When in Bandon recently Dick Buell got some samples of brick made there by B. L. Tracy, a brother of W. A. Tracy of this city. The samples show a firm, hard quality of brick, and the one who have examined them declare that they are very much better for any purpose than the brick that have been shipped up from San Francisco. If this is true, the people here should assuredly patronize the Bandon yards, serving two good purposes by getting good brick and supporting a local industry.—Myrtle Point Enterprise.

EUREKA MINE OPERATES AGAIN

So Reported By Men Who Have Recently Visited Riverton.

It is reported that the Eureka mine at Riverton is again starting operations and will put out coal at a rapid rate. There is lots of coal along the Coquille river that would sell in Portland at ten to twelve dollars a ton, if we only had a means of transporting it to that city. Pres. E. E. Oakes of the Commercial Club has written to Mr. Chapman, manager of the advertising department of the Portland Commercial Club, setting forth the facts in the case and stating that we could use some of Portland's food stuffs in exchange for our coal. Mr. Chapman has referred the matter to the Portland Commercial Club and some action may be taken in the matter.

Portland will have to get busy or San Francisco will get a complete monopoly on the trade of this valley.

Mr. and Mrs. Al Marsh of Port Orford were Bandon visitor Monday.

W. E. Graham, who directed the presentation of "The Girl of the Hour," at Coquille recently, is in Bandon to-day trying to form a company to present a play at one of the local theatres.

Joe Young has sold his ranch near the race track for \$2,800. Joe also announces that he will go into the real estate business and that he has other places to sell.

J. Ira Sidwell of Smith Bros. & Sidwell, left on the Fifield for San Francisco on business. He also expects to go to San Antonio, Tex. before he returns home.

Partlow and Wilson who took over the Lakeport Banner are making a very newsy and up-to-date paper out of it. They are hustlers and will surely make the paper a big advertisement for Lakeport. Success to you boys.

The Bandon school board will meet this evening and among other items of business, will issue a call for a special meeting of the tax payers of the district to vote a special tax for operating the school and taking up other financial matters for the present school year.

It is reported that a large number of people from Coquille and Myrtle Point will attend the K. of P. ball Saturday night.

Mrs. Emma Smith who has been laid up with blood poisoning in one of her hands for several weeks, is improving slowly.

Mr. and Mrs. F. E. Hull of the upper river came down the latter part of last week, Mr. Hull being a passenger to San Francisco on the Fifield. Mrs. Hull visited with her friend Mrs. May Dickson while here, returning home to-day.

Mrs. Cessna and children of Riverton were over-Sunday visitors in Bandon.

Wm. Candlin, the Coquille traveling man is calling on his Bandon customers today.

E. B. KAUSRUD,
Recorder City of Bandon.

She Loved His Tomb.
An immensely wealthy widow who gave yearly hundreds of thousands to charity decided to personally inspect some individual cases of deserving poverty herself. One of her agents brought before her a poorly clad woman, saying:

"Here is a poor old woman, a very decent sort of person. Her husband used to go about with a dancing bear. This creature, though usually very tame and gentle, one day threw itself on its master and ate him up."

"Alas, my good sir," the old woman broke in, "since that moment the poor beast and myself have been without a home."

"What! The beast?" asked the wealthy woman. "Is it the same that devoured your husband?"

"Alas, my good lady, it is all that is left to me of the dear lamented one."—New York Herald.

Sleep.
The first sleep is the soundest—after the first hour the intensity of sleep slowly diminishes; hence the value of forty winks after dinner in quickly recuperating shattered powers. Temperature and vitality are lowest at about 2 a. m., so that two hours' sleep before midnight are worth four thereafter. Nature has no rule as to the length of sleep, except that men need less than women, since women are the more sensitive creatures and a woman's heart beats five times more in a minute than a man's. Sleep should be just so long that when you wake in the morning a stretch and a yawn only are necessary to land you in a daytime of bounding vigor. As to early rising, it is comforting to hear Dr. Bryce say it is a habit that has gone far to wreck the constitutions of many a growing youth.—London Express.

He Met His Match.

The Russian marshal Suvoroff was famous as a juster and was fond of confusing the men under his command by asking them unexpected and absurd questions. But occasionally he met his match. Thus one bitter January night, such as Russia only can produce, he rode up to a sentry and demanded:

"How many stars are there in the sky?"

The soldier, not a whit disturbed, answered coolly:

"Wait a little, and I'll tell you."

And he deliberately commenced counting, "One two, three," etc.

When he had reached 100 Suvoroff, who was half frozen, thought it high time to ride off, not, however, without inquiring the name of the ready reckoner. Next day the latter found himself promoted.
