OFFICIAL PAPER OF THE CITY OF BANDON

Recorder Philosophy

All tricky persons believe in honest toil.

Rich relatives do not help your credit at the grocery store much.

A great deal of vanity is gratified in writing uninteresting biography.

Don't get too far ahead of the procession; no one will know you are in it.

Many a man has been driven to drink by some one continually saying "you shall not do it."

It is our deliberate judgment that nearly all very solemn deliberative assemblies are laughable.

An obscure poet on a country paper who doesn't get paid for it must waste an awful lot of time.

Considering the large number of angels the young men marry it is not surprising where they all go?

Many people imagine they can think but can't write. But the truth is we can't write because we can't think.

We believe in pensions but do not admire the pensioner who sneers at his neighbor because he doesn't get on very well.

When one or both parents in the home continually scold or whip the children that home is ruined—and so are the children.

It seems the only way to induce Turkey to except satisfactory peace terms is to shoot the terms in out of the mouth of a canon.

A Georgia paper says Bryan will be Secretary of State under Wilson. The paper claims to have private information to this effect.

The English Suffragettes are still breaking windows. They declare they will also break heads. They are also breaking into jail.

We know an otherwise intelligent man who insisted on manicuring his young bride's toe nails. He now insists on banging her hair—with a brick.

By a vote of 77 to 41 the Kansas Legislature adopted a resolution asking Congress to abolish all federal United States courts excepting the United States Supreme

court. Thus does Kansas keep in the lime light of progress.

When a man in an argument refers to "our personal weakness" he means the faults of those with whom he is arguing or those who are listening.

The Bandon teachers are wrestling with the problem of caring for the steady influx of new pupils. Bandon schools are growing faster than any others in Coos county.

There are a number of Legislatures in a dead lock over the election of United States Senators. But there is always the danger that they will not stay that way but will loosen up in time to get their work "in" before the time limit expires.

The constitutional amendment providing for one six year term for president has passed the Senate. It will now go to the house of representatives and then go to the states for ratification. It will be ratified by an overwhelming majority and thus will the President be taken out of any scrambles for a second term. The world "do move."

Almost Lost His Life.

S. A. Stid, of Mason, Mich., will never forget his terrible exposure to a merciless storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest, so it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said I was on the verge of pneumonia but to continue with the Discovery I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds, or any throat or lung trouble. Price 50c and \$1.00 Trial bottle free. Guaranteed by all druggists.

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is to take Chamberlain's Cough Remedy, a thoroughly reliable preparation, and rid yourself of the cold as quickly as possible. This remedy is for sale by C. Y. Lowe.
