Five Apples Each Day.

Some imaginative apple growers have had a dream of Ben Davis or Baldwins or Greenings. It is not necessary to be specific or accurate as to the kind.

If every citizen of this great and glorious country and his wife and little ones ate five apples every day, the result would be health and happiness for the inhabitants and profits for the growers. Such a diet has been proposed for the salvation of the Nation. The physicians might relapse into a lean and hungry state and refuse to eat apples, but when physicians are poor the Nation is happy. Such is the logic of the inspired apple growers.

With every person on a diet of five apples a day the United States would present a fat and jubilant aspect to all creation. It would be come a Nation of no disease, no grouches, and few physicians, and all apple growers would be listed with the idle rich. No suggestions having as its origin the desire of producers to sell a product ever before had such an altruistic secondary motive.

It is alluring. It is useless that unimaginative, statistical persons reply that if every person, infants included, were on a five-apples-a-day diet the supply of Baldwins, Greenings, Ben Davis, and other varieties would be exhausted in a month. It lures in spite of statistics of production and transportation. Its only drawback lurks in the thought that after a month there might be no apple pie, no apple dumplings, and no cider.—Chicago Tribune.

Where the Locality Does Not Count

Wherever there are people suffering from kidney and bladder ailments, from backache, rheumatism and urinary irregularities, Foley Kidney Pills will help them. "Belvidere, Ill., A. E. Kelley, an ex-engineer, says: 'Three years ago my kidneys became so bad that I was compelled to give up my engine and quit. There was a severe aching pain over the hips, followed by an inflammation of the bladder, and always a thick sediment. Foley Kidney Pills made me a sound and well man. I cannot say too much in their praise.' For sale by Bandon Drug Co.

A bear that had been doing some damage in the Bridge neighborhood on the Middle Fork was brought to earth on the Parrish place on the North Fork last week. G. L. Parrish and Henry Miller were in the field building fence, when some dogs belonging to Fred Nosler, of Bridge, approached driving before them a big bear. The dogs treed the varmint near where the boys were, and they immediately procured a gun from the house and got Mr. Bruinf out of the tree. The dogs had probably been chasing this bear all day. The boys judged the animal to weigh at least 250 pounds. Mr. Parrish got two and one half gallons of fat from his half.—Myrtle Point Enterprise.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at All Druggists.

A Terrible Blunder

to neglect liver trouble. Never do it. Take Dr. King's New Life Pills on the first sign of constipation, biliousness or inactive bowels and prevent virulent indigestion, jaundice or gall stones. They regulate liver, stomach and bowels and build up your health. Only 25c at All Druggists.

Notice to Establish Grade.

Notice to Establish Grade on First Street in the Woolen Mill Addition.

Notice is hereby given that the Common Council of the City of Bandon, Coos county, Oregon, did, on the 15th day of November, 1911, at a regular meeting by resolution duly passed, determine to establish the grade on First street in the Woolen Mill Addition from the west line of Pacific avenue where First street intersects with Pacific avenue, thence running east to the east line of Coquille avenue, said grade to be established in accordance with the survey and profile of the city engineer, now on file at the office of the city engineer, and is open to the inspection of all persons interested therein.

Now, unless a written remonstrance signed by the owners of two-thirds of the real property adjacent to and abutting upon First street between points herein described, shall be filed with the city recorder within twenty (20) days from the first publication of this notice, the Common Council will pass an Ordinance establishing the grade on First street in the said Woolen Mill Addition between points herein described, in accordance with the survey and profile of the city engineer as herein mentioned and now on file at the city engineer's office.

By order of the Common Council.
E. B. KAUSRUD, Recorder.
This notice is published the first time on date of December 26, 1911. 100-24
