DATE FIXED FOR DEVELOPMENT LEAGUE

Oregon Apples Win Prizes at Canadian National Apple Show.

Portland., Nov. 8. (Special)—Salem will play host to the convention of the Oregon Development League, which will be held at the capital city, Nov. 28th, 29th, and 30th.

The coming meeting promises to be attended by a large number of delegates from every part of the state. The Oregon Development League has accomplished a great deal in bringing the different sections of the state to realize the common interest that binds them all together.

A program that offers much of interest has been arranged. Salem people are going to hand out a brand of hospitality unsurpassed anywhere for the enjoyment of delegates in attendance.

Medford scored during the past week when a car of yellow Newtown apples, entered by that city, carried off first prize at the Canadian National Apple Show at Vancouver, B. C.

Bandon Grange, 398.

November 4th, the Grange held its regular meeting. For the first time it grasped the opportunity to move in the right direction; the future will tell mettle of which the members are made.

First look at it in the right light brothers and sisters. The Grange stands for a glorious purpose; it endeavors to develop the morals of its members and to broaden the intellectual and better the financial conditions of the farmers.

Its actions have proven in all instances, that those who cast off their long unprofitable methods of working and dealing have full standing in commercial circles and should be more than equal in Christian virtues, defeating opposition in each and every form.

Just remember your obligations, my friends, and do not consider them a matter of form by which you may slip in to gain advantages in one way, or the other, the most despicable ground, is gaining popularity or partisan, political reasons.

Your obligation, providing you know it, is as solemn and binding a promise as the most solemn oath given in church or court.

Unfortunately the time for work has been shortened too much; a change in this direction will and must be made if we would have complete success.

Ask anyone who is posted, what makes a Granger a good member of the order, and he will answer: "He who can best work and best agree is the right person and the very best Granger."

STATE WET, COUNTY DRY

According to latest reports, which are conceded to be final, Oregon has gone wet by quite a large majority, although the exact figures are not yet obtainable.

Home Rule has won in the State by a small majority, but was defeated in Coos County by 250 majority.

Coos County has gone dry by 23 majority on the final count.

West is elected Governor of Oregon by 5000, but the rest of the State ticket is Republican.

Gage was re-elected Sheriff, and Hall was elected County Judge. The rest of the Coos County ticket is Republican.

Armstrong wins over Hanly for County Commissioner by about 300 majority.

Coke and Hamilton are elected for the next Circuit Judges.

West carried Coos by 80 majority.

Hugh McInain, Democratic candidate for Railroad Commissioner, also carried Coos County.

The County is Republican on all other State officers.

Congress is probably Democratic.

Michigan went 50,000 Republican instead of 40,000 Democratic as first reported.

Get Into Line For Advancement

Bandon has possibilities for the future that are unexcelled. All there is to do is to get in and work for the interests of what we have and the future will take care of itself.

Men who have money to invest are going to invest in a town that gives evidence of patronizing home institutions and home merchants. We want to induce men of capital to come here; then let us show them that we are loyal to the town and loyal to the investors.

There are always people who go around looking for some one to set them up in business or asking the people to flock to them, and then tell them of the great things they are going to do; but what we are after, is men who can DELIVER THE GOODS, and we can get such men if we show the proper spirit.

Our present merchants can supply all the wants of the citizens of Bandon. What we want now is institutions that will employ more labor, so that Bandon will grow in population and give our merchants a chance to expand. A few of the faithful and enterprising young men have been standing together and trying to do the proper kind of boosting for Bandon through the Commercial Club, but of late the club has not received the attention of the business men to which it has been entitled.

Farmers, as well as business men and citizens of Bandon, are urged to join the Commercial Club and help boost for Bandon and the Coquille valley.

To-night is the regular meeting night and the meetings are held in the Fireman's hall.

Why not have 50 or 75 men out to night? It's up to you. Will you come?

Serious Accident.

A. G. Aiken was seriously injured Wednesday evening, on the Marshfield-Empire road near Ferndale. He was bringing the mail from Empire, using a horse and buggy, and when coming down the grade this side of the Ferguson place, the horse shied and ran into the bank, throwing Mr. Aiken from the buggy. His head was badly cut, his collar bone broken, and he sustained internal injuries which proved serious.

He is nearly 74 years old. At last accounts Mr. Aiken was improving slowly, and his many friends hope that he will soon be entirely out of danger.

Oregon fir will be used for the decks of the world's largest steamship, the keel for which has been laid at Stettin, Germany. The ship Omega has reached the harbor for the lumber required, which is 2,000,000 feet. The new liner will be operated between America and Europe by the Hamburg-American line and will have a speed of 22 knots. She will be of 45,000 tons gross register, with a length of 880 feet, beam 96 feet, and will have accommodations for 5,000 passengers.

NEW VOLUMES FOR HIGH SCHOOL

Chris Rasmussen and M. G. Pohl Donate Books to Library

The High School teachers and students wish to express their greatest appreciation to Mr. Chris Rasmussen for the valuable library which he gave us last week. Mr. Rasmussen's donation consists of over seventy-five volumes, each containing from 50 to 150 pages, written by Elbert Hubbard, a very eminent American historical author. They are written in a series of "Little Journeys" to the homes of the most prominent men the world has ever produced.

M. G. Pohl presented the High School, the first part of the week, with a 390 page volume, handsomely bound and beautifully illustrated—"The Marvellous Career of Theodore Roosevelt." The book was written by Chas. Morris, the author of "Our Presidents" "Life of Wm. McKinley" "History of the United States" etc., and describes what "Teddy" has done and stands for; his early life and public services; the story of his African trip; his memorable trip through Europe and his enthusiastic welcome home.

Mr. C. H. Zeverly, who has been teaching the Empire School for two years and has taught in Coos county for some time past, made us a pleasant call yesterday. He is very well pleased with our school and school work, and was heard to say it had no superior in the county in interest taken. Come to see us again, Mr. Zeverly.

In spite of the incessant rain almost the entire school have been on duty for their examinations this Thursday and Friday. One member of the Faculty said the good attendance on such stormy days was because the students were "web-footers" and did not mind the rain; but she might have said because they have studied hard and will now enjoy taking the exams.

This is the last end of two months of our school, but we understand we are to have two new pupils next Monday, which addition will make 63 enrolled.

The Coquille Herald says: "At the close of the building season a number of nice homes are nearing completion as well as the last of the three large bricks which have recently been added to the business section of Coquille. This is the double building of the Farmers and Merchants Bank and Dr. Richmond and E. C. Barker and Co., the Jewelers. The mechanics are now putting on the finishing touches of this building, while some of the occupants are moving in. The corner room will be occupied by the Bank mentioned."

Call on M. A. Norton at Lint's Studio, for graining or sign painting.

BOATS ARRIVE AND DEPART

Many Passengers Come and Go on Bandon Boats

The Fifield arrived in port Wednesday afternoon with 10 passengers and 125 tons of freight. She will sail again Sunday morning and will have a full list of passengers.

Those having already reserved berths are Mrs. F. A. Bailey, Mrs. E. B. Quint, Miss L. Wirtanen. A. F. Estabrook and wife, Mrs. Ada Simpson, Mr. Gaynor, A. Davison, Geo. W. Moore, D. M. Smith, Miss G. E. Child, Miss A. Peterson, Mr. Hassart, L. L. Brandenburg, Miss T. Endicott, Miss L. Endicott, F. E. Hull and J. Bryan.

The Bandon arrived yesterday afternoon and is loading at the Geo. W. Moore mill. The Elizabeth will be in on this tide and will sail again about Monday.

Crippen Gets Lease on Life.

London, Nov. 8—It is officially announced that Dr. Crippen convicted and sentenced to death for the murder of his wife, Belle Elmore, will not be executed today as originally arranged, for the reason the law provides two weeks must elapse between the dismissal of the appeal and the carrying out of the sentence. November 23d has been fixed as the date of execution. Meantime his solicitor is drafting a petition for a reprieve.
