Gleason Says

comes from Dr. J. F. Carter, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50c. Satisfaction guaranteed by all druggists.

Long Widowhood.

In 1723, in the ninety-sixth year of her age, died Jean Countess of Roxburgh. She was not a very remarkable woman, but her memory is preserved on account of her long widowhood, which lasted seventy-one years. Her father, the first Lord Tweeddale, fought at Marston Moor in 1644. This Countess of Roxburgh's long widowhood is insignificant when compared with that of a certain Agnes Skinner. According to an inscription in Camberwell church, this worthy woman died in 1499 at the age of 119 years, having survived her husband only eight years less than a century.—London Telegraph.

To Mothers—and Others.

You can use Bucklen's Arnica Salve to cure children of eczema, rashes, tetter, chafings, scaly and crusted humors, as well as their accidental injuries—cuts, burns, bruises, etc., with perfect safety. Nothing else heals so quickly. For boils, ulcers, old, running or fever sores or piles it has no equal. 25c at all druggists.

Finest Food For Horses.

It is stated that, no matter what place of animal is brought to feed in the Frontier, Spain, in two generations it acquires remarkable toughness and endurance. This is attributed partly to the climate, but principally to its feeding on a rich wild clover called "zulla," found only in the province of Cadiz, which people there say is the finest food in the world for horses. The zulla is very rich in sustenance and grows to three or four feet in height and with more luxuriance in chalky, clayey soil, such as is found here in the vineyards which produce the famous Jerez wine or sherry. It is never sown or cultivated, as it seems to grow best wild.—London Spectator.

Nineteen Miles a Second

without a jar, shock or disturbance, is the awful speed of our earth through space. We wonder at such ease of nature's movement, and so do those who take Dr. King's New Life Pills. No griping, no distress, just thorough work that brings good health and fine feelings. 25c.

Paradise Fish.

There flourishes in Chinese rivers and lakes a small fish remarkable for its brilliant coloring of crimson and blue. It is called the paradise fish. In the sunlight it shows in rainbow hues. The dorsal fin extends from near the back of the head to the tail. The paradise fish was first brought to France from China by M. Simon in 1869, having been found in a brook near Canton. The most interesting thing about this little fish is the nest made by the male of glutinous bubbles below the surface of the water and measuring up to six inches across. Here it places the eggs, some 200 in number, and mounts guard over them during incubation.

The "Child's Welfare" movement has challenged the attention of thoughtful people everywhere. Mothers are natural supporters, and will find in Foley's Honey and Tar Compound a most valuable aid. Coughs and cold that unchecked lead to croup, bronchitis and pneumonia yield quickly to the healing and soothing qualities of Foley's Honey and Tar Compound. Sold by Bandon Drug Co.

Douglas Jerrold.

Of Douglas Jerrold the following story is told by W. Teignmouth Shore in "Dickens and His Friends":

"While living at Putney Jerrold had a brougham built for him. At the coach-maker's one day he was looking at the immaculate varnish on the back of the vehicle.

"Its polish is perfect now," he said, "but the urethras will soon cover it with scratches."

"But, sir, I can put on a few spikes that will keep them off."

"No. To me a thousand scratches on my carriage would be more welcome than one on the hand of a footsore lad to whom a stolen lift might be a god-send."

Public Reading Room, over Chas. Lorenz's store. Open every evening. Everyone welcome.

Repels Attack of Death

Five years ago (and doctors told me I had only two years to live.) This startling statement was made by Solomon Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.

Burns' Best Poem.

It is said that a boy was once asked in the poet's presence which of Burns works he liked best. After taking thought with himself for a little he declared that he liked the "Cotter's Saturday Night" by far the best. "Although," he added, "it made me greet (cry) when my father bade me read it to my mother." This statement seemed to impress Burns, for presently he said to the lad, "Weel, my callant (boy), it made me greet, too, more than once when I was writing it by my father's fireside."

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case, he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, dizzy spells left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills." Sold by Bandon Drug Co.
