

Bandon Industrial and Agricultural Fair and Carnival August 24-27 Inclusive

PRESBYTERIAN CHURCH WILL BE BUILT SOON

Work of Excavation for the Building Will Start in a Few Days

Work of excavation for the new Presbyterian church on Spruce street will commence in the very near future. The foundation plans for the church have arrived and the bulk of the plans will arrive on the next Elizabeth. The church is to be modern in every particular and will be built with the idea of best service and greatest convenience possible.

The floor plans as arranged by the architect will be superb in every particular. The main auditorium will be 56x46 inside measurement and will have a seating capacity of 375. The Sunday school room will be 36½x46, extreme inside measurement, with a seating capacity of 300. A large folding door will connect the two rooms so that in case of an overflow meeting the entire floor can be thrown into one room and give the building a seating capacity of 675.

This will be a church of which not only the Presbyterians may feel proud, but the whole city of Bandon as well, for it will certainly be a credit to the town.

The church will be rushed to completion as rapidly as possible, and it is hoped to have it ready for dedication early this fall.

Big Feature Film at Grand Theatre Wednesday Aug. 2

Grange Meeting.

Bandon Grange will meet next Saturday, August 5th, in I. O. O. F. hall. Forenoon and afternoon sessions. Lunch at noon. Initiatory work with a class of several candidates.

The special business to be discussed will be the matter of the Agricultural Fair and the advisability of arranging for a farmer's market in Bandon. This is a meeting of special importance and all members are urged to be present.

Miss Eva Sugg left this morning for her home in Coquille after a few days' visit in this city. While here Miss Sugg was the guest of Mrs. R. W. Boyle.

FILES TEN MILLION DOLLAR MORTGAGE

Papers in Important Railway Project Go on Record at Coquille

Coquille, July 29th.—Francis H. Clark, president of the Coos Bay and Oregon Central Railway, has returned from Portland to Coos Bay, passing through this city yesterday, and while here he stopped over and filed a \$10,000,000 mortgage.

The mortgage as filed of record runs from the Coos Bay and Oregon Central Railway Co. to the Commonwealth Title Insurance and Trust Co. of Philadelphia, securing bonds to be issued by the railway company in the sum of \$10,000,000. The mortgage covers all the property of the railway company acquired or to be acquired between Coos Bay and Roseburg or a point ten miles from Roseburg. The document was forty-two pages long and was executed by Francis H. Clark as president, and William A. Bartz as secretary for the railway company, and Dimmer Beeber as president, and James V. Ellison as secretary of the Trust company. The filing fees were \$42.

Mr. Clarke says he has nothing to say for publication at present other than that the favorable outcome of this railroad project seems excellent.

From other sources it was learned that Mr. Clarke was accompanied from Portland as far as Roseburg by Mr. Cornell, president of the Columbia Trust Co. of Portland, and who is treasurer of the railway company. In Roseburg a meeting was held Wednesday evening which was attended by T. R. Sheridan of the First National Bank and a number of other prominent property owners and capitalists of that city. At this meeting a movement was started by which the Roseburg citizens guarantee to Mr. Clarke and his associates right of way from Camas to Roseburg, and also right of way through, and a depot site in Roseburg.

All of this is good news for Coos county people and everybody is very enthusiastic over the prospect of early operations on a railroad.

It is also stated on good authority that the Southern Pacific is intending to get busy at once so it looks very much like two railroads for Coos county in the not far distant future.

Along the Wharf

The Fifield sailed Saturday with 450,000 feet of lumber, 9 tons of freight and 30 passengers.

The Fifield will sail from San Francisco for Bandon tomorrow evening.

The Elizabeth arrived in port yesterday morning with 13 passengers and 180 tons of freight.

The Elizabeth will sail tomorrow afternoon.

The Anvil was in from Portland Monday with a good cargo of freight and passengers.

The Bandon came in port on this afternoon's tide.

MORE INDICATIONS OF BIG OIL STRIKE

Gas Gushes With an Oil Seepage Struck at Oil Well Yesterday

An enthusiastic meeting of the Miocene Oil and Gas Co. was held last night and every one present was more sanguine over the excellent prospects for oil than at any time in the previous history of the company.

The good feeling was largely due to the renewed indications of oil as found yesterday when gas gushed stronger than at any former time, and quite a heavy seepage of oil was also struck. All of this had the effect of greatly strengthening the confidence of the stock holders in the proposition.

Mr. Smith, the new driller, has proven himself to be a thoroughly competent man at the business, and in addition to a wide experience in oil drilling, he is a natural mechanic, and he is now making rapid progress with the well. He is a California oil man and says the formation here is practically the same as the California oil field formations.

The well is now down over 1000 feet, and all concerned are confident that before 1500 feet is drilled that oil will be found in paying quantities.

Rebekahs Install.

The officers of Ocean Rebekah Lodge, 126, were installed for the present term by Mrs. Margaret White District Deputy President, and Mrs. Camilla Garfield as Grand Marshal, as follows:

N. G., Minerva Lewin; V. G., Effie Macy; Sec., Jane Smith; Treas., Louisa L. Davidson; Warden, Ada Still; Cond., Mathilda Johnson; I. G., Anna Craine; O. G., Sarah Costello; R. S. N. G., Laura Perkins; L. S. N. G., Leatha Moore; R. S. V. G., Mattie Rasmussen; L. S. V. G., Clara Goetz; Chaplain, Mary Gallier.

After the installation a short time was spent in social converse, and then all were invited to the dining room where a dainty lunch was served. The lodge hall and dining room were very attractive with their profusion of beautiful flowers.

Polhemus Here Yesterday.

Assistant U. S. Engineer, J. S. Polhemus, was in Bandon yesterday consulting with Engineer J. E. Kelley concerning the needs of the local harbor, and the indications are that his visit will be of considerable benefit to Bandon and the Coquille river.

E. Lewin has sold his meat market to Renskey & Ford, formerly of Marshfield, the transfer having been made this morning and the new firm took possession at once. Mr. Lewin will probably remain in Bandon, a fact that will be good news to his many friends. The new firm are both experienced meat men and have been in the business at Marshfield for about seven years. They are pleasant gentlemen and will no doubt receive a liberal patronage from the public.

RADLEY'S MILL DESTROYED BY FIRE

Everything Consumed. Only the Boiler and Engine Saved

Radley's mill was destroyed by fire about 12 o'clock last night, everything being consumed except the engine and boiler. It is not known how the fire started, but it is thought to have been of incendiary origin. Mr. Radley had no insurance on his mill, but will rebuild at once, and says he will be cutting lumber again in two or three weeks.

The loss of his mill is hard luck on Mr. Radley right at this time of the year as this is the time when the best progress in cutting timber can be made.

Exciting Ball Game Saturday

In one of the most exciting ball games ever played on the local diamond, Bandon was defeated by the Oakland, Ore., team last Saturday afternoon, but the score was only 6 to 8, and it took twelve innings to decide it. Dipple pitched the first six for Bandon and Ingram pitched the last six and both men did good work in the box.

Oakland will be here again next Sunday for a game and the fact that the two teams played such a whirlwind of a game last Saturday proves that they are evenly matched and a great game may be expected Sunday. Tuttle was unfortunate enough to sprain his ankle in Saturday's game, so will not be in the game Sunday, but Pollock will be behind the bat, so that end of the firing line will be well taken care of. Although the spectators were rather few in number last Saturday it is expected there will be a monstrous crowd next Sunday.

Come out and root for the home team.

Notice.

Having sold my business I desire all persons having claims against me to present the same at once; also all those knowing themselves indebted to me will please call and settle immediately. E. LEWIN.

Miss Ebba Wren of Bandon, but who is visiting in Salinas, Cal., at present, succeeded in successfully passing the examination for teachers' certificate in Coos county at the June examinations, and has been granted a license as a full-fledged teacher. Miss Wren is a member of the class of 1911 of the Bandon High School.

NAVAL MILITIA COMPANY ASSURED

Sufficient Signers Already Secured and Papers Forwarded

The Naval Militia Company for Bandon as mentioned in Friday's RECORDER is now an assured fact as sufficient applicants have already been secured, the papers have been forwarded, and it is hoped to have the company organized in time to take part in the big carnival August 24th to 27th.

Mr. Gear, the organizer, stated to the RECORDER yesterday that there was no further doubt as to the organization and maintaining of an excellent company here.

Grit, The News Boy.

Bandon play lovers will have an opportunity to see one of the best home talent plays ever put on in Bandon, at the Orpheum theatre tomorrow evening, August 2nd, when the Bandon Comedy Co. will put on the celebrated play entitled "Grit, the News Boy."

This is a play well adapted to the performers, and as a number of the company have had considerable experience on the stage, it goes without saying that they will furnish an entertainment worth while.

The Orpheum is a beautiful new playhouse, and the new opera chairs have arrived and will all be installed before that night, so this will add greatly to the attractiveness of the place.

The performers are practicing daily and everyone is an artist in his or her part. There are some pathetic scenes in the play and then there are others that will make you laugh until your sides will hurt, and all parts will be put on with the greatest of skill and accuracy.

You can't afford to miss this excellent play. The prices are right and you will more than get the worth of your money.
