

Planking of Columbia Ave

As has been announced in several issues of the RECORDER the Bandon Commercial club is planking Columbia Ave from Atwater street to the rock road south of the city limits. The grading is all done and quite a bit of the planking is laid. H. H. Dufort is superintending the work and he understands it thoroughly consequently it is an assured fact that the work will be well done, much depends on this road for the continued prosperity of Bandon during the winter months as it is over this road that practically all the hauling is done, which means several thousand dollars a month to Bandon. The committee is short some \$200 or \$300, yet of money enough to complete the work so it behooves the business men and citizens of Bandon, who have not contributed anything to do so now. The committee consists of Col. R. H. Rosa, Mr. Best of the Estabrook Co. and H. H. Dufort, any of which will gladly receive your money, or if inconvenient to see any of these men you can pay your money in at the RECORDER office and we will receipt you for it and see that it gets to the Committee.

Cheeseman-Buckingham.

Miss Lela Buckingham formerly one of Bandon's most popular young ladies, but who now lives near Monmouth was married, Oct 26th to Mr. Harry Cheeseman. Of the wedding the Monmouth Herald says: A very pretty wedding took place at the home of Mr. and Mrs. A. H. Buckingham, at Bellfountain, at high noon, Oct. 26, 1912, when their eldest daughter, Lela Grace, was united in marriage to Mr. Harry Cheeseman, Rev. Waltz performing the ceremony. The room was tastefully decorated for the occasion, the prevailing colors being white and pink, the bridal party entered while the wedding march was being played by Mrs. Waltz. The bride was charming in a gown of white silk trimmed in chiffon and forget-me-nots, and carried a bouquet of white chrysanthemums. Miss Hazel Edwards, of Corvallis, acted as maid of honor, wearing white and carrying white cosmos, while the bridesmaids were Miss Velma Buckingham and Miss Fay Woodcock, sister and cousin to the bride.

That Oregon is somewhat of a wool state is shown by the fact that one sheep produced a fleece of 6-inch staple wool weighing 28 pounds, worth almost \$8.50. This fleece was grown in Morrow County and has been shipped to the Eastern land shows as one part of Oregon's exhibit.

Oregon Will be Well Represented at Eastern Land Shows.

Portland, Or., Nov. 5. (Special) Under the direction of the Oregon Immigrant Commission a splendid exhibit of Oregon products has been sent to the land shows to be held at Minneapolis and Chicago. In gathering the exhibits, the commercial bodies holding membership in the Oregon Development League were of great assistance. For the first time Oregon will have a good showing at these big land shows and the advertising value of such an exhibit will be very great. Visitors to the shows will see what Oregon can produce and there will be complete information about the state. A baggage car was filled with the products of fields, gardens and orchards, sent east, and the different products will cause Eastern people to wonder at the agricultural richness of this state.

Fishing Not Good This Year

Most of the fisherman on the Coquille river have hung up for the season. The fishing business this year has been exceptionally poor, in fact most of the fisherman have lost money. The Coquille river Cooperative Canning Co. has packed only about 7,000 cases out of a guarantee of a 12,000 cases pack so they will be considerably behind. Of course the cannery is still running but only gill netters are fishing and the catch is very light and the extra 5,000 cases cannot possibly be made up. The seiners have all hung up and are considerably behind on their catch in fact some of them are several hundred dollars out, as the harvest of fish has not been nearly enough to pay expenses. Last year was one of the best in the history of this river for fishing while this year will go down into history as one of the poorest.

We are reliably informed that a gentleman, whose name we are not at liberty to make public, is seriously considering starting a drug store in Gold Beach. The gentleman is an old Band teacher as well as a druggist and in the event that he puts in a stock of drugs, he wishes to organize a band and help boost the town along. We take it upon ourselves to encourage this enterprise all we can and will ask all the residents of the place to join us. Talk the matter over and see what can be done towards organizing a band. Let us all get busy and not let this opportunity go by, as we are sorely in need of a drug store, and a band would afford more amusement and satisfaction than anything in reach of a small community like this. Confer direct with George D. Wood in the matter, as he is in touch with the gentleman in question.—Gold Beach Globe.
