watkins.

The B. H. S. Literary Society will hold its second regular session in the High School Auditorium next Friday, Nov. 4th, at 7:30 P.M. The following program will be rendered:

Song "Oregon"
Debate Resolved—That women should be granted the right of suffrage. Affirmative—Harry Craine, Archie Rosa, Louise Haberly. Negative—Earl Watkins, Tom Ostien, Stella Shields.

Vocal Duet Zettie Gibson, Esther Solve.

Piano Solo Matt Lux.

Three prominent business men of the city will be judges of the debate. Everybody cordially invited. You MAY change your way of voting after hearing this debate on Woman Suffrage.

Harmony Brings Success.

The greatest asset to the successful development of a city or community is harmonious actions of its citizens. If all work with this great purpose in view, there is sure to be a wonderful result.

If the people of Bandon work together in harmonious terms for the upbuilding of this city, we will continue to have the most prosperous city in this section of Oregon. If the whole of Coos county, yes, and Curry county, too, will pull together, there will be greater development in all sections of southwest Oregon.

Coos Bay cannot afford to try to promote her own interests at the expense of the Coquille valley, neither can this valley gain anything materially by belittling the resources and prospects of Coos Bay.

Knocking and backbiting will injure both sections. The Coquille valley needs Coos Bay and Coos Bay needs the Coquille valley, and each should have its due. There can be a friendly rivalry for supremacy without misrepresenting the interests of either.

Bandon is the natural outlet for all products of the Coquille valley, and we should work to the end of making this the port of shipping and port of entry for everything in the valley, just as Coos Bay is the natural shipping point for everything on that side of the divide.

The RECORDER has always advocated harmony in Coos county, at least ever since it has been under the present management, and it is our candid belief that this is the best method for building up the entire county that could possibly be found.

SNOW REPORTED

IN THE EAST

Michigan, Illinois, Nebraska, Iowa and Kansas are Struck.

While Coos county people are enjoying the finest of weather, the reports are already commencing to tell of snow in the East. The following dispatch from Chicago, under date of October 27th, tells the story. It says: Chicago, Oct. 27.—More than three inches of snow, the first of the season, fell in Northern Michigan today and all boats on Lake Superior are seeking shelter.

Light snowfalls were also reported from points in Minnesota, Iowa, Kansas and Nebraska.

A few flakes fell in this city this afternoon.

Good Time Party Success.

The Good Time Party, given at the Opera House last Saturday night was a success in every particular; the hall was filled to its capacity, and the way people enjoyed themselves fully warranted the name of Good Times Party.

There were spooks, goblins, black cats, bats, witches, and everything imaginable in that line, all of which were exceedingly appropriate to the season. The teachers of the lower grades are certainly to be congratulated upon their success in carrying out the evening's program.

One of the features that caused much merriment was the fortune telling by Mrs. C. B. Zeck, who represented a real live witch. Another was the handling of the firebrands by Mrs. Kolp, who also represented a witch, and the drill by the spooks came in for its share of the applause, while the entertainment, composed of singing and recitations by some of the school children, was also greatly enjoyed. Miss Winifred McNair sang a solo much to the delight of those present, and Mrs. J. D. Kelly presided at the piano in her most pleasing manner.

The proceeds were sufficient to finish paying for the piano and the teachers take this opportunity to thank the public for their liberality, both in contributions and patronage at the entertainment.

BOATS ARRIVE

AND DEPART

Much Shipping Business In and Out of Local Port.

The Washalore sailed Saturday for San Francisco with 400,000 of lumber. The Bandon arrived Sunday and sailed again today with a full cargo of lumber.

The Fifield arrived Monday with 100 tons of freight and 22 passengers among whom were Mrs. Anglin and family, Mrs. H. F. Palmer, Mr. Hogan, A. Jamieson, Mrs. W. A. Bottom, Percy Ward and family, J. R. Cunningham, Miss L. Endicott, Miss S. Endicott, J. W. Haesler, Mrs. S. Patterson, W. A. Botta, A. L. Goodrich. The Fifield will sail again tomorrow.

The Elizabeth arrived in port last evening with a good list of passengers and 263 tons of freight, the biggest cargo ever brought to this river.

This made 203 trips to the Coquille for this boat and four during the month of October, which is very good service.

Owing to a shortage of longshoremen it was necessary to press Schwabacher into service and he did nobly as all who saw him perform will testify.

That popular Steamer, the "FIFIELD," will again sail from Bandon for San Francisco on the 2nd of November. Already many reservations have been made. If you contemplate going to the City, either on business or for a pleasure trip that you have wanted to take all summer, better get your name on our reservation sheet at once. Two days before sailing, last trip, every berth on the "FIFIELD" was sold. The same condition will undoubtedly exist this trip. There is a reason for this. Ask any one who has traveled the "ONLY WAY" and they will tell you it is because we make every effort to give ABSOLUTE SATISFACTION, and to that end, all work, from the man who takes your reservation, up to the Captain of the ship and back to the Chef. Each man tries to make his end of the work "just right." You will NOTICE this when you travel on the "FIFIELD." tr

MAY START BASKET

SPLINT FACTORY

Portland Basket and Handle Company Wants to Spread Out.

C. D. Edwards, representing the Portland Basket and Handle Co. is in Bandon looking over the field and sizing up the situation. Mr. Edwards says his factory is very much in need of more material, and he is looking for a place where he can get it in quantities sufficient to be of some value, and where shipping facilities are good and convenient.

Mr. Edwards is very favorably impressed with conditions at Bandon, and says this is the first place he has found that will meet the requirements of his company. He has examined conditions in every port and town north of Bandon.

His idea is to find a place where the splints for baskets can be made up and then shipped to Portland where the baskets and handles will be finished up. This would add another nice industry to Bandon, and our people should do something to encourage the company to come this way.

The material most wanted by the Portland Basket and Handle Co. is spruce, which we have in abundant quantities on the Coquille river, as is evidenced by the fact that spruce lumber is being shipped out to the North Bend Box factory, to Gray's Harbor, and to other places. What we want in Bandon is industries that will use up the spruce here, and this is an opportunity to get one such industry.

Of course Mr. Edwards has nothing definite to give out at this time, as he is only on a tour of inspection, but it is up to Bandon people to be on the alert and get the industry if possible.

Rev. E. Wallace Shepard.

Rev. E. Wallace Shepard of Portland, Oregon, an evangelist and lecturer of national reputation, is in the city and is holding meetings under the auspices of the Adventist Christian church. Mr. Shepard spoke Sunday morning and afternoon in Concrete hall to appreciative audiences, and last night lectured at the Opera House on the present campaign for "Oregon Dry." Mr. Shepard will preach in Concrete hall this evening, his subject being "Is There a God?" This will be the bible on trial before science, philosophy, reason and common sense. He is a very forceful speaker and all students of the bible as well as those who are not bible students, should be sure and hear him.

J. M. Upton, of Marshfield,

candidate for Circuit Judge, was in Bandon over Sunday on his way to Curry county to visit his father, Hon. J. H. Upton at Langlois. Mr. Upton, who is a former Bandonian, and was the founder of the RECORDER, retains many friends of the earlier period of the city, who are displaying much interest in his campaign. Mr. Upton's ability as a lawyer is well known, and as he is a man of strong personality and independent views, he is well qualified to serve the people on the bench. There are two judges to be elected in this district. Hamilton and Jones are contending for Douglas, while Coke and Upton are contending for Coos and Curry counties.

BANDON PEOPLE

HEAR BOTH SIDES

Capt. Dan Morgan Smith and Rev. E. Wallace Shepard.

Bandon people had the privilege of hearing both sides of the prohibition question discussed, Sunday and Monday nights. On Sunday night, Capt. Dan Morgan Smith, for the Greater Oregon Home Rule Association, delivered an address on the subject "Prohibition is Morally Wrong." Mr. Smith is recognized as a great lawyer and orator, and presented his side of the subject in a very forceful manner. Then, on Monday night, Rev. Shepard, from the same platform, gave a very able answer to all of the arguments of Mr. Smith. Mr. Shepard's subject was "Is Prohibition Immoral?" and he handled the same with great skill and put up a most convincing argument.

Time and space forbids a review of the addresses, but those who heard them could not help but be impressed with the fact that there are two sides to the question, the same as to all others.

Four Mile Locals

Miss Ora Deyoe came down to New Lake to finish a term of school for Miss Lillie, who had secured a winter school at Bridge. There being only about three or four weeks left, Miss Deyoe was hired to finish the term at New Lake.

The school in District 81 closes next Friday, the 4th of November.

A Halloween party was held in District 64, and a very pleasant time reported.

Mrs. Robert Bedilion of Bandon spent a few days last week with her aunt, Mrs. Blumenrother, near Langlois.

Wallace Pomeroy is building a large barn on the McClellan ranch. Mr. Pomeroy rented this place a short time ago. He expects to run a large number of cows there next summer. He also expects to build a new house on the place in the near future.

Miss Beulah Hess returned home from Riverton last week.

Quite a number of Four mile people took in the dance at T. J. Woodens last week and a fine time was reported.

Mrs. J. A. Cope and her mother, Mrs. Dillard, spent Friday night in Bandon.

Herm DeLong took a large load of fine apples to town last week.

Miss Radley spent Saturday and Sunday in Bandon. PETE.

The high cost of living has no terrors for the resident of Oregon who has from one acre of land up. With that he is practically in possession of all the luxuries of life at no cost but a little work—rich Jersey cream, fresh eggs, luscious fruits, tender and rich vegetables. And after you get these the little fuel and scant clothing and few groceries necessary to round out the full enjoyment of life amounts to but little. The poor devils who live in the cities and have no such luxuries do not know what they are missing by not trying the Oregon way of life.—Myrtle Point Enterprise.
