 Office and residence in Panter residence property next door to Bijou Theatre

DR. J. D. KELLEY
 Physician and Surgeon
 Office in Donald Charleston home, opposite Presbyterian church, Bandon, Oregon

DOINGS OF CITY COUNCIL

Special Session Held Last Friday Evening at City Hall.

A special meeting of the city council was held at the city hall last Friday night, but only a small amount of business was transacted. The matter of fixing Second street was laid on the table till the next meeting.

The grading of Fourth street was brought up, and it was announced that the property owners and teamsters had donated about \$80 in work to fix this street, which has been considerably cut up by heavy teaming, and hauling rock for the county road. The council decided to make up the deficit to put the street in first class condition.

Mayor Mast has received a letter from S. J. Culver who offers to sell a portion of his lots, so as to straighten out Atwater street in East Bandon, for \$200. The property owners along these lots have volunteered to pay the amount as it would be added to their lots, so this leaves no expense to the city on that score. The only party to be heard from yet is James Cotton of Gravel Ford, whom Mayor Mast expects to call on personally in the near future and try to get concessions, so that it is expected that Atwater street will be completely finished in a short time.

High School Notes.

Miss Amelia Chaney spent the Thanksgiving vacation at her home, at Riverton; Miss Sylvia Raekleff and Miss Zettie Gibson at Myrtle Point, visiting home and friends; Ernest Wilkins and Ernest Watkins on Hall's Creek, and all report a good time.

The Senior Class did itself great credit last Wednesday night as host, when it banqueted the High School. The evening was passed in playing good lively games like our parents used to play. The fact that it was Thanksgiving morn when some one started the old tune "Home Sweet Home" and the students were reminded that home was where they must go to protect the physical part of their nature, will explain that everyone had a good time. The parting word was "Who will be the first to follow the example of the Seniors?"

It may rain next Friday night but the Literary Society will have its regular meeting just the same, and will assure the public an interesting program. Every one is cordially invited—High School Auditorium, Friday, 7:30 p. m., Dec. 2nd.

West Wins in Rate Battle.

San Francisco, Nov. 28.—Ruling that none of the allegations of the the railroad companies were proved, Judges Ross, Gilbert and Morrow, en bane, in the United States Circuit Court declined to enjoin the Inter-state Commerce Commission from reducing freight rates on commodities between Missouri river shipping points and the terminals in Washington, Oregon, Nevada and Arizona.

Twenty-two western roads objected to the reduction as unreasonable.

FOR SALE—Five room cottage and furniture, and two lots. Best location in town. Close in. Inquire of Nels Rasmussen. 29-11

SCHOOL MEETING THIS EVENING

Voters of Bandon District to Decide on Tax To-Night.

As announced in last Tuesday's RECORDER the taxpayers of the Bandon school district meet this evening to vote a tax for the carrying on of the schools for the present year and for paying interest on common warrants, interest bearing time warrants and bonds and to provide a fund for reducing the floating building debt of the district.

Every taxpayer of the district should be present, as it is expedient that the schools should be given careful attention. Bandon has the reputation of being one of the foremost cities of Oregon in school work. Let us maintain that reputation.

Educational Club.

The Bandon Educational Club held its third monthly meeting in the auditorium of the high school building Friday evening, at which time an excellent program was carried out.

The program was opened with a vocal solo by Miss Winifred McNair, which was highly appreciated as was shown by the hearty encore given. Dr. H. L. Houston addressed the audience on the subject "Care of the Physical Child in the Home." His discussion of the subject was from a scientific standpoint and was very instructive to the hearers. Misses Rose Hutchins and Pearl Walker, teachers in the Bandon schools, very ably discussed the subject from the viewpoint of the teacher. The subject of "Visitation of Schools by the Parents" was discussed by Misses Mary Marsh and Kate Rosa, each young lady handling her part of the subject in a creditable manner. This was followed by a musical reading by Mrs. Kopf.

The program was closed by a male quartet, composed of Ernest Sidwell, Ernest Boak, and Earl and Ray Watkins, under the direction of Miss Winifred McNair. This feature of the program was also much appreciated and the boys were given a hearty encore.

The meeting was presided over by President John F. Baue, and after the closing of the program Prof. H. C. Ostien announced an amendment to the by-laws regarding membership, which he stated that he would ask a vote on at the next regular meeting which will be Friday evening, December 23rd. The meeting then adjourned.

Good Roads Convention.

Four hundred thousand invitations to attend the Oregon Good Roads Convention in Portland, December 12th, have been sent to representative citizens in every county of the state. The convention plans to put into definite shape the practical road-building campaign to follow the passage of the recent amendment giving counties the right to bond themselves for highway improvements.

How Congress Stands.

Washington, D. C., Nov. 26.—The representation in the next house will be 227 democrats against 163 republicans and one socialist. These figures give the democrats a majority of 63 and a plurality of 64.

ANNUAL DAIRY SHOW ADVOCATED

Dr. McClure Says it Would Largely Stimulate Industry.

Portland, Ore., Nov. 29, (Special)—That Oregon should have an annual dairy show of large proportion is the belief of Dr. W. S. McClure, chief of the Bureau of Animal Industry in the Northwest. That the greatest exposition in the country, with the possible exception of the National Show at Chicago, could be held here each year in his statement, basing this prediction on the manifest advantages of the climate and all conditions that favor the dairy industry.

"Western Oregon," said he, "should become the greatest dairy country in America. Natural advantages here are equaled nowhere else and the state should exert an effort to increase its dairy output 100 per cent. An annual dairy product of \$100,000,000 is below the capacity of Oregon along these lines.

"If Portland would promote and develop a western dairy show, it will in a few years become the largest and most interesting livestock exposition held west of the Mississippi river. The result of such a show would be the stimulation of the dairy interests and hundreds of people would come to Oregon to engage in the industry.

Albert Mecum Weds.

Chemawa, Or., Nov. 24.—A very pretty wedding was solemnized at the Chemawa Indian School Tuesday evening by Rev. Philip Bauer, of Salem, when Albert Mecum, of Bandon, Or., and Miss Violet Edwards, a pupil of Chemawa, were married. The bride was tastefully dressed in white, and Miss Mignon Oliver, of Salem, attended her as bridesmaid, while Elmer Sorahan, of California, was best man. The bride was given away by Mrs. Mary E. Theisz, the matron of the school. The wedding was attended by the employes of the school and the friends of the young couple. Mr. and Mrs. Mecum left on the Southern Pacific amid a shower of rice, old shoes and good wishes, for Portland where they will spend a couple of days, after which they will take a trip up the Columbia river before going to the groom's home at Bandon, where he is employed in one of the large lumber mills.—Tele-gram.

The Socialist Vote.

The state socialistic vote this year ranged from 20,337 for Koob for engineer, to 8,403 for Richards for governor. On the majority of officers the vote was from 12,000 to 14,000. In 1908 the total socialist vote for the state was 7,440. Thus it would seem that there is a constant increase in the socialist party in Oregon.

Will Elect Officers.

Next Saturday, December 3rd, is the regular meeting day of the Bandon Grange, at which time officers of the Grange for the coming year will be elected. There will, no doubt, be a full attendance at the meeting on Saturday as the election of officers is always an important event in any organization.

INITIATIVE MEASURES AT RECENT ELECTION

How They Voted on the 32 Measures Proposed.

According to the official count at the recent election the following initiative measures were passed by the voters at the recent election with the majorities given: Eastern Oregon Insane Asylum, 7,587; Monmouth Normal School, 10,361; County regulation of taxes, 1,655; Home rule liquor bill, 4,547; employers' liability law, 22,112; Prohibiting fishing in Rogue river, except with hook and line, 16,206; Good roads amendment, 18,023; Presidential primary law, 1,679; Three fourths jury amendment, 5,238.

The following measures were not adopted at the late election, with majorities against: Woman's suffrage, 22,250; Constitutional convention, 34,326; Legislative re-districting, 30,230; taxation amendment, 2,399; State railroad building, 12,108; County of Williams, 49,436; Second taxation amendment, 8,877; Baker county judge's salary, 58,368; County of Nesmith, 37,213; County of Otis, 41,954; Multnomah annexation bill, 53,109; County of Orchard, 46,048; County of Clark, 46,093; Weston Normal school, 5,544; Washington-Multnomah annexation bill, 53,874; Ashland normal, 10,098; Prohibition amendment, 17,846; Prohibition law, 20,915; Employers' indemnity commission, 19,493; County of Deschutes, 43,232; New county amendment, 5,453; official Gazette bill, 24,361; proportional representation, 7,927.

MALADY GRIPS 20,000 VICTIMS

75 Per Cent of Those Having Infantile Disease Left Crippled for Life.

New York, Nov. 28.—Statistics gathered from various sources by a New York medical journal show that infantile spinal paralysis has attacked no less than 20,000 persons in the United States during the several epidemics of the last few years. Although the mortality seldom exceeds 10 per cent, at least 75 per cent of the victims are crippled for life.

Dr. Simon Flexner, head of the Rockefeller Institute, who has been studying the disease, is authority for the statement that no means to eradicate its causes or prevent its development is yet known.

"Those of us who have yet had to deal with this malady or who have studied its unchecked progress," he says, "have come to realize how helpless we are. We know it to be epidemic. We believe it to be contagious. We have learned that there are abortive forms without paralysis. Its age, incidents, and seasonal occurrence are known to us. We are acquainted with its terrible results. Nothing more.

"All efforts to discover the infectious agent microscopically are fruitless, inasmuch as no one has as yet succeeded in seeing it, and as it is filterable through substances impervious to bacteria, it is thought to be too minute to intercept those rays of light visible to the human eye. Possibly by means of ultra violet

DOES PORTLAND WANT OUR TRADE?

They Should at Least Meet Us Half Way if They Do.

The Portland Chamber of Commerce professes to want a share of the Bandon business, and they also say they want our coal, yet, in the matter of putting a boat on this run, they want Bandon merchants to guarantee 250 tons of freight for each round trip of a boat between the two ports, and if there is not sufficient freight they want us to foot the bill anyway.

Now, as a matter of fact, if Portland wants a share of the Coquille river business and some of the Coquille river coal, why would it not be a good proposition for that city to at least meet us half way and say they will put up for half of the shortage in freight, if there be a shortage.

Portland wants coal; we have it and there is no reason why they can not get it if they are willing to pay for it, at least this is the way Coquille river people feel about it, and if the city of Portland wants the wholesale trade of Bandon and other cities on this river, then they should be willing to bear a part of the responsibility.

San Francisco will do this for us, and why should not Portland do the same.

We are willing to meet Portland half way but do not feel that we should be compelled to do everything.

L. W. Deyce, who has associated in the real estate business with E. N. Smith in Bandon last summer, writes from Orange, Calif., where he is spending the winter with his family, that they are as cozy as a bug in a rug. Orange is a beautiful little city of 3,500 and growing fast. It is 12 miles from the ocean to which electric cars run, and fine fishing is afforded, which everyone knows is necessary to Mr. Deyce's very existence. The weather, he says, is like summer, with green peas, string beans, cucumbers, and strawberries on the market.

C. J. Millis and wife and daughter, Miss Mabel Clare Millis, returned today. Miss Millis has made an extended visit in the east while Mrs. Millis has been visiting in Portland. Mr. Millis has been at San Francisco and Los Angeles conferring with Southern Pacific officials. When asked about the prospect for Coos Bay getting a railroad soon, Mr. Millis said there was nothing that could be officially given out at this time. "However," he added, "the prospects are much brighter than they were."—Coos Bay Times.

Married—At the home of the parents of the groom, Mr. and Mrs. W. H. Dunham, of Coquille, Mr. Harvey Dunham and Miss Zoe Endicott, of Myrtle Point, Rev. C. H. Cleaves, officiating. This young couple have many friends in this valley who will join with the Herald in hearty congratulations.—Coquille Herald.

rays it may be photographed.

There is so little known about the means of transmitting the disease that all possible measures of isolation should be adopted both in sporadic cases and in epidemics.
