## LEARN TO LAUGH.

A good laugh is the finest tonic that we can have, and if it happens to be at ourselves—well, so much the better. Once we can laugh at our disappointment that particular grievance takes wings and flies away, leaving us calm and unruffled to face the next. The man who enjoys a good laugh every day will be young at eighty.

## Iles Company Makes Good

The Iles Company formally opened the New Orpheum Theatre last night, playing to a packed house.

The play was the excellent comedy drama entitled "The Circus Girl" and to say the Iles Company made good would only be putting it in a mild form as the constant applause of the people would indicate, and it is an assured fact that they will have a full house every night this week.

Space will not permit us to say all the good things we would like to about the company but suffice to say that every part of the play last night was first class and the treatment accorded the people by the management of the New Orpheum was most courteous and the music was also of a high class and everybody went away feeling good over the evening's entertainment.

The Iles Company will be at the Orpheum all this week. Tonight they will play "Country Sweetheart" Wednesday night "A Wife for a Wife", and Thursday night, "Our Irish-American Cousin", all of which are high class plays and will be well rendered by the Iles Company. Seats on sale at J. T. Mars'.

## New Gasoline Schooner.

The new gasoline schooner, Hulda, built by Nels P. Nelson at Prosper, was brought down the river Sunday and will sail in a day or two for Astoria where she will be used on the Columbia river. She is a fine little vessel, is thoroughly seaworthy and first class in every particular. She certainly reflects credit on the workmanship of the builder. A fine new scow, also built by Mr. Nelson, was towed down to San Francisco by the Fifield this trip, and will be used on the Sacramento river.
