### Development News of Oregon.

Portland, Ore., Feb. 12 (Special) Field demonstration work by the Oregon Agricultural College, widening the usefulness of that institution greatly, will be realized to a much larger extent than has hitherto been possible if Senate bill No. 71 is passed by the Legislature. This measure provides for the appropriation of money by the state and counties to carry on co-operative field demonstration work among the farmers themselves.

The bill was drawn by the Central Oregon Development League in connection with the Oregon Development League and the Oregon State Bankers' Association agricultural committee. It provides for a well organized system of field work, conducted by experts under the direction of the O. A. C. The demonstrations in agriculture will be given in different parts of the state and the plan is what might be called a system of traveling agricultural schools.

There is bound to be need for this work, particularly in the never sections of the state where settlers are flocking in and taking land. They must be given a start in the proper agricultural method suited to the country if they are to prosper, and demonstration work by the state college will do this and do it right. The plan of the bill is extremely practical, meaning to place the demonstration work right out among the farmers so they will not have to waste valuable time in visiting some far point. It is thought friends of the agricultural interests of the state will rally to the support of the bill in the legislature and secure its passage.

The present year is likely to witness the completion of another railroad across the eastern half of the state. The Oregon Eastern, being built from Vale westward to Dog Mountain, 140 miles, is progressing favorably and railroad men say they will complete the construction for this distance within the year. Dog Mountain is near Bend and it is expected the line will then be extended to a connection with the Southern Pacific Natron-Klamath road now being built.

To see the legislative wheels go around, a number of delegates to the recent Oregon Irrigation Congress were passengers on a special train that carried them to Salem for the opening of the session and later they visited the state institution at Corvallis and Eugene. The Irrigation Congress was notable as being the most important gathering of irrigationists ever held in this state, and the visit of the delegates to the capital was full of interest.

Memorials to Congress on important subjects have been prepared by the Oregon Legislature. One asks for appropriations for the improvement of Tillamook, Yaquina and Coos bays. Another memorial asks for the protection of migratory game birds and another suggests a federal law to curb the divorce evil.

The Russel Sage Foundation has probed the public school systems of all the states and finds Oregon ranks 15th in efficiency among the 48 commonwealths of the nation. This state, however, is found to stand first in point of attendance, the percentage being 87.

### Almost Lost His Life.

S. A. Stid, of Mason, Mich., will never forget his terrible exposure to a merciless storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest, so it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said I was on the verge of pneumonia but to continue with the Discovery I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds, or any throat or lung trouble. Price 50c and \$1.00 Trial bottle free. Guaranteed by all druggists.

### Offers \$10,000 Toward Hotel.

At a meeting of the North Bend city council last evening, the proposal of the North Bend Commercial Club to sell Grant Circle to V. E. Watters for \$20,000, was laid on the table for future action. This resulted from a telegram received from L. J. Simpson urging them to retain Grant Circle as hotel site and stating that the Simpson Lumber Company would subscribe \$10,000 towards a stock company to erect a \$50,000 or \$75,000 hotel. It was also stated that W. J. Wilsey, the railroad promoter and real estate operator, who last year had offered to put up a \$100,000 hotel in North Bend, would be here today or tomorrow and that possibly he was ready to do business now.

Mayor Simpson said that he was opposed to selling Grant Circle for \$20,000. He either wanted it kept for the city or to have the hotel built on it. He will return from San Francisco within a few weeks. — Coos Bay Times.

Here is a message of hope and good cheer from Mrs. C. J. Martin, Boone Mill, Va., who is the mother of eighteen children. ### Simple Mixture Helps Bandon People.

That simple remedies are best has again been proven. C. Y. Lowe reports that many Bandon people are receiving quick benefit from simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, the German appendicitis remedy. A single dose helps sour stomach, gas on the stomach and constipation instantly because this simple mixture anti-septicizes the digestive organs and draws off the impurities.
