

Woolen Mill Working Double Shift.

The Bandon Woolen Mills are running day and night now and will continue to do so all during the month of July. This was made necessary in order to get out some rush orders for New York and Detroit and to catch up with the work, so the mill can shut down some time during the month of August, for repairs. The mill has been running steadily for over a year without any intermission for repairs, and they still have many orders ahead.

New York and Chicago Only Lead Oregon Metropolis in Money in Postal Banks.

Washington June 19.—Statistics were made public today by Postmaster-General Hitchcock showing the amount of postal savings business done to April 30, in the 33 cities of the country having a population of 150,000 or more. It is shown that \$7,935,541, or a little more than two-fifths of the entire postal savings in the United States, have been made in the 33 cities. The total amount of deposits remaining to the credit of depositors at the 7866 offices in operation April 30 was approximately \$17,200,000.

New York (not including Brooklyn) and Chicago, which rank first and second in population, occupy the same rank in amount of deposits. Last month Chicago ranked ahead of New York, excluding Brooklyn, but an increase of \$116,174, or 13.5 per cent, in the deposits for April has put New York (alone) ahead of Chicago.

The ten leading offices with the amount on deposit in each are: New York, \$976,749; Chicago, \$951,662; Portland, Or., \$436,165; St. Paul, \$411,926; San Francisco, \$395,904; Cincinnati, \$367,622; Brooklyn, \$318,190; Boston, \$322,824; Kansas City, \$309,717; Los Angeles, \$55,461.

S. P. To Rush Work on Klamath Road.

Klamath Falls, Or., June 24.—Work on the Klamath Falls-Portland cut-off of the Southern Pacific Railroad, which will bring the main line of the road through this city, is to be rushed to completion.

A crew of 50 men has been engaged for several weeks in ballasting track at this end of the cut-off and a larger crew has been at work not far from Nation. Advertisements for men now appearing are taken here to indicate that a small army of workmen will be engaged in laying track, digging tunnels and pushing the construction.

Laborers have been arriving here daily and have been sent to Chilquin to aid the track ballasting crew at work there. As soon as the 16 miles of track built beyond that point is put in shape it is expected that tunnel crews will start.

Tunnel building will cause the greatest delay in the completion of the road. When that difficulty has been surmounted the track will be laid in a short time. Early estimates were that the cut-off would be completed in 1915. Under the present circumstances, with indications that the working force is to be largely augmented, it is believed the line will be ready for operation before that time.

Rev. Hartranft of the Presbyterian church preached for Rev. S. R. Steele at Riverton last Wednesday night.

CONSTRUCTION CAMP ON NORTH INLET

McArthur Perks & Co. Establishes First Construction Camp on North Inlet

Saturday McArthur Perks & Co., with headquarters in North Bend, sent out the first scow load of camp material for the first camp which is located on the D. M. Rezin ranch on North inlet. The scow was loaded heavily and its cargo consisted of several tents, mattresses, a complete cooking outfit, a large supply of provisions, lumber, axes, saws, etc.

The camp is in charge of the general foreman Mr. E. H. West who will stay at the camp until he gets other camps opened up. The first load of material was photographed as it started from the wharf and seated on the scow were Thos. Dixon, acting general manager, J. H. Cool, financial agent, Frank W. Abber and Henry Wieck of the McArthur Perks company, and others.

The provisions and camp outfit was purchased in North Bend, and the company proposes as far as possible to continue patronizing the home merchants here.

North Bend will be the general distributing point for the various camps hereafter to be established, a central commissary to be built here to supply the camps.

Thos. Dixon, acting general manager for McArthur Perks & Co., has been advised that Mr. Chas. E. Tinkler, the general manager, will arrive here from Denver next week with his family. He asked Mr. Dixon to secure a furnished house in North Bend, large enough to accommodate his family, which must at least have three sleeping rooms. Mr. Dixon is endeavoring to rent a home of this kind. Mr. Tinkler will assume general charge of the contract work which his company has between here and Eugene, and will probably make this place his home for several months.

Dr. Knox Acquitted.

Medford, June 28.—At the meeting of the Oregon Presbytery for the Southern Oregon district which was held here this week for the purpose of taking up the charges brought out in the recent divorce case of Rev. J. T. M. Knox, of Marshfield, a finding of vindication was brought and Doctor Knox exonerated. It is understood that practically all of the evidence which was used in the civil suit was passed upon by the presbytery and following this a resolution which reads as follows was adopted: "We, the committee of the whole as a judicial committee, having before us the charges of Mrs. Della V. Knox, against her husband the Rev. J. T. M. Knox, Ph. D. and Rev. D. A. McLeod, and also the full report of the investigating committee, find no sufficient evidence to justify these charges, but on the other hand we find abundant evidence to completely exonerate these brethren. Therefore we recommend that these charges be dismissed and the brethren assured of our sympathy and confidence. Signed J. E. BURKHART, Stated Clerk.

Notice.

I will not be responsible for debts incurred by Leila W. Adams, after this date. H. C. ADAMS.

Notice.

Dr. Harry Lane, Democratic candidate U. S. Senator, was Fourth of July speaker at Marshfield yesterday, going to Curry county this afternoon, and will speak at Bandon tomorrow, Saturday night.

Local Democrats are stirring themselves around. Speaking will probably be at old Opera House at 8 o'clock.

Along the Wharf.

The Patsy arrived Wednesday from Portland with 65 tons of freight, and sailed again yesterday morning with 5 tons of freight and 438 bundles basket splints.

The Elizabeth arrives today and will probably sail again tomorrow.

The Fifield will probably arrive Sunday or Monday and sail again about Tuesday or Wednesday.

Bandon Wins One, Loses One

The ball game between Coquille and Bandon on the local diamond July 3rd, resulted disastrously for the home team, the score being 6 to 1 in favor of Coquille. The game was 1 to 1 up to the eighth inning when Coquille found Hahn, who was in the box for several hits and 5 scores. Bandon was unable to score any more and the game ended 6 to 1.

However, at Marshfield yesterday the boys "came back" and won a twelve inning game to the tune of 6 to 5, which is some ball playing.

These games do not count in the league percentage column, as they were not regular league games.

Bandon goes to North Bend Sunday and expects to win from that city, and take them down the line. A big bunch of rooters should go along and help the home team to win.

Alleged Foul Ended Fight.

What was to have been a 20-round go between Jess Day and Kid Farrell here Wednesday night terminated in the third round when Farrell quit, claiming to have been fouled by Day. Earl Chisholm, of Coquille, was referee, but did not see the foul. However, as Farrell appeared to have been injured he declared it no contest.

Dal Price, the Coquille logger, knocked out George Smith, the negro bootblack from Marshfield in the fourth round.

There was about a \$250 house present.

W. H. Nosler Built the First House in Coquille.

W. H. Nosler visited the Herald office the other day and informed us that he built the first house in Coquille in 1872, a small residence on B street which still stands not far from where it was originally constructed. It was built as a place of trade while putting up a hotel the same year on the ground now occupied by the Baxter. The old pioneers have a just pride in referring to the improvements made by them, and particularly it is true of those who first carved out the forest and built habitations therein. Mr. Nosler told of several pioneers who followed him in settling Coquille, some of whom are credited with being the first, but it is a mistake. We are pleased to be placed right upon this important matter regarding the history of our city, and in none have we more faith and confidence in knowledge gained upon this matter than in our friend and first pioneer, W. H. Nosler.—Coquille Herald.

Average Egg Production.

The average hen produces but 70 eggs per year, and this does not pay for her keep. Connecticut Agricultural College is conducting a year-long egg laying contest with about 500 hens of different breeds. The contest is to aid in raising the average product to the coveted 200 per year. The 490 hens laid 2,148 eggs the 19th week.

Another Year of the Narrow Skirt.

New York, June 29.—Eighty models of new gowns which will be offered for the approval of the American women are being exhibited here this week at the annual fashions congress of the National Ladies' Tailors' Association. One of the newest things is a riding habit costume intended also for street wear, the skirt built on the tight model which is destined to continue for another year.

Tables Turned.

The city nephew was showing his country uncle the town from a seat in the open-air street car.

"You don't often get a chance to ride on a street car, uncle," said the nephew.

"No," replied uncle, "I don't believe I've rid on a street car since we got our new automobile."—Argonaut.

His Promotion.

"Well, Tommy" said the father of a six year-old youngster; "how are you getting along at school?"

"Bully," rejoined Tommy. "Guess the teacher is going to promote me."

"What makes you think so?"

"She said today that if I kept on at the rate I was going I'd soon be in the criminal class," explained Tommy.—Chicago News.

For Sale or Trade.

Ten acres of the finest kind of land with water to irrigate. Located in the famous Goose Lake valley at Lakeview.

A Snap.

Will sell my horse, buggy and harness, all in first class condition, at a bargain. Address F. W. Vawter, Bandon. 51-12-X

Mr. C. E. Geuy, one of the very first pioneers of Empire, died a few days ago and was buried Wednesday afternoon under the auspices of the Odd Fellows lodge of North Bend, of which order he was a charter member. The deceased was an honorable upright citizen, and a man who did a great deal of good in the world. The funeral was largely attended.—Coos Bay Harbor.

FOR SALE—Eight lots, two room house, all fenced and in garden, four lots fine black ground. Garden goes with place. Berries of different assortments, good well of water at door. Price \$500.—John Mott, Bandon. 47-11

WANTED—1000 empty sacks at Central Warehouse. 2-11

NEW COUNCIL TAKE SEATS

After Taking the Oath of Office; Little Business Was Transacted

The city council met in regular session Wednesday night and as this was the night for the new council to take their seats the old council transacted what little business there was before them such as allowing bills, and clearing up a few other matters and then adjourned sine die.

Immediately the new council was sworn in and went to work.

The personnel of the new council in the First Ward is O. A. Trowbridge, C. R. Wade and C. E. Bowman, and in the Second Ward, Herbert Brown, R. W. Windsor and Fred Mehl. However, Mr. Mehl was not present Wednesday night to take the oath of office.

After the councilmen were sworn in, Mayor Mast, who was re-elected also took the oath of office and made the following appointments which were ratified by the Council: F. J. Feeney, city attorney; C. Y. Lowe, city treasurer; F. A. Holman, city marshal; Chas. Cessna and Chas. Hubbard, night policemen.

C. E. Bowman was elected president of the council.

Governor West announces that it will be the future policy of the office no longer to issue requisitions for men who have cashed bogus checks in saloons while they were in an intoxicated condition and then have fled the state. "Many of these cases come before this office," said the Governor, "Hereafter the taxpayers of the state will not be put to the expense of bringing back such men who cash such checks while intoxicated. The saloons that cash checks for their drunken victims will have to take their chances. I know of several instances where the saloonmen have cashed checks for drunken men. It is a violation of the state law to sell liquor to drunken men and we intend to trace these things back and determine just who is responsible for such violations of the law."—Coos Bay News.

Marshall for Vice-President.

Gov. Marshall of Indiana was nominated for vice-president on the Democratic ticket at Baltimore, Friday night, on the second ballot. Gov. Burke of South Dakota was the other formidable candidate.

Jack Johnson Wins Fight.

Jack Johnson stopped Jim Flynn in the ninth round of their fight at Las Vegas, New Mexico, yesterday, and Ad Wolgast held the light weight championship in his contest with Rivers, winning on a foul.

Celebration at Fourmile

Those who went to Fourmile yesterday say the celebration was a grand success. The oration was delivered by Rev. F. J. Chatburn and the declaration of independence was read by Miss Katie Chatburn, of this city.

The main sporting event was a broncho busting contest in which the broncho, which belonged to Lawrence Stitt, had all the best of it and the riders were put to rout.

BANDON CHURCHES
