

Too Eager.

Sir Henry Irving once had an amusing experience in Glasgow. For the part of the young prince in "Charles I," little Scotch girl had been engaged. She had been carefully coached, and all went well until she appeared in the poignant scene where Mr. Irving as Charles has an agonizing leave-taking with his wife and children and goes out to execution. "Promise me,"

SHE HAD BEEN CAREFULLY COACHED.

Charles says to the little prince, "that you will take care of your mother. And swear that you will never let them make you king while your mother Charles is alive," to which the child is supposed to reply, "I'll be torn to pieces first."

On this dreadful night, however, Mr. Irving only got as far as "promise me that you will take care of your mother" when out piped shrilly the annihilating reply, "I'll be torn to pieces first."

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before. Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. —Bandon Drug Co.

Orchard and Garden.

Don't sell all the good fruit. Keep some of the best for home use. Nothing is too good for "our folks."

The best remedy for pear and apple blight is to cut out and burn the affected twigs as fast as they appear.

Few persons realize to what extent fungous troubles are robbing the fruit grower and farmer of the profits of his labor. Spray.

In the absence of a heavy fruit yield in the peach orchard pruning should be done to insure new growth of wood for future fruiting.

Remember that there is no fertilizer for the garden that compares with well rotted barnyard manure. Application may be made any time during the fall, even if the ground is not to be plowed until late.

All flowers are kept in bloom much longer and the flowers are larger if not allowed to form seeds. Pinch off every flower as soon as it begins to fade. This is especially true of sweet peas and pansies.

The same sun, rain and dew fall upon the orchard of Mr. Careful as upon that of Mr. Slack, but Mr. Slack gets few marketable fruits. More depends on man and methods than upon Maine or Montana.

It is a very good plan to mulch the rhubarb plants with a lot of corn-stalks or coarse grass. This will protect the plants during the winter and also keep weeds from choking the plants if kept on after cultivation in the spring.

Seemed to Give him a New Stomach

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngsters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me a surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by C. Y. Lowe.

Where They Belonged.

"You can't always break the speed limit with impunity," declared a magnet expert. "A halt has to be called somewhere. St. Peter was standing by the gate when a ninety horsepower car came up with the speed of a comet and halted in a cloud of dust with such suddenness that the good guardian was greatly startled. He held up his hand and waved the party away. "Boys," said he, "if you want to scorch you'll have to go down below."

EDUCATED FARMERS.

Railroad King Says United States Can Never Have Oversupply of Them.

Few men in the world know more about farming as a wealth producer than does James J. Hill, the railroad king; hence this extract from an article of his in the Yale (college) News is well worth perusal.

"It seems probable to me," writes Mr. Hill, "that there are a good many hundred university graduates in this country every year who would be better off if they had shaped their studies with a view to agricultural industry and taken their diploma straight to the farm."

"There is not and never will be any oversupply of educated farmers."

"At the same time the man with a university education, supplemented by just such practical instruction as he would feel essential to any other occupation, is certain of success on the farm in proportion to his ability and industry."

"I do not think of any other occupation of which these sweeping assertions can be made. I do not know of any in which it is more possible to continue in connection with the main business of earning a living than enrichment and enlargement of the mind, which is the best gift of university life and its proper though seldom realized continuation after the university has been left behind."

"Except for those who have made the acquisition of wealth and power their definite aim in life I think the farm offers advantages superior to those of business or the professions."

Many things used in daily life have to be bought, but most of our troubles are homemade.

Hay Fever, Asthma and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolf-ram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. —Bandon Drug Co.

He Sang Them Out.

A new porter was put to work at an Irish railway station and was instructed to announce distinctly the destination of each train as it came in. Shortly after there was an arrival and the porter lustily yelled: "Change for Limerickgalwayanmayo."

The station master, who was standing near, reproved his subordinate. "Haven't I told you," he said, "to sing out the names of the stations clearly and distinctly? Bear it in mind. Sing 'em out! D'ye hear?"

"I will, sir," replied the porter, and the passengers in the next train that arrived were considerably astonished to hear the new official singing, "Sweet dreamland for me, Galway and Mayo!"

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by C. Y. Lowe.

A Jolt For Whistler.

When Whistler, the famous artist, dropped into an English country inn the landlord became very much interested in him. He felt that he had "a somebody" in his house. Whistler noted his host's concerned interest. "And who do you suppose I am?" he asked at length.

"Well, I can't exactly say, sir," was the reply, "but I should fancy you was from the music 'alls!"

Accused of Stealing.

E. E. Chamberlain, of Clinton, Me., boldly accused Bucklin's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of all their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists.

Trick of a Crab.

A small crab found on the English coast makes a mat of green seaweed when he is greatly frightened and spreads it over his shell so that he looks like a mass of floating green weed.

A King Who Left Home

set the world to talking, but Paul Mathulka, of Buffalo, N. Y., says he always keeps at home the king of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all druggists.

Are You Going to Build?

If so, you will want Building Hardware. You can get it here and on better terms than anywhere else in Coos County. Are you going to make your new home modern? If so, let us figure on your plumbing. We can give you satisfaction.
