According to the new census there are 93,492,151 people in the United States, and yet we heard a Bandon young man singing the other day—"There is only one girl in this world for me."

The Aloha Club gave a five hundred party last night in Odd Fellows' Hall. Most of the members were present and a very pleasant time was enjoyed by all present. J. Crain won the gentleman's prize, a hand painted coffee cup and saucer, and Mrs. Anna Craine won the ladies' prize, a hand painted spoon tray. Elegant refreshments were served and the hall was beautifully decorated for the occasion.

F. W. Stevens will leave on the Fifield for San Francisco and California points where he will spend a couple of months on business and pleasure. He expects his wife, whom he has not seen in six years, will join him there and return to Coos Bay with him in the spring. She has been in poor health and has recently been at the mineral springs in Iowa.

The bill providing for the repeal of the law prohibiting the shipping of crabs from Coos county was introduced by Representative Peirce, joint representative from Coos and Curry counties. Local people are protesting vigorously against the repeal of the law as they claim that it would mean that crabs would be exterminated from here within a short time. An appeal has been made to the Coos legislators to have the bill killed.—Times.

T. T. Hill, the contractor, is rushing the work on the new Cessna building, north of Rosa Co.'s store. We are informed that the original plan of the building has been changed and that the first floor will be used for a store room instead of the entire building being used for a lodging house. We understand that N. N. Jacobovich will occupy the store room with a line of groceries when the building is completed.

Geo. P. Laird came home from Portland, on the Breakwater, where he is attending business college. He expects to remain over one trip and visit his little girl as well as to look after business matters. Geo. says Bandon looks better to him than ever before, and that one does not hear much at Portland about any place in Coos county but Bandon.

The Bernell Stock Co., which put on "The Battle" at the Bandon Opera House last night succeeded in pleasing the audience to the fullest extent. This is one of the best troupes that ever came to Bandon and will, no doubt, be greeted with a well filled house whenever they appear here. This company will be here again next Thursday night and all play lovers should avail themselves of the opportunity of hearing a first class play.

The Dragon Fly.
The dragon fly's appetite is never satisfied, although that amazing insect, with its 50,000 microscopic eyes, eats continuously from daylight until dark, capturing thousands upon thousands of flies and other noxious insects during the day. But the digestive apparatus of the dragon fly is such that all it takes into its long stomach is digested instantly.

Passports in Russia.
Russia is very careful whom it allows to travel in central Asia. An ordinary Russian passport will not admit one to this district.

Oldest Fire Engine.
The original fire engine, the first machine of its kind ever made, is preserved in the old parish church at Portsmouth, England. It is only four feet long and four feet six inches in height. The car rests on four small wheels, and the hose is attached to the top. A chimney lever placed at the back of the car sets the machine in motion. The steam thus forced through the pipe was very small and doubtless had very little efficiency.

Taking No Risks.
"Why do the girls on the street all look so much prettier on a rainy day?"
"The ugly ones all stay indoors!"

All in the Family.
"What are you going to get your wife for her birthday?"
"I think I'll get her a pipe."
"She doesn't smoke, does she?"
"No, but I do."

For Others.
Of beauty unadorned we rave
And make our protests louder,
But for a little chum we crave,
The girl of puffs and powder.

And That's a Fact.
"There is only one time when failures don't count."
"When is that?"
"When a man succeeds."

Want Their Children Thieves.
The Kakha Khels, a tribe that inhabits the country of the Khyber pass, in northern India, are thieves and consider thieving a most honorable occupation. A young woman of the Kakha Khel will not look at a young man who would like to become her husband unless he is proficient in the art. The dearest wish of a mother is that her little boy may become a cunning thief. Every child is consecrated, as it were, at its birth to crime. A hole is made in the wall similar to that made by a burglar, and the mother passes the infant backward and forward through the hole, singing in its ear: "Be a thief! Be a thief! Be a thief!" They are probably the only tribe in India who glorify peculation and raise it to the dignity of a regular calling.—Christian Herald.

Jenny Lind is a Child.
Jenny Lind as a child of three years was the lark of her parents' house. As a girl of nine she attracted the attention of all lovers of music and entered the Stockholm conservatory as a pupil. Her continuous studies at so tender an age caused the sudden loss of her voice, and for four full years she pursued her theoretical and technical studies, when suddenly the full sweet sounds came back, to the delight, as every one knows, of thousands for many years.

Mark Twain's Definitions.
It is told of Mark Twain that during a conversation with a young lady of his acquaintance he had occasion to mention the word drydock.
"What is a drydock, Mr. Clemens?" she asked.
"A thirsty physician," replied the humorist.

Don't forget that T. W. Robison is handling all kinds of hay, grain, feed, etc., at the very lowest prices. 40-1f

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the common causes of stomach troubles. Correct your habits and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by C. Y. Lowe.

PERT PARAGRAPHS.

DON'T laugh at a man because he is ignorant of the simplest details of your business. Maybe he knows his own.

Foresighted ones take their appetites on long daily walks to get it in training for the holidays.

One reason why the world laughs with youths that it was going to laugh anyway whether you did or not.

Keep your trouble to yourself and let your joys out on long time loans if you would be popular.

Some men may never have dared be as funny as they could, but others never were as funny as they thought they were.

It is usually easy to believe the most disagreeable things about one whom we dislike.

When the people marry for a joke they don't have any difficulty in deciding which the joke is on.

Riches are a curse, we are told, but were they suddenly thrust upon us we would try to be reconciled to our doom.

They Have Their Way.

"I am going to shift bosses the first of the month."
"Getting a new stenographer?"

Need of Haste.
"Haven't you changed the labels on these egg baskets by mistake?" asked the inquisitive clerk of the intelligent grocer. "The ones marked 'strictly fresh' have been in longer than the others."
"Don't worry," said the grocer; "the others will keep."

Smart Thing.
"Ethel."
"Yes."
"What do you do when you meet a fresh young man?"
"A real fresh young man?"
"Yes."
"I put him in a pickle right away."

Paid For It.
"How is your speculation getting on?"
"Just so-so."
"The last time I saw you you were long on wheat."
"I'm long on experience now."

Will Know It.
The men who are defeated will sadly go their ways
Quite sure they have been treated
To melancholy days.

Sometimes Effectual.
"What will stop a scandal?"
"Stop a scandal?"
"Yes."
"Well, a big bury, two fisted man going after the purveyors of it is about as good as anything."
