Our personal friend Jake Stemmler made a very creditable run for state senator. Jake is all right and he is personally popular among the voters and would have ridden into office on the democratic land slide had it not been for the "smart trick" turned by Myrtle Point on the port question. Mr. Stemmler is reaping the fruits of Myrtle Point's "smart trick," where they put one over on Bandon and the lower river. It is not Mr. Stemmler's fault that he could not overcome this handicap, for which Myrtle Point is wholly to blame.

"There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever, and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by C. Y. Lowe.

Big Surprise to Many in Bandon.

Local people are surprised at the quick results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-ika the German appendicitis remedy. C. Y. Japan and China want Oregon dairy stock for their farming districts. Japanese dairymen are now negotiating with Portland breeders to secure stock here and recently a high official of the Chinese Department of Agriculture left commissions in Portland for the purchase of dairy cattle to be shipped to that country during the winter.

Rogue River apples are in demand in Norway (Copenhagen). A carload has been ordered from the Rogue River Fruit and Produce Association as a result of a shipment made there last year, which was disposed of to Danish royalty.

Now that the election is over, every section of the state is reporting business gains. The effect of the balloting was discounted, it seems, before election day and there was never a presidential election that had such a small effect on business as the one just passed.

Better roads will eventually result for Oregon even though all that was desired was not realized at the last election in the way of good roads measures. Some of the road bills did pass and friends of good roads work expect the beginning that has been made to result in a definite highway policy that will mean permanent improvement.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin disease. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known Bland Eczema Remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. We have sold other remedies for skin

troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We can give you a trial size bottle for 25 cents that will be enough to prove it. Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.
