Farmers Should Select Best Samples of Grain.

As the fall and winter season of 1911 is going to be the greatest year for shows and expositions, wherein the best grain and farm products in the northwest will be exhibited, farmers should be on the look out for good sheaves of prize winning grain as the harvest time approaches.

Minnesota, North and South Dakota, Montana, Washington, Idaho, and Oregon will be represented at many of these shows, particularly at the big Northwest Land Show which is to be held in St. Paul in December. It is necessary, therefore, that those in charge of these exhibits get into touch with the farmers having samples of fine, well matured grain. The Northwestern Development League which has headquarters in St. Paul, will be glad to put farmers in touch with those in each state having charge of the exhibits. Before it is too late the grain growers should select his exposition samples as they will be needed.

In selecting these samples the best filled and best developed heads with straw bright, clean and free from rust should be secured. After selecting the grain should be kept where it will not be injured or get dirty. Stored in a dark place it will keep its original color. Tie the bundles at the base, in the middle and at the top just below the heads. Use a soft cord or any wide band cloth so as not to break the straw. Strip the leaves from each straw with a stick sharpened like a knife blade. Bundles should be from four to six inches in diameter.

Escaped with His Life.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctor said I had consumption and the dreadful cough I had looked like it, sure enough. I tried everything. I could hear of for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds, and all bronchial affections. 50c and \$1.00 Trial bottle free at all druggists.

Important News of Oregon.

Banks of the state show good gains in deposits and resources as compared with similar figures compiled last year. State Bank Examiner Wright finds deposits have grown over \$2,500,000, and in practically all departments of the banking business there is good advance. The latest report sets forth conditions as they existed at the close of business, July 3rd.

The Central Oregon Development League is exceedingly active, even though a very young organization. Having been formed about one week ago, it is already making plans for the next meeting of the organization early in the fall, and J. L. Hill will be invited to attend. The date of the meeting will be arranged to suit Mr. Hill's convenience.

Right in your busiest season when you have the least time to spare, you are most likely to take diarrhoea and lose several days' time, unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by C. Y. Lowe.

Medford business men will make a four-days' excursion through South-

ern Oregon some time this month, visiting Lakeview and Klamath Falls as well as a number of other points. Closer business relations with this territory is the object sought by Medford people.

Union and Walla Walla counties will probably form a two county development league for mutual help. It is believed that greater benefits will come to the northeast corner of the state with organization, and that greater gains will be made in immigration.

A bad taste in the mouth comes from a disordered stomach, and back of that is usually a torpid liver. A condition which invites disease. Herbine is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 50c. Sold by C. Y. Lowe.

After visiting 45 towns of Eastern Oregon, J. J. Sayer, field secretary of the Oregon Development League, is back at the Portland office, much impressed by his trip through the interior. He is enthusiastic about the possibilities and the future in store for Eastern Oregon. Mr. Sayer starts this week for a similar trip through the coast counties.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by C. Y. Lowe.

Umatilla County will have a great wheat crop of about 6,000,000. This county grows about 1 per cent of the cereal produced in the United States.

The Mazamas, the mountain climbing club of Portland, will scale Glacier Peak, in the Chelan country, Washington, this year. The annual outing is scheduled for August 2 to 21. Mountaineers of Seattle will join the expedition and a large party will attempt the ascent.

Sprains require careful treatment. Keep quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restore the parts to a healthy condition. For sale by C. Y. Lowe.

After nearly three years' work, the first two miles of the Celilo canal have been completed by the construction firm having the contract. This includes the upper end of the canal and Celilo Lock. It is expected that by another three years the canal will be open to navigation.

Esperantists of the Northwest will meet in Portland from July 19 to 21, under the auspices of the local Esperanto club. The meetings will be held in the convention hall of the Commercial Club. Special entertainment will be provided while the linguists are in the city.

The best list of early closing entries ever made for the races scheduled for the State Fair next September.

ber has been secured and the meet will be full of interest as well as to all who like to see spirited contests of this kind. While many favorite racers are listed, there are more new entries this year than ever before.
