## BANDON HIGH DEBATE CHAMPIONS

### Win Both Debates and Keep Championship of Coos County

The result in points made by the schools are:  
Bandon—7.  
Myrtle Point—6.  
North Bend—4.  
Coquille—2.  
Marshfield—1.

A series of debates were held in each of the towns of the county last Friday, Feb. 10th, on the question "Resolved—That all telegraph lines in the United States should be owned and operated by the Federal Government."

Each school had an affirmative and a negative team, and the arrangement was a circular affair, every negative going away while the affirmative debated at home.

Bandon met Coquille here and the result was a decided victory for the Bandon affirmative.

The weather was very bad and the debate was not as well attended as it should have been or as the hard work and earnest effort of the debaters deserved. However, the contest was most thoroughly enjoyed by those present.

Our affirmative had the visitors outclassed from the very start, but the Coquille negative put up a fight that did them great credit also. Both teams showed careful and extensive preparation and the arguments advanced both pro and con would do honor to anyone. The affirmative team was: Earl Watkins, Tom Ostien and Harry Crain of Bandon, and the negative team was: Walter Ordeing, Eva Sugg and Matt Karrigan of Coquille.

After the decision, and congratulations to the winners and compliments to the commendable work of the defeated ones, the debaters, judges, school board and faculty were ushered to the banquet prepared by the high school students. The "spread" was a grand affair, the room being beautifully decorated with streamers of crimson and white in honor of the visitors, and black and gold for the Bandon High School. The menu was one doing credit to the students and was of course the most "enjoyable" feature of the whole evening. The judges, Mr. Selby, Rev. Taylor, and Mr. Reigard, and Supt. Hachett of Coquille, gave very interesting and instructive toasts, which feature in itself was a rare treat to the appreciative listeners.

The debate our negative team put up at Marshfield won the decision of all three judges—C. Giles and S. D. Pulford, attorneys of Myrtle Point, and Judge Hammond of Coquille. This shows that the deserving school got the decision, and this unanimous vote gives us the lead of one point over Myrtle Point, who defeated Coquille at Coquille, and North Bend at home. We must note the fact that Myrtle Point had only decided to enter about two weeks ago.

The Bandon negative team was: Lena Langlois, Thos. Laird and Ernest Wilkins, who met John Ferguson, Nellie Trivey and Eric Bolt at Marshfield.

Our negative is the same team that defeated Myrtle Point last year. Bandon's affirmative defeated North Bend last year, so Bandon has met all the other schools and proved itself fully capable and equal to the occasion. She has won the laurels and succeeded in keeping them for two years. She has defeated each of

## GOOD PROSPECTS FOR BUILDING

### Indications That City Will Grow Rapidly This Summer

That Bandon will have a good season of building this summer seems now to be an assured fact. There are many houses going up now all over town and as soon as spring opens up there will be many more started. There are also some business buildings to be erected if present indications are to be relied upon, and although there is no indication of a boom, yet it appears that a good, rapid, steady growth is in store for the city, and real estate dealers are getting many inquiries from eastern people who are looking for farm lands, and indications are that the country will also come in for its share of the development.

## From Port Orford Tribune.

John R. Miller received a complete stock of groceries by the last boat, and now has one of the best and most up-to-date stocks seen in Port Orford in some time, which he has marked down to a living price.

John Long has commenced the construction of his business house on Jackson street. The Coaster, which brought down the remainder of his lumber last week, also landed his carpenter, Chas. Palmer, of Bandon. Mr. Long has all the material on the ground and will be ready to open up for business in the early spring.

Among other things, Port Orford is promised a barber shop in the spring. E. J. Baker, who has had many years' experience in the profession, expects to move up from Corbin and open a tonsorial parlor. It is a needed acquisition to the town and should be a remunerative one to Mr. Baker, as all signs point to a busy season for this place.

## Card of Thanks.

We desire to thank all the kind friends who assisted us during our recent bereavement, caused by the sickness and death of our beloved wife and mother.  
—W. F. Disher and daughters.

Duncan Hendry and bride, formerly Miss Pearl Shearer, are guests at the home of Mr. and Mrs. A. W. Myers in North Bend. Mr. and Mrs. Hendry will leave soon for Shanghai, China, where Mr. Hendry will engage in business with an uncle.—Coos Bay Times.

the other schools and our City by the Sea might well rejoice with the twice champion debaters of the Coos Bay district of the Oregon State Debating League.

The champion school of the Coos Bay District is scheduled to meet the champion school of the Southern Oregon District including Klamath Falls, Grants Pass, Merrill, Oakland and Roseburg at the time and place decided by the executive committee of the State League. The question would be: "Resolved—That national conservation of natural resources is preferable to State conservation."

Last year the Bandon team could not possibly have taken the trip out to Grants Pass because of the isolated position we are in and the very heavy expenses that it would incur. We do not know whether arrangements can be made to meet them this year or not.

## BASKET BALL FRIDAY NIGHT

### Bandon High School Will Play the Myrtle Point High Here

What promises to be the most exciting game of Basket Ball of the season will be played next Friday night in the Bandon Opera House, when Myrtle Point will play Bandon High School. Myrtle Point is first in the league and Bandon is second so far, and the coming game will be close and interesting. Three weeks ago Bandon played them 17 to 10, and now it is up to the boys to beat the champions and we are sure they will put forth their very greatest effort to do so.

Myrtle Point will run an excursion boat and bring a big crowd, and we need your presence and enthusiasm to help us put up one of the best games of Basket Ball ever played in Coos county.

Remember this is the big game of the season so come out and encourage the school that is so rapidly taking the top place among the schools of the west—the one that is more widely known than any other in Coos county.

Bandon Opera House, Friday, Feb. 17, 1911. Admission 25cts. Remember the time and the place.

## New York's Gift to Lord and Lady Decies.

New York, Feb. 8.—The city of New York made Lord and Lady Decies a wedding gift of \$880. It does not appear in any of the lists, but this sum represents the time value of the police service given during the four hours that the church was open and the three hours additional occupied in the reception at the Gould home. Altogether 264 men were detailed for the service in this connection. A deputy commissioner gave \$20 worth of time to the assignment; three inspectors gave \$30 worth; two captains gave \$14 worth; seven lieutenants and eight sergeants gave \$70 worth, and 193 patrolmen, together with 50 plain clothes men, brought up the total to \$880.

## New School for Port Orford.

Port Orford, Ore., Feb. 13.—The commercial club at a meeting unanimously decided to push the proposition of bonding the school district for \$5,000 to build a new and modern school house. Secretary Meredith of the club was instructed to prepare the necessary petition and secure the signatures and file it with the school board at an early date that the special election may be called as soon as possible.

It is the intention of the Port Orford citizens to make a winning fight for the location of the county high school which was voted by the county last fall, and which the county court will locate at its meeting next July.

You are probably aware that pneumonia always results from a cold, but you never heard of a cold resulting in pneumonia when Chamberlain's Cough Remedy was used. Why take the risk when this remedy may be had for a trifle? For sale by C. V. Lowe.

Stmr FIFIFLD. The Popular Packet for Particular People. 54th

## OIL PROSPECTS LOOKING BRIGHTER

### Have Better Indications Than Ever Before and Drilling Continues

The prospects for oil at the Miocene Oil & Gas Co's Bear Creek well are getting better all the time, the well is now down considerably over one thousand feet, and the drillers have gone through one or two thin layers of oil sand, and have found oily substance in considerable quantities. The work of drilling is being pushed as rapidly as possible, and the prospects for a good flow of oil are getting better all the time.

## Bernell Stock Company.

The Bernell Stock Company will appear at the Bandon Opera House to-morrow evening, Wednesday, February 15th, in the three act farce comedy, "Bosom Friend of Bows-cra's." This is a scream from start to finish, and all who attend will be amply repaid, as the troupe is certainly making good.

## Four Mile Notes.

We have been having some regular winter weather, wind, rain and sleet have been the latest. A number of the larger mountains are covered with snow back from the coast.

New mill was started up last week by the Rickert brothers.

A baby boy was born to J. N. Luke and wife, January 31st.

Mrs. A. Davis is mending very slowly. Mrs. Charles Davis had another severe sick spell, but was resting easier at last accounts.

John Foster of Weaverville, Cal., is visiting his sister Mrs. A. Davis. Mr. Foster may locate if he can find anything to suit him in these parts.

Mrs. J. A. Cope has been on the sick list also. Her DeLong's family. Mrs. W. A. DeLong is also sick. Mr. Baird came to visit Mr. Shaw and took sick the next day. It seems to be a kind of la grippe that has taken hold of people in this section. Quite a number at Clayton's mill have been sick with the same disease. PETE

## A Runaway Engine.

Great Feature Film at the Grand Wednesday, February 15th. The Moving Picture World, commenting on this sensational production says: "The producers of this thrilling picture leased a railroad and actually smashed two locomotives."

A girl runs an engine to meet the wild locomotive, jumping just as the monsters meet, thus saving the president's special train from being smashed by the runaway engine.

The picture is thrilling, the acting seems almost too realistic in places. Don't forget to see it."

## Will Save Wilhelmina.

The gasoline schooner Wilhelmina which went on the beach at the mouth of the Umpqua several weeks ago will be saved. She was so far on the sand that it was impossible to get her back in the ocean so she has been gradually worked across the sand to the river. Yesterday she was within 150 feet of the river and will be floated again in a few days. The boat is not damaged much on account of her dry land experience.

## SENATE VOTE IS FOR FRISCO

### Panama Canal Exposition Resolution Passed Unanimously Today.

Washington, D. C., Feb. 11.—The joint resolution naming San Francisco as the place of holding the exposition in 1915 in celebration of the opening of the Panama Canal, passed the Senate without opposition.

This now finally settles all doubt as to where the great fair will be held, and California and the entire Pacific coast will work to make it the greatest exposition ever held in the world.

## Portland Live Stock Market

Portland, Feb. 12, 1911.—Receipts at the Portland Union Stock Yards for the week have been: cattle 2745; calves 66; hogs 883; sheep 6291; horses 25.

This week's market was an up and down affair. Strength developed on Monday only to weaken on Thursday when an enormous run appeared. The market Friday was fully a quarter off and steady for the lower basis. Prime steers were offering more freely and high prices ruled on this class. The bulk sold around \$6.00. Butcher cattle was steady to lower after Thursday.

The hog market was a shade higher if anything. One lot of extra quality sold at \$8.65, but the extreme top today is considered \$1.50. Receipts were light and all from coast points.

Trade in the sheep house broke under the strain of a mutton avalanche fully a half dollar, and grain fed yearlings and wethers are quoted from \$4.50 and \$4.75. Lambs \$6.00 and \$6.25. Buyers are indifferent to anything but strictly top quality.

Trade in the horse market was comparatively quiet as the supply on hand was very light. Demand continues good for heavy drafters.

## Anvil Sails Today.

The Anvil is scheduled to leave Albers Dock, No. 3 today on her way to Bandon. She will probably stop at Florence, Newport and Tillamook on her way down. Mr. L. Veysey, one of the head men of the company, will probably be aboard, and will make an inspection tour of Bandon to see what the promises are for a direct service to this place.

The Anvil is a finely equipped craft and is up-to-date in every respect. If a direct service to this port could be secured, it would be of inestimable value, and we think would be a paying proposition in a very short time.

A "Little Girl's" party was given by Mrs. Zeek on Saturday, Feb. 11th, from 2 until 5 o'clock. Several games were played, the most favored one being played on "Pipes" that time honored game of the "soap bubble," after which light refreshments were served and each little guest received a valentine. Those present were: Alta Mars, Dolly Bowman, Margaret White, Lola, Lella and Dorothy Munciet, Marjorie Lorenz and Carrol Garfield, chaperoned by Helen Stephenson, Juanita and Theresa Button, Violet Adams, Mildred Crain, Tina Moomaw, Agnes Hoover and Zoe Forshay, chaperoned by Gail Boak.
