NAVAL MILITIA CO. FOR BANDON

Steps Being Taken to Organize Company or Division Here

That Bandon will have a Naval Militia Company or Division in the near future seems quite probable at present, and steps toward the organization of such company are being taken.

Any young man between the age of 21 and 35 is eligible to enlist, and those between the age of 18 and 21 may enlist providing the consent of the parents or guardian accompany the enlistment.

It is the intention to get 40 or 50 men in Bandon who are willing to enlist and then Capt. John J. Reynolds, U. S. Navigation Officer for the Pacific Coast, now located at Marshfield, will send an officer here to organize the company.

The U. S. Ship "Boston" is due to arrive on Coos Bay about August 10th or 12th, and if the company can be organized in time they will be taken to the Bay for a week or ten days' drill without any expense to them. This also would prove a very attractive outing for the boys, besides giving them a thorough knowledge of what they had in store in the way of tuition.

The government will furnish uniforms, guns, and all equipment, so there will be no expense to any one who enlists.

There is also a possibility that the Naval Militia Company of Marshfield will be brought over to the Bandon Carnival about August 24th, where they can be seen in action.

Another excellent feature about a Naval Militia Company in a city is the prestige gained with the government and many improvements to a harbor are secured through the organization that cannot even be secured through a commercial organization. For instance, the Port of Coos Bay has now been ordered placed on the U. S. maps, whereas, heretofore it was not done, even though the Chamber of Commerce had been working on the proposition for some time.

No one will doubt that a Naval Militia Company would be a good thing for Bandon, and there will probably be no trouble in securing the necessary 50 names.

Anyone interested in the proposition should see E. S. Gear, manager of the Golden Rule Store, and a member of the Marshfield company. Mr. Gear has also successfully passed the officers' examination and is in line for promotion.

COQUILLE PEOPLE TO IMPROVE RIVER

Enterprising Men Want Deep Channel to That City

Coquille, Ore., July 25.—At a rousing and enthusiastic meeting of the Commercial Club held here Saturday evening, addressed by J. J. Sayer of the Oregon Development League, it was resolved to enter on a new era of enterprise and practical work for the development of Coquille.

The improvement of the river from Riverton to Coquille will be the first project to be undertaken by an aroused public spirit. It was decided to secure the dredge Oregon to deepen and widen the river channel from Riverton to this city. One thousand dollars was promptly subscribed toward this plan and a committee appointed to continue the canvass for subscriptions for the work.

Mr. Sayer delivered a helpful and purposeful address that was enthusiastically received.

Important News of Oregon.

Portland, Or., July 25 (Special)—The Hill interests will spend \$25,000,000 in extensions and betterment to the properties in this state, according to advices received from the East. This sum will be made available for more mileage, aiding in the development of the whole state. The United Railways and The Oregon Electric will be extended and other feeder lines of the North Bank road, the backbone of the Hill system in the Northwest, will be pushed.

Mining men, capitalists and bankers of the southern part of the state have formed the Southern Oregon Mining Bureau, which shall gather and disseminate authentic information on Oregon mines. Men who have the confidence of the public have charge of the organization, which will publish a book telling of the state's mineral resources for the guidance of investors.

Colonist rates to Oregon will again be in effect this Fall, from September 15th to October 15th, on a basis of \$25 from St. Paul and the Missouri river to any point in this state, or \$33 from Chicago. Railroad traffic officials expect there will be a heavy movement to the Pacific slope this fall, for there is a heavy inquiry already about the rates.

The Commercial Club of Vancouver, Wash., has the right idea. It will foster closer business relations between the business men of that city and the farmers throughout the county. Frequent visits to each part of the county will be made by the city men, and every possible assistance will be given those of the outlying country. Co-operation in building roads and other matters of mutual benefit will be the result of this policy.

Oregon has a climate that is a great asset, but this fact is not generally recognized here at home. It was impressed during the past week however when the national convention of Christian churches was in

Four Mile Echoes

M. B. Pressey and bride moved to their home on Four mile. We all join hands in extending them hearty congratulations for a long and happy life, and all are glad to welcome them as our neighbors.

A picnic was held at the hall last Sunday. A splendid picnic dinner was served, after which came the debate—Resolved: "That war is not beneficial to the human race." R. P. Hunt, Ben Hause and John Stillwell were for the affirmative, and J. N. Luke, L. F. Gardner and T. H. Shaw for the negative; the affirmative won according to the vote of the audience. Several good recitations were given, music and songs were all good. M. B. Pressey gave a good recitative on the debatable subject of the day.

session here. R. A. Long, millionaire lumberman of Kansas City, who pledged a gift of \$1,000,000 to carry on the work of the church, said the Portland convention was the best in the history of the organization, and was due to the favorable weather which made it comfortable for the delegates at all times, so that the sessions were not fatiguing nor were the speakers tired and dull, as is so often the case when the conventions are held in Eastern cities in Midsummer.

CHECKS ARE FOUND NO GOOD

Grant Lincoln Leaves Town After Cashing Some Worthless Paper.

Grant Lincoln, moving picture magnate, former editor of the Klamath Falls Chronicle, newspaper man, printer and promoter of daily papers, who departed on the Alliance for Eureka with his wife Dolly Lincoln, vocalist, who sang in the Marshfield moving picture theatre, left some unhonored checks as souvenirs of his stay in Marshfield. W. H. Eickworth advanced \$10 on a check on a Los Angeles bank, but discovered it was worthless before Lincoln got away and with the assistance of Marshal Carter succeeded in getting Lincoln's \$25 watch as security until he could return the money from Eureka. G. W. Childs accommodated Lincoln by cashing a \$6 check on a Roseburg bank but the check was returned as there was no funds to meet it. It is understood that the watch held by Eickworth will be also held as security for this check.

Lincoln arrived on Coos Bay about a month ago. His first work was an effort to organize a stock company to start another daily newspaper in Marshfield. Not receiving sufficient encouragement or not having sufficient funds himself to make a showing to the prospective stockholders, the plan was abandoned and he then tried to start a moving picture theatre, but this also fell through. He claimed to be a large stockholder in the Klamath Falls Chronicle and also to be proprietor of a number of moving picture theatres.

Lincoln explained when his first check was protested that he was temporarily overdrawn. It is alleged that he used the money secured on the Eickworth check to make good another check that he had first given. —Coos Bay Times.

Lincoln was also in Bandon for several days, talking newspaper and moving picture show, and being unable to make either proposition go, he then made overtures to the RECORDER PUBLISHING CO., to buy an interest in this paper. He represented himself to be worth from eight thousand to ten thousand dollars, but after a conversation with the gentleman, lasting about thirty minutes the RECORDER management put him down as another hot air speaker and informed him that he would have to see the color of his money before there would be anything doing, and of course he couldn't show the coin so the matter was dropped. We have not heard, however, whether he passed any checks here or not.

Will Probably Deliver Address During Big Event

Governor West has been invited to attend the Bandon Carnival and Agricultural Fair and will probably accept as he is to be in this section of the state about that time. He is billed to address the teachers' institute of Curry county and will probably come here either on his way down or on his return.

The carnival committee is working almost day and night and are getting things shaped up so that the success of the affair is assured.

The intention is to make it an industrial and agricultural fair and carnival, and if it proves the success that now seems probable, it will be made an annual affair.

Get in and boost for the carnival as it will be a big thing for Bandon and all of southwest Oregon.
