Our City Park.

At the city election Wednesday, the people of Bandon took a step forward in the fact that they authorized the city council to purchase the city park thus insuring a beautiful resort for the future of the city of Bandon.

Now the proposition should not stop here, but there should be the same amount of enthusiasm created in fixing up the park for the purposes for which it is meant. The base ball diamond should be made better and become a permanent fixture. Around the base ball diamond should be a race track, the inside of which for say, a strip ten feet wide, should be covered with concrete for roller skating and other amusements of children. Then out side of this should be a good cinder track for field and track meets, and if possible a regular race track for derby events. The park could be made most attractive in every way. Of course we all understand that the park must be used for a cow pasture for some time to come, but the above is only a suggestion as to what might be done at some future time.

Shall We Have a Carnival.

Bandon will not celebrate the Fourth this year, but there is considerable sentiment in favor of a carnival some time in August or early September. If we are going to have a carnival it is time to begin work at once so as to make it the best ever held in Coos county. In fact it should be started at once if we expect to have anything worth while. Why not hold a mass meeting and decide what is wanted and then go to it.

Orpheum.

The Raymond Vaudeville Co., played last night to a large and appreciative audience, and will appear again tonight in an entire change of programme, and in addition the beautiful butterfly dance will be repeated by request.

Well worth the price of admission. 20 and 10c.
