OFFICIAL PAPER OF THE CITY OF BANDON

**Recorder Philosophy**

The Legislature is now in session and there will be no philibustering on salary bills.

Among the incurable diseases may be classed the itch—for office.

A real progressive is anyone who acknowledges the facts as they develop.

Never say "eyether" for either. It is an affectation of English; but not the better educated English. Pronounce it eether.

If you have no appetite when meal time comes better stay away from the table.

A priest or student is entirely out of place in a gown; better give it to grandma.

If an impudent person slaps you on one side of the face bill him on both sides in return. If he is not yet satisfied administer a vigorous kick where it will do the most good and you will be the means of saving your brother—from being shot.

Zeek Smart: The papers say that W. V. Allen, of Nebraska, talked fourteen hours without stopping in the United States Senate. Huh, my wife skins that record every day.

Neither is it conducive to the success of marriage when a hard

working woman attempts to rub out her husbands business blunders on a washboard.

A good laugh costs less than a dose of medicine and does less harm.

Life is a huge joke which ends in a tragedy.

Another way to waste time is to spend it in hunting for vindication.

A very serious person is more or less crack brained, and yet he often gets the money.

Nearly every good speech is intended by its author as more or less a joke.

No doubt more people would be satisfied with the great prosperity of the country if it could be passed around a little farther.

A St. Louis girl wears a bracelet on her ankle. There are various ways to advertise.

There is so much adulteration in this age of commercialism that sermons and prayers doled out for cold cash will naturally be received with more or less uncertainty.

There is one article that the thrifty housewife must have in all seasons of the year and regardless of cost; and that is hair.

Teachers should promptly notify the county superintendent if for any reason they close school before the term for which their contract was drawn up expires. Teachers desiring schools should also register their names in this office, in order that the names of candidates can be submitted at once when the call comes for a teacher.

Miss Glemma Witcher, of Ban-

don also passed the examination and was granted a certificate. [Ed]

**People Should Guard Against Appendicitis,**

Bandon people who have stomach and bowel trouble should guard against appendicitis by taking simple buckthorn bark, glycerine, etc., as compounded in Adler's, the German appendicitis remedy. A single dose relieves sour stomach, gas on the stomach and constipation, instantly because this simple mixture antisepticizes the digestive organs and draws off the impurities. C. Y. Lowe.

**A Challenge.**

I hereby challenge any man or woman in either the City of Bandon or Coos County, to publicly debate the following subject with me: Resolved: "That the Boy Scout Movement is a Curse to Society," said debate to take place in the Bandon Opera House on any date mutually agreeable. I will furnish the hall, lights and heat at my own expense. —Dr. B. K. Leach.

**A Hero in a Lighthouse.**

For years J. S. Donahue, So. Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach liver and kidney troubles, they're without equal. Try them. Only 50cts at all druggists.
