anything about the price of oats and other feed, but he certainly can tell the quality. If you don't think so try our oats and feed on him awhile. You'll not see him getting "off his feed" during the trial. You'll not have to dose him up with condition powders to make him eat. Just try it.

Glorious News
comes from Dr. J. T. Curtis, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. It is an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50c. Satisfaction guaranteed by all druggists.

Fame Dickens Gave Bath.
Bath is a city for which the Dickens lover ought to have a peculiar affection. Dickens stayed frequently in Bath in his early days, when engaged on reporting work, and his tobacco jar and beer mug are still piously preserved at the Saracen's Head. About six miles from Bath is the tiny village of Pickwick, through which Dickens often passed, and he bestowed the name upon his most famous creation. Many of the scenes in "Pickwick" are, it will be remembered, laid in Bath. There is at the present moment—or was until quite recently—a tradesman in Bath of the name of Snodgrass.—London Chronicle.

To Mothers—and Others.

You can use Bucklen's Arnica Salve to cure children of eczema, rashes, tetter, chafings, scaly and crusted humors, as well as their accidental injuries—cuts, burns, bruises, etc., with perfect safety. Nothing else heals so quickly. For boils, ulcers, old, running or fever sores or piles it has no equal. 25c at all druggists.

A Monkey and a Knot.

The monkey's intelligence has never been able to arrive at a point which enables that animal to achieve the untangling of a knot. You may tie a monkey with a cord fastened with the simplest form of common knot, and unless the beast can break the string or gnaw it in two he will never get loose. To untie the knot requires observation and reasoning power, and, though a monkey may possess both, he has neither in a sufficient degree to enable him to overcome the difficulty.

Nineteen Miles a Second

without a jar, shock or disturbance, is the awful speed of our earth through space. We wonder at such ease of nature's movement, and so do those who take Dr. King's New Life Pills. No griping, no distress, just thorough work that brings good health and fine feelings. 25c.

Couldn't Keep It Quiet.

Being called to his feet unexpectedly at the gathering and asked to respond informally to the toast "The Ladies," Mr. Giffers hemmed and hawed and began: "My friends, all that I am, all that I have in the world, I owe to a woman—my wife." Here he was interrupted by that lady herself, who arose and said: "I told you when you put the property in my name you'd give it away the first time you opened your mouth."—Judge's Library.

The "Child's Welfare" movement has challenged the attention of thoughtful people everywhere. Mothers are natural supporters, and will find in Foley's Honey and Tar Compound a most valuable aid. Coughs and cold that unchecked lead to croup, bronchitis and pneumonia yield quickly to the healing and soothing qualities of Foley's Honey and Tar Compound. Sold by Bandon Drug Co.

Ruskin's Boyhood.

Ruskin's mother was an extraordinary woman. She was an evangelist, a Puritan of the strictest type and held strong views even on the sinfulness of toys. An aunt once bought the boy a Punch and Judy, but his mother immediately put them away, and he never saw them again. "My parents," Ruskin once said, "debarred me from all exercises but walking. They would not let me ride lest I should be thrown; boating was dangerous because I might be drowned, and boxing my mother thought vulgar exercise."

Backache—Almost Unbearable
Is an almost certain result of kidney trouble. D. Toomey, 803 E. Olive St., Bloomington, Ill., says: "I suffered with backache and pains in my kidneys which were almost unbearable. I gave Foley Kidney Pills a good trial, and they did wonders for me. Today I can do a hard day's work and not feel the effects." For sale by Bandon Drug Co.

Repels Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its lolly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.

The Intelligent Oyster.

It was Mr. Justice Darling who once defined a sheriff as something halfway between an oyster and a lord mayor. But Thackeray anticipated him in attributing human intelligence to oysters. "I was walking with him one evening from the club," wrote Edmund Yates, "and, passing a fish shop in New street, he noticed two different tubs of oysters, one marked 1 shilling a dozen and the other 1s. 9d. a dozen. 'How they must hate each other?' said Thackeray, pointing them out."—London Telegraph.

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case, he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, dizzy spells left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills." Sold by Bandon Drug Co.

Trees and Wind.

When one travels through the parts of Belgium bordering on the sea he sees a striking example of the influence on trees of strong and constant winds. The trees are in general bent toward the interior of the country. It was proved some time ago that the trunks of trees hurled in the pent bogs of Holland all lie in a southwest to northeast direction.
