Platinum.

Platinum, one of the most useful of the metals in many ways, was named by the Spaniards on account of its silvery color, plata signifying silver. It was found in the auriferous sands of the river Pinto, in South America, and was unknown in Europe prior to 1741, when Don Antonio Ulloa announced its existence in his narrative of a voyage to Peru. It was not until 1829 that platinum was rendered malleable and ductile by a Dr. William Hyde of Wallaston. Platinum is largely employed in the manufacture of chemical utensils, owing to its immunity to the effects of heat, acid, etc.—New York American.

One of the most effective ways of local merchants to oppose encroachments of mail order houses is to advertise liberally in the home paper. Too many merchants sleep on their oars while the catalog house comes in and takes a large portion of their trade. They demur at undertaking anything like a thorough system of advertising, contending that the drift to the mail order houses is bound to come; and yet they make free complaint over the inroads of the mail-order houses into their particular trade. The fact of the matter is, the trade belongs rightfully to them and would come to them if they were progressive enough in inviting it with good, live advertising.

Locating Avignon.

Sir Frederick Pollock used to tell this story of the dilettante society: The qualification for membership was that the candidate had been met in Italy by the proposing member, but once it happened that a candidate was elected who had been met at Avignon. The error was discovered, and the society proceeded to vote "that, in the opinion of the society, Avignon is in Italy." This, however, seemed a ticklish precedent to establish, so they gravely laid their heads together and solemnly resolved in a further motion "that, in the opinion of this society, Avignon is the only town in France which is in Italy."

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for Coughs, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection its unequalled. Price 50c and \$1.00. Trial bottle free at all druggists.

How Caviar is Cured.

The finest caviar is the bling prepared from the roe of the white sturgeon. Little less fine is the sevruga, prepared from the sterlet sturgeon. Both are put up at Astrakhan, Russia. According to our consul at Odessa, the roe is rubbed through a sieve with care not to break the grain. It falls into brine, where it remains for three or four hours, after which it is packed in sacks and allowed to drain. This is the only preparation given to the best caviar. The cheaper varieties are more strongly salted. Caviar is digested with each and is one of the finest forms of nourishment, especially for the sick.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good" writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50c. Guaranteed by all druggists.

Chalk For Coal.

In England there is a chalk which is very cheap and can be burned in a grate with coal.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by C. Y. Lowe.
