JAPANESE WAR SCARE.

This is a curious world. This world is full of paradox and irony. Singular and mysterious currents move it. Some of you may have heard occasional whispers of the awful war which the United States and Japan are about to fight, of, rather, frenzied shrieks that such a war is imminent. It is absurd, nonsensical and silly, of course, but it is also interesting, as a puzzle and a mystery always are. You have in New York, I believe, a Society For Psychological Research which investigates uncanny things. It would do the world a great service if it would unravel the mystery of this irrational yet persistent war talk, dispel this nightmare, exorcise this hobgoblin, lay this tiresome spook.—Baron Uchida.

TOOLS NEEDED IN ROAD BUILDING

Cheap and Practical Machinery
Within Reach of All.

A GOVERNMENT REPORT.

Portable Stone Crushers Are Invaluable in Building Good Macadam Roads—Future Maintenance of Highways Must Be Mapped Out Before Anything Else Is Done.

Road building is now occupying the attention of the people to a greater degree than ever before. Building by the old fashioned way is expensive. Tools that reduce the cost are within the reach of every county, and on this subject a government report says:

"In addition to the shovels, picks and other ordinary implements a considerable outlay for machinery is necessary. In these days of high paid labor and short working hours one rarely hears in this country of macadam stone being broken by hand.

"There are many kinds of stone crushers on the market. Except for city use and in cases where a large amount of macadam work is done every year within a comparatively small area, large stationary plants are undesirable. There are several kinds of portable plants which may be bought at prices ranging from \$1,000 to \$2,500 which are admirably adapted for country use. These plants include the stone crusher, engine and boiler, portable bins, revolving screen and an elevator to lift the stone after it is broken and to discharge it into the screen.

"The outfits are mounted on wheels and may be moved from place to place at a comparatively small cost. Under ordinary conditions from \$50 to \$100 will pay the expense of shifting such a plant from its old location to a new one several miles distant.

"Stone crushers are variable in their output. They all need much repair work from time to time on account of the severe usage to which they are subjected. With an outfit such as has been mentioned from eighty to a hundred tons (sixty to eighty cubic yards) of broken stone per day may be expected if the plant is kept in good condition. Such an output is usually satisfactory, since a single stream road roller will not often roll more than this amount in a day. The crusher will take stones which measure up to approximately 7 by 14 inches in cross section; larger stones require manhandling before they can be placed in the receiving orifice.

"In some places it may be found more economical to have the stone shipped in from some permanent crushing plant than to purchase a crushing outfit, and it is well to consider this feature carefully. It should also be stated that, while the first cost of the road is important, the costs of future maintenance must also be taken into account. It is sometimes economical even at a greater initial cost, to transport stone from a distance if thereby a more durable road may be had than is possible by the use of local stone.

"The crusher should be set up as nearly as practicable in the center of the section to be built; but, since much water is needed for the boiler, for the roller and for the watering cart, the site is often governed by the location of the water supply.

"If possible the crusher should be set low enough so that a platform may be built at the level of the opening which receives the stone. This platform should be sufficiently strong to bear the weight of the carts loaded with stone for the crusher. With this arrangement the large stones may be

dumped upon the platform and fed into the crusher without further lifting.

"The workmen who set up the plant should have had experience in this work. Much depends on the proper alignment of the several parts, and many petty annoyances in operation will be avoided if the work is done properly in the first instance.

"The steam road roller is now used to so great an extent that a discussion of its advantages over the horse roller is unnecessary. Macadam roads may, of course, be built with rollers drawn by horses. They may also be built without any rolling except by the wheels of moving vehicles. But experience has demonstrated that quieter and better work can be done with the steam roller and usually at a less cost. A so called ten ton roller is sufficiently heavy for country roads. Most of the culverts and many of the bridges are too weak to sustain with safety the heavier rollers. There are several excellent makes of such rollers, which may be had at prices ranging from \$2,500 to \$3,500.

"Since water is always needed in rolling the macadam a watering cart or sprinkler should be provided. The road official cannot often afford to wait for rain. Most of these carts are provided with extremely broad tires, so that the cart assists in consolidating the stone instead of rutting it. Many communities are provided with one or more watering carts, so that it is often unnecessary to purchase a new one for road building.

"In macadam work, as in all other construction work, there should be a competent foreman or superintendent in charge."

Foley's Kidney Remedy (Liquid)

Is a great medicine of proven value for both acute and chronic kidney and bladder ailments. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities and for the permanent relief and comfort it gives them. Bandon Drug Co.

Siamese Women.
The wives of Siamese noblemen cut their hair so it stands straight up from their heads. The average length is about one inch and a half.

An Equine Curiosity.
The anatomical museum of the Military Veterinary Institute of Vienna contains the skeleton of a horse which lived forty-five years. It belonged to a pensioned major who bought it in 1852, when it was five years old, and used it in several campaigns. Until two years before its death it could still trot with a buggy.

Before You Reach the Limit
Of physical endurance, and while your condition is still curable, take Foley's Kidney Pills. Their quick action and positive results will delight you. For backache, nervousness, rheumatism, and all kidney, bladder and urinary troubles. Bandon Drug Co.

New Worlds to Conquer.
Tommy's Mamma—Willie Bylenes is a tiny little boy to play marbles with, isn't he?
Tommy—Yes, ma'am.
Tommy's Mamma—Then why don't you play with him instead of with all those rough boys from the back street?
Tommy—I won all his yesterday.—Philadelphia Record.

Foley's Honey and Tar Compound
Still retains its high place as the best household remedy for all coughs and colds, either for children or for grown persons. Prevents serious results from a cold. Take only the genuine Foley's Honey and Tar Compound and refuse substitutes. Bandon Drug Co.

Experienced.
"Lan" asked, Henry, don't eat with your knife."
"Now, Mary, don't get nervous. I've ate with my knife for fifty years and never cut myself yet."—St. Louis Post-Dispatch.

Mothers who spend the night with sick baby appreciate the help they get from McGee's Baby Elixir—especially in hot weather. It quiets fever and irritation, soothes the stomach, checks the bowels, and helps both mother and child to obtain sleep and rest. Price 25c and 50c per bottle. Sold by C. Y. Lowe.

For butter tubs, butter barrels and fish barrels, see T. W. Robison at Central Warehouse. 53 tf

Sheriff's Sale on Foreclosure

Notice is hereby given that under and by virtue of an Execution and order of sale issued out of the Circuit Court of the State of Oregon, for the County of Coos, on the 21st day of July, 1911, in a certain cause wherein the Bank of Bandon, a corporation duly organized and doing business under the laws of Oregon, is Plaintiff, and J. H. Price, Sarah E. Price, his wife, Carl J. Foard, Christopher Nutley, Havi-side, Waters & Lavis, a corporation organized under the laws of California doing business in San Francisco (or Ira S. Lillick, their substitute defendant), William McKay, Mary T. Carpenter, and Cody Lumber Co., a corporation duly organized under the laws of Oregon, are defendants, being case number 2733 of said Court and commanding me to make the sum of \$6008.94 and costs taxed at \$156.80 with interest at the rate of 10 per cent per annum from the 24th day of March, 1911, due the Plaintiff, the further sum of \$3422.70 with interest at the rate of 7 per cent per annum from the 24th day of March, 1911, due the defendant, Carl J. Foard, the further sum of \$1885.61 with interest at the rate of 6 per cent per annum from the 24th day of March, 1911, due the defendant, Christopher Nutley, and the further sum of \$1920.50 with interest at the rate of 7 per cent per annum from the 24th day of March, 1911, due the defendant, Cody Lumber Co., all out of the hereinafter described real property I WILL, ON WEDNESDAY THE 6TH DAY OF SEPTEMBER, 1911, at the hour of ten o'clock in the forenoon of said day at the front door of the County Court House in the City of Coquille, Coos County, Oregon, offer for sale and sell at public auction to the highest and best bidder for cash all of the right, title and interest of said defendants in and to the following described real property, to-wit:—

Parcel I. Beginning at a point on low water line of the Coquille river 1134.7 feet north and 205.4 feet east of the south west corner of Block number 2 in Woolen Mill Addition to the town of Bandon, County of Coos and State of Oregon; running thence N. 35° E. 200 ft. along low water line of Coquille River; thence S. 35° 45' E. 520 ft. to the western boundary of the county road; thence S. 35° W. 20 ft. along the western boundary of the county road; thence N. 35° 45' W. 170 ft.; thence S. 35° W. 180 ft.; thence N. 35° 45' W. 350 ft. to the place of beginning, including the tide land and water frontage abutting and fronting said land to ship channel of Coquille River.

Parcel II. Also beginning at a point on the low water line of the Coquille River 1298.5 ft. north and 320.1 ft. east of the south-west corner of Block number 2 in the Woolen Mill Addition to the town of Bandon, County of Coos and State of Oregon; running thence N. 35° E. 46.5 ft. along the low water line of the Coquille river; thence S. 35° 45' E. 520 ft. to the western boundary of the County Road; thence S. 35° W. 45.5 ft. along the western boundary of the county road; thence N. 35° 45' W. 520 ft. to the place of beginning, including the tide land and right to the use of the water frontage fronting and abutting to ship channel of Coquille River.

Parcel III. Also beginning at a point on the western boundary of the County Road leading from Bandon to Bullards Ferry and 733.7 ft. N. and 493.7 ft. east of the southwest corner of Block number 2 in the Woolen Mill Addition to the town of Bandon in the County of Coos and State of Oregon; running thence N. 35° 45' W. 143.5 ft.; thence N. 35° E. 180 ft.; thence S. 35° 45' E. 208 ft. to the western boundary of the aforesaid county road; thence southwesterly along the said western boundary of the said county road to the place of beginning. W. W. Gage, Sheriff of Coos County, Oregon.

Geo. P. Topping, Att'y for Plaintiff.
Dated this 31st day of July, 1911. 59-45-F

Notice for Publication

Department of the Interior.
U. S. Land Office.
Roseburg, Oregon, July 1, 1911.
Notice is hereby given that Mr. Belle Axtell Kolp, whose post office address is Bandon, Oregon, did, on the 18 day of August, 1910, file in this office sworn statement and application No. 06528, to purchase the NE-1-4 SW-1-4 Section 34, Township 29 S. Range 14 West Willamette Meridian, and the number thereon, under the provisions of the act of June 3, 1897 and acts amendatory, known as the "Timber and Stone Law," at such value as might be fixed by appraisement, and that, pursuant to such application, the land and timber thereon have been appraised, \$106.00, the timber estimated 240,000 board feet at 40 cents per M, and the land \$10.00; that said applicant will offer final proof in support of his application and sworn statement on the 15 day of September, 1911, before A. D. Moore, United States Commissioner, at Bandon, Oregon.

Any person is at liberty to protest this purchase before entry, or initiate a contest at any time before patent issues, by filing a corroborated affidavit in this office, alleging facts which would defeat the entry.

BENJAMIN F. JONES
51-1108 Register.

Administrator's Notice.

Notice is hereby given, that on August 7, 1911, by order of the Hon. John F. Hell, Judge of the County Court of Coos County, Oregon, Roy B. Corson was duly appointed administrator of the estate of Caroline Corson, deceased. Now, all persons having claims against the said estate, are hereby required and notified to present the same duly verified to C. R. Wade, at his office, in Bandon, Coos county, Oregon, within six months from date hereof, that is to say, all notices must be presented on or before February 11th, 1912.

ROY B. CORSON,
Administrator.
C. R. Wade, Attorney for the Estate.
Dated at Bandon, Or., Aug. 11, 1911. 61-45-F

Why does everybody travel on the Star, Field? Because it gives the best accommodations and service —45 tf
