## BANDON HAS LAWYERS GALORE

### Coos County Bar Association Holding Annual Banquet Here

The third annual banquet of the Coos County Bar Association is being held in Bandon today and this evening, and we have lawyers galore in the city.

This afternoon is being taken up with a program in Odd Fellows' Hall, and several of the leading legal lights of the county are on the program.

The banquet proper will be held this evening and will probably be the biggest spread ever given in the city. There are about 45 members of the Bar Association, and a large majority of them will be in attendance this evening. Among those who are arriving on the noon boat and are here for the afternoon program, are: J. W. Bennett, president, C. A. Selhbrede, Chas. B. Selby, Chas. F. McKnight, J. M. Upton and Mr. Reigard, all of Marshfield; A. J. Sherwood, L. A. Liljeqvist, A. S. Hammond, E. D. Sperry and J. J. Stanley of Coquille; J. H. Guerrv, North Bend; L. A. Roberts and S. D. Pulford, Myrtle Point. Also the Bandon attorneys, C. R. Wade, G. T. Treadgold, Geo. P. Topping, F. J. Feeny and G. W. Rea will all be in attendance at the banquet.

A number of others will be down on the boat this evening for the big spread tonight.

### High School Notes

The public is invited to attend the regular meeting of the Literary Society in the High School Auditorium next Friday, Jan. 13th. The following program will be rendered:

Song—"The Man who has the Coin" by Carl Bowman and school.  
Debate—Resolved, That it would be for the best interest of the U. S. to build and maintain a large navy. Affirmative, Ralph Christensen, Eldon Langlois, Walter Hartman. Negative, Daisy Hansen, Velma Klepfer, Geo. Moland.  
Solo—Nita Tucker.  
Song—"I am really Mr. Noah" by Ray Watkins and school.

The manager of the Basket Ball team has received notice that Myrtle Point will not have a girl's team, so that means the boys will meet Myrtle Point unaccompanied by the fairer sex on Jan. 20th. Official word has not been received but it is rumored that North Bend can not muster up a girl's team either; if this is true, Coquille has the only girl's team except Bandon by the Sea.

### McKenzie - Axtell

**MARRIED**—At Portland, Oregon, January 1, 1911, David McKenzie of Port Orford to Myrtle M. Axtell of Bandon. Mr. McKenzie and bride arrived in Bandon last Friday and left Saturday morning for their home near Port Orford.

Lame back may come from overwork, cold settling in the muscles of the back, or from disease. In the two former cases the right remedy is BALLARD'S SNOW LINIMENT. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by C. Y. Lowe.

## GOOD ROADS VS BAD ROADS

### Oregon Good Roads Convention Approves Five Plans

[Special Correspondence to the Recorder.]

Portland, Oregon, Jan. 9, 1911— "Oregon's bad roads fund is large enough. The State's hampered development, the unpopulated areas that should be producing wealth for busy communities, the difficulties of vehicle transportation, and the excess in wear and tear on everything that travels the roads, including people, are to be charged to this bad roads fund."

This statement of Oregon's condition was issued here today by the Oregon Good Roads Association. It is the reason assigned by Judge Lionel R. Webster, Chairman of the Association's Executive Committee, for a determination to enlist every progressive Oregon citizen, every man or interest to be benefitted by good roads construction, and every legislator who desires to serve the interests of the people, in the effort to reduce road building plans in Oregon to a permanent, definite and effective system.

Lack of system is charged by all conversant with the situation as cause for Oregon's poverty in good roads. The constitutional bar to road building that existed until lifted by the people at the last election shares the blame.

The Oregon Good Roads Convention recently held here, approved five good roads measures drafted by Judge Webster, because of the belief that if these measures are adopted by the legislature the system of construction desired will be instituted.

All were agreed that the most important of the five measures is the one creating a good roads commission. The members of this commission are to be three in number. When appointed their services will cost the state nothing. They will serve the cause of good roads for the good of the people as a public duty. Their executive officer is to be the State Highway Commissioner. The bill requires that the State Highway Commissioner must be "thoroughly skilled in scientific road construction." His authority is to help build roads in every part of the state. He must know how. He must serve the people and the cause. Any failure to fulfill requirements will mean his dismissal. Authorities are agreed that his proposed salary of \$4000 a year will be but a small portion of the real financial advantage to be realized by the state and its counties because of the Commissioner's service. He will be exponent of system, the system that is expected to show tangible results in the form of actual miles of permanent good roads.

**FOR SALE**—My beautiful residence in West Bandon, consisting of two large lots, modern house, six rooms—pantry, bath, closets and wood shed. Also one three room house. All new and well improved. A snap for a short time. Address or call on W. W. Lyeoe, Bandon, Oregon. 55-11

When buying a cough medicine for children bear in mind that Chamberlain's Cough Remedy is most effective for colds, croup and whooping cough and that it contains no harmful drugs. For sale by C. Y. Lowe.

## SCHOOL CENSUS IS COMPLETE

### County Census Shows 5678 Pupils of School Age

From the Coquille Sentinel we glean the following:

"Co. Supt. Bunch this week received the last report from the school clerks of the county and the total counts of the children of school age in the county have been made. According to this official count there are 5678 children of school age in Coos county, 2903 of this number being males and 2775 females.

In connection with the school census the county superintendent has also compiled the figures relative to school funds and presented them to the county commissioners at their meeting this week for the final action relative to the raising of the necessary funds to carry on the school work for the coming year. This report shows there are 28 districts in the county which have a shortage of pupils to such an extent that they will not be able to claim \$300 from the regular county school fund and for this reason a special school tax will be necessary in these districts.

This tax, according to the statutes, is limited to 5 mills and in several instances in the county this deficit is so large and the taxable property so small that the 5 mill tax will not raise a sufficient sum to complete the \$300 maintenance fund required by law. In these instances the county must make up this latter deficit from the funds of the county in order that these schools may receive their portion of the state school funds. There are but five cases where the county will have to make up the funds and the total amount is but \$163.10.

At the commissioners session this week these deficits will be made up and the special tax levies for school purposes will be authorized.

### Dr. Perkins Returns

Dr. S. L. Perkins returned Saturday noon from a seven week's trip across the continent in which he traveled 9,500 miles and saw a large amount of country.

When the Dr. left here in Nov. he went to Detroit, Mich., where he had been summoned on a lawsuit and having the major part of the territory covered between here and Baltimore, Md., where his children are, he could not resist the temptation to go on and see them. After spending a little over a week in Baltimore he went on to North Carolina where he spent a few days with his mother; from there he went to Bristol, Tenn., thence to Jacksonville, Fla., and then to New Orleans. On his return trip he visited Arizona, New Mexico, California and other points, and made a stop over of a day at the Grand Canyon.

The Dr. says he is glad to get back to Bandon and see all the people once more, and that Bandon looks better to him than ever.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever? Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by C. Y. Lowe.

See A. A. Paull for best grade coal. Phone 382. 66t

## LIKES WAY RECORDER BOOSTS

### J. F. Auer of Lyle, Washington, Says We Pursue Proper Course

J. F. Auer, of Lyle, Wash., in sending the wherewith to renew his subscription to the RECORDER for another year says: "I am interested in Bandon and its adjacent country, to a great extent, and therefore must have the RECORDER to keep posted on how things are progressing in that part of the country.

I like the way the RECORDER stands up for improvements and boosting for Coos county. There is nothing that would suit me better than to have a harbor and river with greater depth, so that deep sea going vessels could enter at Bandon and go up the river, also good roads in all parts of Coos county wherever they are needed.

There are no other two things that would help the people as much as that. It seems to me that everyone ought to be willing to help improvements of that kind at any time.

I have been at Bandon and in its adjacent country and know something about it and have a little property there and expect to live there some day if the Lord is willing. I think Bandon by the Sea is all right, and so is its country as a whole. I am always glad to hear of improvements in Bandon and Coos county that I think will help the country and the people. BOOST FOR BANDON.

I hope the year 1911 will prove to be one of the most prosperous and successful years Bandon and its adjacent country has ever experienced."

### Death of Mrs. S. S. Little.

S. S. Little received a telegram from Arlington, Washington, Sunday evening stating that his wife Mrs. Hattie Little, had died that day. No particulars were received, but it is evident that the death was very sudden, as Mr. Little received a letter from her Sunday evening which was written on Wednesday previous, at which time she was well, excepting a slight cold.

Mrs. Little was well known here, having come here January 1st, 1910, at which time she and Mr. Little were married. She went back to Arlington, her former home, about December 1st, to look after the interests of her property, having quite large holdings in and near Arlington.

Deceased was about 62 years old and was a lady of noble christian character.

She was also an aunt of Mr. and Mrs. C. E. Kopf of the RECORDER office.

The remains will be laid to rest at Arlington. Mr. Little did not go, owing to the fact that it would take nearly a week to get there and the funeral could not be held so long.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. Sold by C. Y. Lowe.

Foresters of America will give their 15th Annual Grand Ball, Jan. 28th in Bank Hall. Watch for posters.

## BOATS ARRIVE AND DEPART

### The Shipping Business of Bandon is Constantly Increasing

The Fifield arrived Saturday morning with a good cargo of freight and a full list of passengers as follows: Mr. Wilcox and wife, Miss Nelson, Mrs. Nelson, B. W. Charlesworth and wife, R. G. Armstead, E. W. Schetter, A. Dawson, C. Judell, W. P. Hughes, John Devereaux, G. R. McNair, A. J. Morgan, G. S. Hancock, J. C. Brown, J. H. McCarterney, W. D. Rabert, A. E. Thelin, Mrs. Peck, Mrs. Elliott, C. R. Moore, B. A. Kolp.

The Fifield will probably sail on the early tide tomorrow. She will take cut 525,000 feet of lumber and a full list of passengers.

The Elizabeth arrived Sunday morning with a good cargo of freight and a big list of passengers. She will also sail on the early morning tide.

The Arcata will sail in the morning with a cargo of coal for San Francisco.

The Randolph is also in port.

### Four Mile Locals

A major grade ball was held at the Four Mile Hall and about 115 were present. The largest crowd ever assembled at one time at this place. Supper was given by the Socialist local. About 23 people were masked.

A. Davis and R. P. Hunt were Coquille visitors last week.

A number of Four Mile people visited Bandon Saturday. J. A. Cope made a trip to town. Mrs. T. H. Shaw, Herman DeLong, L. F. Gardner and Mrs. R. P. Hunt were Bandon visitors. James Adams and wife spent Friday and Saturday in town.

Warren Jackson, son of Hayden Jackson, has spent the last two weeks with his grand parents, Mr. J. A. Cope, returned home last Saturday.

Yet Shields has taken the contract to log for the Foster mill. The mill is running pretty steady now.

What has become of the game and fish warden? It would be a wise plan to take a trip on some of the small streams down the coast and see from one to six or eight small boys, with guns and spears, killing the salmon and pulling them out on the banks for the dogs to eat, which is almost certain death to the dog. Cattle drivers value their dogs very highly are also in danger of losing their valuable canines. It should be stopped.

Albert Mecum moved his family to Clayton mill last week, where he has work. —Pete.

### Pythian Sisters Install Officers

Pythian Sisters installed officers last Friday night, Jan. 6th, as follows: P. C., Nora Morrison; M. E. C., Angie Swengel; E. S., Laura Shields; E. J., Sadie Shields; Manager, Elva Gibson, M. R. and S., Ella M. Rae; M. F., Cathryn Conger; Protector, Mrs. O. W. Howell; Guard, Anna Tucker. Banquet followed installation, after which a general good time was enjoyed by all.
