TUESDAY.....October 29 1912

J. O. Stemler's Platform.

I believe in direct presidential primaries.

I believe in the direct vote for United States Senators, and until this can be obtained, in State Senator No. 1.

If elected, I will live up to and enforce all laws, including the Oregon System.

I believe in a revision of the judicial system with a view to simplifying, expediting and cheapening justice.

I believe in and will work for state aid for permanent county roads, scientifically built under sound business management.

I will work for such legislation as will open Rouge river to commercial fishing to the residents of Curry county.

If elected, I will work for the establishment of an experimental agricultural station for Coos and Curry counties, having been one of the first citizens in Coos county to advocate such a move.

I believe that all local questions, such as the establishment of boundaries, etc., should be left to be settled by vote of the parties in the localities interested.

I favor and will work for the creation of a new precinct at town of district of Coos and Curry counties, for which the people have already asked.

I believe and will work for adoption of an Industrial Compensation Act, whereby each industry will promptly and automatically compensate all persons injured by its operation with out recourse to the courts.

I believe in legislation relieving the sheriff's office of the collection of taxes, placing it in the hands of a special officer, also uniform system of collecting, auditing and handling same in every county throughout the state.

I believe in a reasonable exemption of household and personal effects from taxation, to the valuation of \$500.00.

If elected, I will work for the abolishment the office of County School Supervisor, as I consider it a useless expenditure of public money.

If elected, I will use my best efforts for the passage of the so-called Blue Sky Law, prohibiting the operation of the fake corporations in this state.

If elected, I will refuse to represent any faction, and will always aid any resident of the district in any meritorious legislation.

The Word "Papa."

For some time after the word "papa" was taken into the English language in the seventeenth century it was restricted to courtly and polite speech and was common even among adults. Long after it had become childish it was still accounted genteel. Hood wrote of one who was "genteelly taught to say, not father, but papa." "Papa" may be comparatively a new comer into the English language, but it is as old as Homer. Nausicaa in the "Odyssey" calls her father "pappha" - dear papa.

ECONOMY DEMANDS PEACE.

In the interest of economy, not to speak of higher reasons, the gospel of Jesus Christ demands peace of the world. Some of the high cost of living is due to the overtaxation of people for the sake of protection against imaginary wars and rumors of wars. Micah declares that the engines of destruction shall some day be turned over to agriculture. Why should this not be? Why not divert the cost of a few battleships to good roads? Why not convert some of these expensive armaments, which last about ten years and are then thrown on the junk heap, into something more useful to the saving of men's lives and not to their destruction? - Rev. William A. Berg.

Saves Leg of Boy.

"It seemed that my 14-year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote F. D. Howard, Laquene, N. C. "All remedies and doctors treatment failed until we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles, etc. at all druggists.

Big Surprise to Many in Bandon.

Local people are surprised at the quick results received from simple buckthorn lark, glycerine, etc., as mixed in Adler's German appendicitis remedy. C. Y. Lowe states that this simple remedy a ntipceptizes the digestive system and draws off the impurities so thoroughly that a Single Dose relieves sour stomach, gas on the stomach and constipation instantly.
