OFFICIAL PAPER OF THE CITY OF BANDON

**Recorder Philosophy**

Books are living ghosts of dead men.

Taxes are too high because there are too many taxeaters.

The two things talked about most is the weather and religion.

Reason feeds on facts while much of poetry is based on passion.

To be always consistent it is necessary to be more or less hypocritical.

We have noticed that prayer doesn't seem to help the growth of a tree very much.

Every burned martyr may enlighten the world but we prefer not to teach that way.

Anyway, the man who swears at the preacher usually wants him to bury his dead child.

The letters you receive from friends never contain as exciting news as you expect.

One of the most cowardly characters is the impudent person who offers you veiled insults.

While envy is said to be ignorance, yet we have noticed envy is exhibited by the educated as well as others.

When an old person dies nearly everyone everyone will say: "well its all for the best," and the old person is straightway forgotten.

Bandon is growing so fast that the real estate man have concluded that it is unnecessary to tell anything but the simple truth to sell real estate.

Ralph Waldo Emerson says that every man in his lifetime needs to thank his faults. In that case most of us have a good deal to be thankful for.

Intolerance is base and cruel. The intolerant person hates every new thought and every new movement. He would kill the reformer. He would steal away from his fellow man the right to think. In his bigoted zeal to despoil others of liberty of thought the intolerant person makes trouble for others and then basely charges the victims of this hate with the disorder.

**Denmark Doings**

Mr. E. J. Bement and son Dale returned from Myrtle Point last Thursday morning with a herd of sixteen fresh milch cows for his dairy farm near Denmark.

A 65 foot whale washed ashore near Lakeport last Saturday and caused no little excitement in this locality for the past few days. People from far and near flocked to see the monster and to carry off souvenirs.

Quite a number of the young people from this vicinity attended the dance on Sixes last Saturday night and all report a splendid time.

Guardia McMullen is quite ill at the ranche home of her son Frank near Denmark.

**Bandon Druggist Deserves Praise.**

C. Y. Lowe deserves praise from Bandon people for introducing here the simple buckthorn bark and glycerine mixture, known as Adlerika. This simple German remedy first became famous by curing appendicitis and it has now been discovered that asingle dose relieves sour stomach, gas on the stomach and constipation instantly.

**Unscrupulous Timber Brokers Work Scheme.**

Portland, March 17.—Unscrupulous timber brokers have begun to use one of the patrol laws passed by the legislature to lighten small timber owners into selling their property. The argument used is that the new law compels patrolling, an isolated claim becomes practically prohibitive. While the timber men say that they did not ask to have this law enacted, they believe it is a good measure, and they are in protest against brokers using an unfair or untrue argument in reference to its results.

**Repels Attack of Death.**

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.
