TUESDAY.....July 30 1912

Important News of Oregon.

Portland, Or., July 23. (Special)—The State Fair board has voted \$500 to be used as prizes for the Eugenics Exposition planned for Wednesday, September 4. This is a feature of the State Fair this year for the first time and it is expected it will attract a great deal of attention. It is to be really a scientific exhibition. It is to be really a scientific exhibition. It is to be really a scientific exhibition.

Medical experts will judge the children entered from the standpoint of physical perfection, much as livestock is judged. O. M. Pummer has been made superintendent of the Eugenics show and is hopeful of having 200 children entered at Salem. He hopes various granges commercial bodies and districts will hold local shows in each county, sending the best boy and girl from the county, sending the best boy and girl from the county to the state competition.

Public sales of dairy stock will be held during the Pacific International Dairy Show, which is scheduled for the Portland Union Stockyards, November 18-23. During two days and a half, cattle from all parts of the world may be sold. In competition, only stock from the states west of the Rocky Mountains and from British Columbia may be entered. Prizes and trophies amounting to \$6,000 will be given. There will be no entry fee nor will admission be charged.

To extend the usefulness of the Northwestern Fruit Exchange, a branch has been opened in London by W. F. Gwin, general manager, and it is hoped to extend the fame of Northwest fruit throughout Europe. It is believed the present business there can be increased largely.

It is promised that liberal sums will be provided for the building of boulevards and general improvements in Crater Lake National Park by the Government. It is the intention to secure appropriation for \$100,000 annually for the next seven years. An item of \$100,000 has been inserted in the Sundry Civil Service bill and it is expected it will go through this session.

The Southern Pacific Company plans a new department of electric lines which will include many of the shorter roads through the Willamette Valley. It is thought a big system of trolley interurban lines will be built up within the next few years that will aid very greatly the development of the Willamette Valley country.

Taft and Wilson to Speak on Same Stage.

Atlantic City, N. J., July 22—President Taft and Governor Wilson, respective candidates of the Republican and Democratic parties, are to be on the same platform and make speeches in Atlantic City some time between September 30 and October 5, according to the American Road Congress, representing 50 associations, which is to meet here between those dates. Both accepted invitations to address the congress before they were nominated, and their addresses will be non political.

For Carpet and Rug weaving, address Mrs. J. L. Foster, Bandon 28-4

Card of Thanks.

We wish to extend our sincere thanks to those who so kindly assisted us in our sad bereavement and for the kind words and beautiful flowers.

MR. and MRS. MATT S. SMITH and FAMILY.

Ten Children In One House Have Measles.

Sweet Home, Ore., July 26—Jesse, the 7-year old son of Mrs. Viola Keeney, a widow living near Crawfordsville, had the flesh torn off his right hand by having caught it in the rope of a hay fork that was putting hay in his mother's barn. The flesh is entirely stripped off about half the hand and three fingers. Dr. Wilson of Sweet Home hopes to be able to save the hand, though he may have to resort to flesh grafting.

Jesse is the third of the five boys and the day of his accident all five were taken down with the measles, as were also the five children of Mrs. Hawk, Mrs. Keeney's sister, who is visiting there.

Portland Live Stock Receipts

Portland, July 20, 1912.
 Receipts for the week have been: Cattle 1728; Calves 13; Hogs 1020; Sheep 5926; Horses 37.

It has been the experience of killers of cattle in the West that with the coming of the grass fed supply prices have gone off materially. This year has witnessed a reverse in form, as there has been no appreciable let down in prices. In consequence beef prices in mid-summer are occupying the same level that applied during the winter and spring months. The market here for the week was strong in every line. Steers sold as high as \$7.00 and cows as \$6.25.

The hog market ranged strong, with \$5.40 for tops.

The sheep market showed no falling off from last week's prices. There was a fairly active demand for everything that was offered and the quality throughout was better than usually seen this early in the season.

The expenditure of \$50,000 in increased yardage capacity is evidence of the stability and usefulness of this market.

Takes Sudden Plunge.

Hugh Byles, catcher for the Coquille Nine, had a narrow escape from drowning last Sunday evening. Returning from the ball game at North Bend, he took the steamer Coquille for Bandon. As the boat neared Cedar Point it listed throwing a part of the freight, loaded on the deck, and Mr. Byles into the water.

The boat had considerable speed at the time and soon left Byles two or three hundred yards behind. An attempt was made to lower one of the small boats on the Coquille, but the davits seemed not to work properly and the passengers feared that Mr. Byles would drown.

However he managed to swim to a couple of boxes of cheese which had fallen overboard, and these buoyed him up until he was rescued by "Piper" Johnson.

Mr. Johnson saw the accident from shore, hurriedly launched a rowboat, and in a very short interval had Byles in the boat.

This should be a lesson to the captains of river boats not to load so much heavy freight on the deck as to make the craft unseaworthy, and to have proper men to handle the lifeboats in an emergency.—Coquille Sentinel.

New Logging Road.

The Myrtle Point Enterprises says: "The first of the material for the construction of the Coos Bay, Roseburg & Eastern east of this city as a logging road for the Smith-Powers Logging Co., arrived yesterday in the shape of three car loads of cedar ties. The ties are being loaded at Cedar Point, below Coquille, and we understand 15,000 are ready for delivery, sufficient for between four and five miles of road. It is stated that the projected extension will require about 75,000 ties. Rails and other material are expected to arrive shortly. Just when actual operations will begin has not yet been learned and probably not definitely known by the company themselves. However, it is thought that a large portion of the extension will be completed inside the next year and a half, as the Smith Timber Co. have timber above this city on which their contract expires in 18 months to two years.

The Harriman railroads have authorized the appointment of a General Safety Committee, which will consider ways and means to protect all employes against hazards and accidents. This system has an absolutely clean record as to the safety of its passengers during the past two years, having had no fatality over its 20,000 miles of track; age. Now attention is to be given to the thousands of men working for the railroads in shops, yards and on train crews. Sub-committees made up of employes of all branches of the service on each operating

division will make investigations and consider recommendations. The men will be encouraged to call attention to improvements that might be made, for their own protection. This work has already been started on the Oregon-Washington Railroad & Navigation Company, and good results are looked for immediately.

For going down 200 feet under the surface of Puget Sound in a new submarine, eight men received \$250 a piece, not long ago. This is a vessel constructed by the Seattle Construction & Dry Dock Company for the Government. The descent into the deep was for the purpose of demonstrating the little craft's ability to withstand 13,248 pounds of pressure to the square foot. The test was a success in every way and the men got their money for putting in just ten minutes of time. Another submarine of the same model is to be launched from the same yards in the very near future. Several similar ships are also being built there for the Chilean navy.

The Choice of a Husband is too important a matter for a woman to be handicapped by weakness, bad blood or foul breath. Avoid these kill-hopes by taking Dr. King's Life Pills. New strength, fine complexion, pure breath, cheerful spirits—things that win men follow their use. Easy, safe, cure 35¢. All druggists.

Buy it now, Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by C. Y. Lowe.

The A. D. S.

Is an association of nearly 10,000 Retail Druggists in the United States. The preparations they make are Purest and Best and
