BANDON TIES FOR CHAMPIONSHIP

By Defeating Coquille Friday Night We are Even With Myrtle Point

Score 30 to 18 in favor of Bandon. The result of the Basket Ball game at Coquille last Friday night was a decided victory for Bandon. Our boys did not have a walk over with the C. H. S. team, but they succeeded in reaching the 30 mark while Coquille could only get 18 out of it.

The fact that it was the last game of the season and that if Bandon won she must play Myrtle Point for the championship of the county, gave a new interest and enthusiasm to the contest. There was a crowd down from Myrtle Point, and of course they wanted the victory to go to Coquille. But nothing could disturb or excite our well trained team of Stars and the easy way in which the team won the honors did not leave a good impression on the M. P. H. S. spectators. Our team is tied with them and if they are not afraid of us they will meet us at Coquille on a mutual floor and decide who the SUPERIORS are.

WILL MYRTLE POINT BE FAIR?

Myrtle Point made final decision last night refusing to play off their tie with Bandon High School at Coquille, although the general understanding between the boys of the two teams, for some time past, was that in case of a tie, the game would be played off at Coquille. In conversation with the Myrtle Point "Principal" at the Coquille game last Friday night, the B. H. S. manager discovered that he had entirely different ideas about it.

Refusing to reach an agreement at Coquille he invited our manager to Myrtle Point to make all arrangements for the game, and despite the fact that a whole day was spent groping for concessions, the Myrtle Point professor held out persistently that the game should be played in Marshfield, and consequently our manager again returned home with nothing definite to offer those who were anxiously awaiting the result of the conference.

Bandon's attitude is that the game should be played in Coquille in the hall where all previous Coquille games have been played this year. The teams meeting at this point would make it possible to run an excursion from both towns and thus enable the enthusiasts to follow their respective teams. But the Myrtle Point principal refuses to concede to this arrangement because this hall contains a balcony and we have played three more games in a balcony hall than they have. The truth of the matter is that Bandon has chosen the only logical and reasonable place to play the game. Coquille is 3 hours' ride from Bandon and only half as far from Myrtle Point, and as the half is a mutual one the plea of Myrtle Point is absolutely unreasonable. It only takes Myrtle Point about an hour to go to Marshfield but the B. H. S. team would be compelled to spend four hours taking the trip.

Our boys would just as soon play in one neutral hall as another, but as Marshfield is so much further away it seems to us if Myrtle Point was fair and did not want an advantage, or were not afraid to play the game with Bandon, they would come to reasonable terms. But the final result of the controversy is unsettled as yet.

REVIVAL MEETINGS AT M. E. CHURCH

Captain Branson of Philadelphia, Pa., has Charge of Services.

Captain Branson of Philadelphia, Pa., has arrived, and the meetings at the Methodist Church have begun. Captain Branson is an able evangelist and has met with great success at places he has been and everyone should avail themselves of this opportunity of hearing him. He is not a sensational speaker, but speaks with a force that shows he knows what he is talking about. He drives home the truths in a manner that is convincing and will give you something to think about.

Captain Branson is a Civil War Veteran and has had twenty-six years' experience in the ministerial and evangelistic field and has numerous anecdotes with which to illustrate his points and impress them on your memory.

His wife has charge of the singing and a large chorus choir is being organized to furnish music.

The meeting opened Sunday with a good attendance and from indications the church will soon be filled at every meeting.

BOND IS BIG FOR M'CLLAREN

is Bound Over in Sum of \$7,500 for Second Degree Murder

Roy McClallen, the Roseburg young man, who shot Ben A. Mahan at Roseburg last week, is well known in Bandon having been here camping several times and has been in the town at other times. A report under date of March 17th from Roseburg, says: "A warrant charging Roy McClallen with murder in the second degree was sworn out on direction of Prosecuting Attorney Geo. M. Brown. His bonds were fixed at \$7,500. The coroner's jury's verdict was non-committal. McClallen, who is a prominent young Roseburg man, shot and killed Ben A. Mahan."

Taking the witness stand in his own behalf at the coroner's inquest, Roy McClallen told the story of his killing of Ben A. Mahan last Monday night and of events that led up to the tragedy. It was the story of a man who claimed fear for his own life as the justification for taking the life of another, and of preceding threats and actions on part of the dead man that made the slayer even afraid to walk the streets alone during the day or night.

For three quarters of an hour McClallen kept the stand. Though his face bespoke a heavy mental strain, he talked with a clear, firm voice and his answers to the questions of District Attorney Brown came without any hesitation. When he had finished, two other men, Ellis J. Neal and F. B. McCord, the latter a brother-in-law of Mahan, were called to testify, after which the case was placed in the hands of the jury.

That Mahan attempted to draw a gun on him before he shot him was the first important statement made by McClallen. Reciting that he was en route home from the Elks' Minstrel performance with Miss Lillian Speicher, of whom the rejected Mahan was insanely jealous, McClallen then testified as follows:

"Mahan came directly toward me on the sidewalk and I told him to stop. He didn't say anything, but I knew he was after me. He kept right on coming and when he was within a few feet of me he tried to pull a gun and I fired at him with a pistol which I drew from my vest pocket. One of Mahan's hands was at his hip pocket when he advanced toward me. After he quit coming I stopped shooting. He was facing me at all times unless it was when he turned slightly in trying to draw his gun. I do not remember just how many times I fired; I was naturally excited at the time; I think I fired three times, though I have been told since that I fired four times. I was not acquainted with Mahan and never conversed with him. I have been carrying a pistol for the protection of my life ever since the first of the year, when Miss Speicher warned me in a note that Mahan has threatened to kill me."

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy, and cure your cold while you can? For sale by C. Y. Lowe.

SUSPECT STILL IN COMMUNITY

Did Not Sail on Elizabeth as Stow-away, Says Report from San Francisco

The report that the man who is suspected of killing little Barbara Holtzman at Portland recently had sailed from Bandon on the Elizabeth as a stow-away, is unfounded, and in fact Marshal Holman never reported anything of the kind. Mr. Holman said he saw a man loitering about the dock when the Elizabeth was in, and that he answered quite well the description of the man as sent out from Portland.

Report comes from San Francisco that no such man was on board when the Elizabeth arrived.

It is now thought that the man may be in some of the logging camps of the vicinity, or that he may have passed on down the coast through Curry county and into California.

There is now over \$2,000 reward offered for his capture, Gov. West having added \$1,000 to that already offered.

Bandon Educational Club

The regular meeting of the Bandon Educational Club will be held at the high school auditorium Friday evening, March 24th. The following program has been arranged:

- Values in Education.
1. Training the Hands—H. C. Ostien, Dr. F. W. Rossiter.
 2. Intellectual. The Practical Side vs. the Culture Side—J. W. Mast, F. J. Feeney.
 3. Moral and Religious.—Vivian Hutchins, Rev. H. L. Grafhous.

The musical numbers on the program will be in charge of Miss Winnie McNair.

All interested in work of this character are cordially invited to be present.

Redmen Ball a Success.

The Redmen annual ball given at Oriental hall last Saturday night was a decided success in every particular. All present enjoyed the occasion to the fullest extent, as is always the case when the Redmen are hosts. The committee reports a good financial condition, also, as they are about \$30 to the good.

The W. R. C. served supper in the hall below and report about \$20 clear of all expenses, and to say they put up a fine supper would only be stating it mildly. So taken all in all, the affair was a grand success in every particular.

John Shields and family are moving into their new house in Azalia Park to-day. They have a very cozy and comfortable new home.
