

JOHN JACOB ASTOR IS A GOOD ROADS ENTHUSIAST.

Goes to France to Learn Construction and Maintenance of Highways.

Colonel John Jacob Astor, the millionaire, has joined the ranks of good roads enthusiasts, and sooner or later he will be heard from as exerting himself for the betterment of the public highways.

Colonel Astor has gone to Paris. On leaving New York he said: "One of

COLONEL JOHN J. ASTOR.

the chief purposes of my trip is to obtain copies from the French government of specifications for the construction and maintenance of highways. French methods of road building are excellent, as I have found by personal study."

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before. Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills.

Dairy Doings.

Don't feed out all the clover to the cows. Have a nice lot for the sheep. They will get as much good out of it as any animal on the farm.

The bull's dam is a big factor in the success of his progeny. Get a bull from a large producing cow, and the more such cows in his pedigree the better.

A cow which is gentle and which has never been known to kick will soon learn to kick if she is beaten. She will treat you pretty much as you treat her.

The man who cannot milk without abusing cows has no business in the cow stable. A kick or blow will retard the secretion of milk and may injure the cow for time to come.

Small, undersized heifers should not be bred too early. It is cheaper to have vigor and size at a greater expense of feed, so as to get the heifer into the herd at twenty-four or twenty-seven months.

No farmer would think of putting his family on a ration of bread alone, or even bread and potatoes, for one day, yet we see many a man compelling his dumb, helpless animals to eat a single roughage ration for months at a time.

Governor Hoard once said on the color question: "If grass had produced green butter the oleomargarine people would be coloring their product green. It has been said where substitution is possible fair competition is impossible. The dairy interests of the country do not object to the selling of oleomargarine as oleomargarine; it is not jealous of its competition, but coloring the stuff yellow permits fraud, does away with competition. Dairymen are not trying to annihilate oleomargarine, but the fraud it has created."

Seemed to Give him a New Stomach

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me a surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by C. Y. Lowe.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by C. Y. Lowe.

FOR THE GOOD ROADS CAUSE

Present Day Difficulties of Travelers Shown in Pictures.

One of the most interesting methods for advancing the cause of good roads throughout the south is being undertaken by the Southern Railway company, working in conjunction with the United States office of public roads.

The company has started a special "road improvement train," provided with lantern slides and stereopicon and screen. This train is touring the south, stopping at all the large cities and most of the small ones.

The stereopicon equipment is for the purpose of showing all the advantages of good roads and the disadvantages of bad ones. Pictures showing doctors caught in the ruts of bad roads while on their way to patients, undertakers' wagons delayed on the way to the cemeteries, auto motorists thrown on the road by a boulder in a bad road and two loads of cotton, one from a bad road territory and the other from a good road territory, the difference in weight showing the profits and losses that come from good and bad roads, are being shown.

It is hoped by the backers of the present movement that the road improvement train will stimulate the interest of the south, bring about the enactment of uniform laws and uniform methods in the handling of the improvement and maintenance of roads and give the whole south an opportunity to realize the full economic value of a complete system of improved highways.

Accused of Stealing.

E. E. Chamberlain, of Clinton, Me., boldly accused Bucklin's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of all their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists.

A Bank Indorses Good Roads.

The First National bank of Moultrie, Ga., opens up a new field for helpfulness and usefulness on the part of banks. The following resolutions were adopted by the directors of this progressive bank recently:

"We, the officers of the First National bank, do hereby heartily indorse the movement made by the chamber of commerce to improve the roads in this county.

"The First National is always eager to push any movement that will help and gratefully benefit the working people and the deserving farmers of Colquitt.

"During this good road movement, if at any time the deserving farmer sees that it will be necessary to put up a new wire fence, build a new house or improve his farm in any way, we stand ready to loan you the necessary money to make these improvements."

A King Who Left Home

set the world talking, but Paul Mathulka, of B. H. O. N. Y., says he always keeps at home the king of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all druggists.

PROGRESS AND PROSPERITY

"The good roads movement is not confined to any one state," says Clarence H. Bissell, president of the New Jersey Automobile and Motor club, "and it is to the credit of the people that they are awakening to the absolute necessity of good roads in order to assure progress and prosperity."

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by C. Y. Lowe.

GOOD THOUGHTS.

Let us have that to our praise Good God not only reckons The moments when we tread his ways, But when the spirit beckons, That some slight good is also wrought Beyond self satisfaction, When we are simply good in thought, However we fall in action. —Lowell.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness.—Bandon Drug Co.
