DR. J. D. KELLEY, Physician and Surgeon

K. OF P. BALL GRAND SUCCESS

Most Largely Attended Ball In History of the City.

The Sixteenth Annual Grand Ball given by Delphi Lodge, No. 64, K. of P. in Oriental Hall last Saturday night, was probably attended by a greater number of people than any previous ball in the history of Bandon.

There were 127 tickets sold, besides the paid admissions at the door, and fully as many ladies were present as gentlemen, so it is safe to say that there were from 300 to 400 persons present.

Thanks From Congressman Hawley.

With reference to the recent election, Congressman Hawley said: "I am very grateful to the voters of the first Congressional district for their renewed expressions of confidence in me and for the honor of a re-election to Congress, and will continue to labor faithfully in their behalf, advancing their interests and promoting their welfare to the best of my ability."

Garrison Gets First Degree.

Frank S. Garrison, whose real name is said to be Frank S. Kennedy, was convicted of murder in the first degree at Coquille last week. The jury was out about three and a half hours.

LET US GIVE THANKS.

Next Thursday is Thanksgiving, the day set apart to render our thanks to the Supreme Being for the many blessings he has bestowed upon us during the past year, and if reports can be relied upon, we certainly have many reasons to be thankful this year, owing to the abundant crops harvested in all parts of this great country of ours.

We sometimes complain of the high cost of living and of other disadvantages of the present day, but while we have some disadvantages, we also have so many more advantages than did our forefathers, who instituted the idea of Thanksgiving day, that the balance in our favor is so great as to be almost inconceivable, therefore it is our duty to render thanks for the manifold blessings we have received.

The farmer has a well-filled granary, the laborer is getting good wages, there is a job for every man who is willing to work, and the fact that the bank deposits of the laboring men of this country are constantly increasing, is evidence that they are prosperous and among the favored.

Not only is our domestic affairs in the best condition imaginable, but we are at peace with all nations, and the outlook for continued national prosperity was never better than it is to-day.

The scoffer and the skeptic may spend their energy in denouncing and defaming the name of Deity. They may jeer and harangue, but the idea is so instilled into the minds of thinking people, and the evidences are so great, that the truth will ever stand against the onslaughts of all such. Yes, there is even a greater tendency than ever to get back to first principles; science and original thinking do not in any way conflict with the plans of the universe as set forth by the scriptures, in fact, the two go hand in hand to develop a great scheme and a great purpose.

Again we say, LET US GIVE THANKS. The fruit is ours. All there is for us to do is to go over and possess the land.

CIRCLE CITY MILL BURNS

Cause of Fire Unknown But Incendiarism is Suspected

The Circle City mill, belonging to Richards Bros., burned to the ground early this morning. At 2.00 a. m. one of the boys was up and at that time there were no signs of fire but about an hour later a noise was heard and on looking out he saw the mill a mass of flames, and it was immediately seen that nothing could be done to save it from total loss.

There was no insurance. The cause of the fire is unknown but incendiarism is suspected as it is said that there was no possible way in which the fire could have started unless it had been set.

Union Thanksgiving Service

A union Thanksgiving service will be held in the Presbyterian church Thanksgiving evening. Extensive preparations are being made and it is intended to make it a time of real thanksgiving for the manifold blessings that have come to the people of Bandon and vicinity.

The sermon will be preached by Rev. Grafous of the M. E. church and the song service will be by a large union choir which is preparing some special music for the occasion.

Miss Elliott, late of Oberlin College, will sing a solo.

Let the public in general attend the Thanksgiving service and thus render to Deity that gratitude which is his due for all the good things he has given us. Services will begin at 7:30 p. m.

WILL RETRACE GREAT PASS

Other News of Importance of the World at Large.

Seattle, Nov. 25.—Navigators will retrace the Amundsen's pass through the northwest passage. This pass is of great commercial value to northwest trade and commerce.

Denver, Nov. 22.—Air man Hovey to day took a fly above the clouds while a raging snow storm was prevalent below, he was in calm and beautiful sunshine.

San Francisco, Nov. 22.—The population of San Francisco will soon be officially given out, and will show 660,000 which is a big increase despite the earthquake and fire disaster of 1906.

The School Report.

In this issue of the RECORDER we publish the school report for the school month just closed. Supt. Ostien says it is the best report the school has ever had. The total enrollment up to the beginning of this school month was 410, and since that 18 new ones have been enrolled, making the present enrollment 428 as was announced in the RECORDER of last Tuesday.

The total number of tardy marks for the last month reached the exceedingly low number of 17, which is certainly an excellent showing for such a large school.

Call on M. A. Norton at Lint's Studio, for graining or sign painting.

BROOM HANDLE MILL IS RUNNING

Has Been Closed Down For a Few Months Past.

The Bandon Broom Handle mill is running again, having been in operation for about a week, and will continue to run all winter, and probably for all time. The mill is being operated by Glen Cox, Harold Nelson and Walter Farrier, while M. F. Shoemaker has contracted to furnish the material and handle the output of the mill. Mr. Shoemaker has made arrangements with all the sawmills of this community for their squares, so there will be no trouble to get a good supply.

The broom handle mill is a good proposition and can be made to pay good dividends, and with the present outlook there is every reason to believe that such will be the case.

Gave Reception.

The Ladies' Aid Society of the M. E. church gave a reception in Odd Fellows hall last night to new members. Under the presidency of Mrs. Ada Still the society has just finished a campaign for new members, and the arrangement was that the winning side should be banqueted by the losing side; but the contest resulted in a tie, so the society decided to hold a reception in honor of all new members. The campaign resulted in the acquiring of 56 new members, which is certainly an excellent showing.

Seven new members were taken into the M. E. Church Sunday, and the day was a very profitable one in all lines of church work. In the evening the children had charge of the song service, and besides the chorus of children, the audience had the pleasure of hearing two solos, one from Master Henry Philpot and one from Miss Mona Logan.

Bandon Educational Club.

The Bandon Educational Club will hold its regular monthly meeting on Friday evening of this week at the High School auditorium.

The program: Piano Solo, Matt Lux; Discussion, Dr. Houston; Pearl Hutchins, Pearl Walker Vocal Solo, Winifred McNair Visitation of Schools by Parents; Mary Marsh; Inez Lusk Vocal Solo, Pearl Craine; Reading, Mrs. Kopf; Song, Quartet under direction of Miss McNair.

All interested in the work of the schools are invited to attend. An opportunity will be given for all to take part in the discussions.

Grandma White Has Accident.

Grandma White, mother of A. E. White, had the misfortune to fall Saturday and fracture the neck of the femur of her right leg. It was a very painful accident, and as Mrs. White is 78 years old, it may go hard with her; but at present she is resting as well as could be expected. She will have the sympathy of a large circle of friends in her sad mishap.

PLAYS WERE MUCH APPRECIATED

The "Littlest Girl" and "Girl of The Hour" Make Big Hit.

The Grand Theatre was filled to its capacity last night to see the homelately plays under the auspices of the O. E. S. and under the direction of W. E. Graham.

The curtain raiser, entitled "The Littlest Girl" was a playlet that appeals to the better nature of man, and as put on by W. E. Graham, Dr. L. P. Sorensen, C. E. Holloper and little Alice McKay, was pathetic, yet grand in every particular.

The main play, "The Girl of the Hour" was a comedy of comedies, and the house was in an uproar from start to finish. Mr. Graham as Mr. Kershaw was a whole show in himself. Miss Nora Gibson as Jane Dorkens, the girl of the hour, acquitted herself splendidly and received much applause, as did also Everard Boyle as Charley Shakkelton. Mrs. B. A. Kolp as Mrs. Chadwick brought the house down, and Claude Adams as William Tip-ton was at his best. Ernest Rossiter as Claude did excellent work, and Erma Craine as Lucy Norton came in for her share of the applause. W. N. McKay and Mrs. Mehl as Mr. and Mrs. Pixton were also highly appreciated.

Kausrud's orchestra was also a popular part of the evening's program.

Miss Elliott, late of Oberlin College, sang "Alice Ben Bolt." Miss Elliott has an exceptionally sweet voice and knows just how to handle it. It is seldom that Bandon people have the privilege of hearing a singer of Miss Elliott's equal.

"Blondy" sang "Beware" and as he never fails to please, any comment would be superfluous.

J. W. Roberts, cashier of the First National Bank, also sang a solo that was highly pleasing.

Taken as a whole the evening's entertainment was highly creditable both to the O. E. S. and Mr. Graham who staged the play.

Mrs. Gallier Surprised.

Mrs. Steve Gallier was given a complete surprise Monday in honor of her 48th birthday when Mrs. E. M. Gallier quietly planned and prepared a fine banquet for the occasion. At 4:30 p. m. Mrs. Gallier was told that she was wanted in the dining room and behold the scene that met her eyes was sufficient to take her breath away, but she was equal to the occasion and with the rest of the company, greatly enjoyed the affair.

Those present were: Wm. Gallier, E. M. Gallier and family, Steve Gallier and family, E. Lewin and wife, A. E. Philpot and family, J. D. Mills and daughter Edna, Claude Adams, Letta Bell, Marguerite Weddel, Rae Carey, Edna Russel, and Ransom Rackleff.

A Bandon lady came into the RECORDER office the other day in a very wrathful frame of mind and stated that certain parties had been dealing roughly with her chickens, even to the extent of appropriating one or two, and that unless the parties either returned the chickens or their value, there would be something doing. It is rumored that a certain prominent Bear Creek man is suspected in connection with the affair and it is also thought that a prominent Bandon man might throw a little light on the subject.
