

SUBSCRIBE TO THE LIBRARY FUND

About \$200 Already Promised and Committee Wants \$500

At the public library meeting last Tuesday evening a number of enthusiastic addresses were delivered and the ball started rolling on a campaign to raise \$500.00 as a nucleus for a Library fund. \$110.00 was subscribed at the meeting and since that time a number of subscriptions have been made, so that the fund is now near the \$200.00 mark. A committee composed of Mesdames, J. L. Kronenberg and L. J. Cody and Miss Pearl Walker are looking after the financial end of the proposition and you should see one of them and turn in your subscription. The RECORDER will publish the names of those who have subscribed in Tuesday's issue, and you should have your name on this list. Bandon certainly needs a public library and there is every appearance now that we will have a good one in the near future.

Coos and Curry Snaps.

BANDON CITY LIMITS EXTENDED

Large Territory East of City Limits Came in by Petition of Owners.

Readers of the RECORDER will remember that this paper announced in its issue of January 28th that a petition had been signed by nearly all the property owners in the territory east of Bandon, including all land north of Eighth street to a line about one-half mile east of the old city limits and north about one and one-half miles, for such territory to come into the city limits.

The petition was presented to the city council at its session Wednesday evening by A. G. Thrift, and unanimously accepted. The city attorney was ordered to prepare the necessary ordinance for annexing this territory to the city, which will be done at once and the new territory will become a part of the city of Bandon in due form.

Thrilling Railroad Drama at the Grand.

In tomorrow night's program (Saturday) we feature a railroad drama by the Edison Co. one of those thrillers that makes you sit up and hold your breath. Its a winner. Two clever comedy films. A Biograph farce entitled, "His Auto Maiden Trip," this is a scream from start to finish. "An Accidental Millionaire," a Lubin comedy that will make a big hit. This is a picked program and is sure to meet your approval. No advance in price. Go to the Grand, the house where you get better music and better pictures.

Bandon Port G. A. R.

All old Soldiers and sons of Veterans are cordially invited to meet at G. A. R. Hall at 10:30 a.m. Sunday morning next the 9th (Whether members of the Port, or Camp S of V or not) and march with the G. A. R. and W. R. C. to the old school house in a body where Rev. H. C. Hartranft, will preach a Lincoln and union defenders Memorial sermon. All other churches of Bandon will meet with us and make it a union of all churches, G. A. R. and citizens celebration of the occasion. A fittingly appropriate, musical program will be rendered. All old soldiers who are not able to march from G. A. R. Hall to church will go direct to the church.

Simple Mixture Helps Bandon People.

That simple remedies are best has again been proven. C. Y. Lowe reports that many Bandon people are receiving quick benefit from simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, the German appendicitis remedy. A single dose helps sour stomach, gas on the stomach and constipation instantly because this simple mixture antiseptizes the digestive organs and draws off the impurities.

Don't forget the Calico Ball and box supper at the Bandon Opera House tomorrow evening.

M. J. McKenna, of the Geo. W. Moore lumber Co. has been at Coquille on business for a few days.

As was announced in Tuesday's RECORDER the Pythian Sisters will give a ball at Bank Hall, Saturday evening, February 22.

Commercial Club Discusses Important Subjects.

The Bandon Commercial Club met in regular session last night and transacted much business of importance.

J. W. Mast introduced for discussion the bill pending in the United States House of Representatives to revive the tobacco tax. This tax it was explained would add one tenth of a cent to the cost of a cigar and would yield to the county \$80,000. It was moved by Mr. Mast and seconded by Mr. Catterlin that the secretary of the Bandon Commercial club write to representative Hawley on behalf of the club and to Senator Chamberlain urging the passage of the bill.

It was proposed by F. V. Catterlin and seconded by Geo. P. Laird that the secretary write to the president of the Pacific Highways Association with the view of inducing the association to build the

proposed Pacific Highway through Coos county. Carried. Dr. L. P. Sorensen suggested that the secretary should write to the other Commercial clubs of towns likely to be interested to get them to take up the matter with the association.

Mr. Thrift reporting as the committee on the planking of road from Ferry Creek to the Moore mill handed in a statement showing all money collected and the manner in which it was expended. A vote of thanks was given Mr. Thrift and Mr. J. C. Shields for the public spiritedness in this matter. The matter of pool table was discussed and a committee consisting of Dr. L. P. Sorensen, F. V. Catterlin and A. D. Mills were appointed to present at the meeting a definite plan for the purchase of a table.

It was decided that the club join the Oregon Development League.

Denmark Pupils Entertain.

The pupils of Denmark school presented a very interesting literary program to a crowded house last Sunday afternoon. Recitations, vocal and instrumental music; and the ever mirth provoking dialogue, "The Deestrick Skule," convulsed the listeners with laughter for over an hour. Then Mr. Frank McMullen gave a very earnest and interesting talk on the socialization of communities, the close relationship of the home and school, and impressed upon the minds of all present the real need of good books in home and school, and of reading and discussion in open forum.

Mr. Geo. D. Chenoweth talked to the children. Being the father of four he is quite capable of just that task and held the attention of the youthful listeners while he told them in earnest words of the real meaning of school life. With reminiscence and story he taught them self dependence, courage and the patience that must succeed. With Luther Burbank for example he told them how much greater is the man who leaves the world filled with rare fruits and flowers than is he who might slay 10,000 men on a battle field. The world does not need war, but peace and progress was his theme, and he had a most agreeable audience of both old and young.

And then, after the talks were over the people were dismissed some one with clever fingers sat down at the school house organ and played all those dear, sweet, old tunes that mother used to sing to us when we'd broken our doll or bumped our head, and everybody sang—and sang—and sang. And they looked at the children's work pinned up on wall for inspection, and at their note books left out on desks to be seen by the interested eyes of parents and friends. The work of the girls' sewing class and the boys' mechanical drawings were particularly admired and praised. After an hour or more of friendly talk and discussion of the program the neighbors went trailing off home in little laughing chattering groups of half dozens. And truly is Denmark walking with her face to the light for this is the fourth program of the season and every one is better than the last and every one is better attended than was the last and Denmark has just begun to find out that she has some real talent and that all we ever lacked was a get-together-club to develop it.

Friends, here's our grimy little paw for the socialized community and the joy of living every day.

The Boy Scouts.

Editor Bandon RECORDER.

I am puzzled at the attitude of the socialists and some others toward the Boy Scout movement. Now, as a rule, the ministers of the various churches approve the Boy Scout organization, and this is well and proper. The Boy Scout movement is only opposed by those who fail to understand it. General Baden Powell, of Great Britain, who founded the Boy Scout organization, is a believer in the physical and moral development of the Anglo Saxon race. The rules governing this worthy movement, clearly indicate that physical, mental and moral—that is, religious development are sought to be the ends of it. This being the case, how can any sane or reasonable man place himself against it? Of course, I am aware that the socialists decry it because they claim it is designed to teach militarism. What of it? Is it not a noble thing to defend one's country? Is patriotism a crime?

I seriously regard patriotism as one of the brightest of virtues in the citizen. Is it reasonable, or even sane, for the socialist to attempt to destroy all that makes the existence of a nation worth while? Destroy patriotism from the hearts of men and you had as well destroy the home, marriage and all the other sacred institutions of civilized society.

I contend that militarism is an absolute necessity in this age of the world. Even Jesus said: "I came not to bring peace but a sword."

Supposing we should convert our guns into plowshares, how long would America last in the galaxy of nations? Some little tenth class power which was properly armed for the task, would swoop down upon your uncle Samuel some fine day and thwack him in the midriff and seize our country and subjugate our citizenry. What would the socialists do then? I suppose they would have to quit agitating and go to work under the lash of some foreign master.

I do not fear the military significance of the Boy Scout movement. It is a movement that should be organized in every city, town and hamlet in the nation—not necessarily for military purposes, but for the benefit of its drill, its discipline and its teachings against disorganization and anarchy.—Hans West, Bandon, Ore., Jan. 25, 1913.

M. R. Lee went to Myrtle Point to visit over Sunday with his family.

GOLDEN TO BE APPOINTED

Marshfield Man Expected to Be Selected Coos County School Supervisor.

It is expected that F. A. Golden for years superintendent of the Marshfield schools, will be appointed school supervisor at Coquille next Tuesday when the newly appointed Coos County Board of Education meet and organize. The position has been vacant since Dr. J. T. McCormac resigned about a year ago.—Coos Bay Times.

Editor Fined for Contempt.

Kansas City, Mo., Feb. 1.—William R. Nelson, editor and owner of the Kansas City Star, this afternoon was pronounced guilty of contempt of court by Judge Joseph A. Guthrie. The citation followed the publication in the Star of an article stating that the payment of attorneys' fees was given precedence over the payment of alimony in a divorce suit recently tried in the Jackson County Circuit court. Attorney Walsh, for the defense, secured the admission from Judge Guthrie that his decision in the contempt case had been prepared in advance of the hearing, and the fact was put into the record.

Myrtle Point Locals.

Mrs. Joseph Laird perpetrated a surprise on her husband on the occasion of his thirty-fifth birthday, which occurred Tuesday Jan. 28th. A number of friends and relatives were present. The guests spent the evening playing progressive flinch and other games after which a splendid luncheon was served. Mr. Laird was the recipient of several useful gifts, and is satisfied that things do happen which cast no shadows before.

L. M. Wells, wife and daughter, left Friday, Jan. 31 for Portland.

John Berry of Klamath Falls is here visiting relatives and friends. Percy Peel, who used to run a restaurant here has opened a first class bakery in the room formerly occupied by the meat market in the Giles block.

Mrs. Anna Dickey accompanied by her brother S. E. Giles, started Monday morning for her home in Portersville, California. They went by way of Roseburg.

S. Breuer is ill with la grippe.

The Bureau of Animal Industry suggests the formation of Girls' Poultry Clubs and has issued a bulletin on the subject. This idea may be of use in the Country Lite movement in Oregon. It is the plan of the Department to have a poultry expert attend meetings of the clubs and a set of rules is outlined. It is proposed to have an exhibition once a year, in connection with county fairs.

Attorney C. R. Barrow of Coquille is in Bandon on business today. Mr. Barrow owned the house on Pacific street which burned a week ago, and is looking after his insurance on the same.

Don't forget the St. Valentines ball at the Wigwam, Friday evening February 14th. Kausrud's orchestra will furnish the music. Enough said.

Kausrud's orchestra will give their usual Saturday night ball in Bank Hall tomorrow evening.

FOR RENT—Furnished rooms for housekeeping.—Harry Hunt East Bandon. 1118X

CITY COUNCIL PROCEEDING

Ordinance Passed and Street Contracts Let at Meeting Wednesday Night.

The City Council met in regular session Wednesday night in the City Hall, all Councilmen, and the Mayor being present.

Plumbing ordinance No. 225 which has been before the Council at every meeting within the last two months, the Council having disagreed on certain amendments offered, was finally passed by a vote of 4 to 3, the mayor voting in the affirmative and the ordinance was passed as it was originally drafted, and said ordinance contains an emergency clause, is approved by the mayor and becomes a law today.

A resolution authorizing the city to proceed under the franchise of the Bandon Water Co in ascertaining the necessary data in submitting the water question to the people at a special election was passed and will in all probability be a separate measure as the resolution provides. Three accountants were appointed to audit the books of the water company. The accountants are A. G. Thrift, John Nielson, of Bandon, Ray Kaufman of Marshfield.

H. H. Dufort was a warded the contract for Columbia Ave improvement, between Iris and Second street in the Woolen Mill addition, he being the lowest bidder.

The Recorder informed the council that the report of the viewers on the extension of Railroad street as referred back at a previous meeting, had been corrected and filed, the Recorder stating that at least two weeks would be required in which to give notice to all property owners, assessed for benefits or damages in the opening of said street, and the Council Tuesday February 18, as the date at which time they would hear any objections to the report. The engineer was ordered to lay out sewer districts for the entire city.

Roll Anderson, the only survivor of the Seeley & Anderson's logging wreck is still improving at Emergency Hospital, under the excellent direction of the attending physicians. The physicians are starting the work of skin grafting on the burned places a number of the leading citizens of the community are giving pieces of skin, and it is hoped that Mr. Anderson may be able to pull through all right.

For Valentines see Ad of the Bandon Drug Co.

PAY BY CHECK

An obligation paid by check leaves no chance for a dispute. The check is returned after payment and becomes a receipt. Paying by check is businesslike and convenient, and puts system and safety into your transactions.

This strong bank welcomes checking accounts with business men and individuals.
