Almost a Miracle.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent result." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at all druggists.

Pike Once High Priced Fish.

The pike is a fish for which now there is little demand. Yet Edward I., who regulated the prices of different fish that his subjects might not be at the mercy of the vendors, fixed the values of pike higher than fresh salmon and at more than ten times that of the best turbot. Pike are supposed to live longer than any other fish in spite of their former popularity as food. Gesner relates that in 1497 a pike was caught in Saabla with a ring attached inscribed, "I was first put into this lake by the hands of the governor of the universe, Frederick II., Oct. 5, 1230." This is the fish's story.—London Spectator.

The Danger After Grip.

lies often in a run down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering try them. Only 50 cents. Sold and perfect satisfaction guaranteed by all druggists.

The Reporter's Instinct.

Reporters become star reporters because they observe things that other people miss and because they do not let it appear that they have observed them. When the great man who is being interviewed blurts out that which is indiscreet but most important, the cub reporter says, "That is most interesting, sir; I'll make a note of that." And so warns the great man into silence. But the star reporter receives the indiscreet utterance as though it bored him, and so the great man does not know he has blundered until he reads of it the next morning under screaming headlines.—Richard Harding Davis in the Saturday Evening Post.

It Looks Like a Crime.

to separate a boy from a box of Bucklen's Arnica Salve. His pimples, boils, scratches, knocks, sprains and bruises demand it and its quick relief for burns, scalds, or cuts is his right. Keep it handy for boys also for girls. Heals everything healable and does it quick. Unequaled for piles. Only 25 cents at all druggists.

How and Why It Rains.

Rain is an accumulation of the tiny particles of the vapor of the atmosphere into drops. These drops, first small of size, attract others of their kind and become drops of such magnitude that they fall to the earth because of their weight. There is a limit to the quantity of water which the air is capable of absorbing and retaining as invisible vapor. Warm air is able to hold more than cold air; hence when the air which is saturated with moisture becomes cold for any reason whatever it can no longer retain its moisture. A portion must under such condition accumulate into drops. These fall to the earth in the shape of rain.

Puts End to Bad Habit.

Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings end the "blues." Best for stomach, liver and kidneys. 25c at all druggists.
