J. O. Stemler's Platform.

I believe in direct presidential primaries.

I believe in the direct vote for United States Senators, and until this can be obtained, in Statement No. 1.

If elected, I will live up to and enforce all laws, including the Oregon System.

I believe in a revision of the judicial system with a view to simplifying, expediting and cheapening justice.

I believe in and will work for state aid for permanent county roads, scientifically built under sound business management.

I will work for such legislation as will open Rouge river to commercial fishing to the residents of Curry county.

If elected, I will work for the establishment of an experimental agricultural station for Coos and Curry counties, having been one of the first citizens in Coos county to advocate such a move.

I believe that all local questions, such as the establishment of boundaries, etc., should be left to be settled by vote of the parties in the localities interested.

I favor and will work for the creation of a separate prosecuting attorney district for Coos and Curry counties, for which the people have already asked.

I believe in and will work for adoption of an Industrial Compensation Act, whereby each industry will promptly and automatically compensate all persons injured by its operation without recourse to the courts.

I believe in legislation relieving the sheriff's office of the collection of taxes, placing it in the hands of a special officer, also uniform system of collecting, auditing and handling same in every county throughout the state.

I believe in a reasonable exemption of household and personal effects from taxation, to the valuation of \$500.00.

If elected, I will work for the abolishment of the office of County School Supervisor, as I consider it a useless expenditure of public money.

If elected, I will use my best efforts for the passage of the so-called Blue Sky Law, prohibiting the operation of the lake corporations in this state. If elected, I will refuse to represent any faction, and will always aid any resident of the district in any meritorious legislation. (Paid Advertisement.)

Big Surprise to Many in Bandon.

Local people are surprised at the quick results received from simple buckthorn bark, glycerine, etc., as mixed in Adlerika the German appendix remedy. C. Y. Lowe states that this simple remedy actually cepticizes the digestive system and draws off the impurities so thoroughly that a Single Dose relieves sour stomach, gas on the stomach and constipation instantly.

SOMEBODY SAID "Nobody Loves a Fat Man"

Don't you believe it for an instant. We love them, every one of them—likewise their extremely tall and extremely short brothers. In fact, we love every man who is hard to fit in regular ready-made clothing, because we can fit him easily, perfectly, economically, in clothes which have been created for his special needs by Michaels, Stern & Company, of Rochester, N. Y.

If you're "longer," "shorter," or "stouter" than the other fellow, comes to us and see what happens.
