Recorder Philosophy

The early worm is caught by the bird. Never destroy old tools. Keep them to loan. Most reformers are looking for immediate returns. An ignorant kick usually lands in the wrong place. If you want to make a man mad brag on his rival in business. Fanatics can tell all about man's destiny but nothing about his origin. When an old man says he would die for a woman he means his hair. Hypnotist: One who remains the popular idol of the woman he marries. Unless you want to lose your friend do not frankly point out too many of his faults. Texas leads all the states in the union in the value of Texas crops for 1912 was \$407,160,000. A man who assaults others secretly is terribly outraged when he is assaulted in return openly. Be as careful as you can and someone will accuse you of something—and some one will believe it. Bandon is leading all the towns in South West Oregon in the value of her products and in rapidity of growth. Once in a while some one does get something for nothing—for instance, the gent who gets damages for the alienation of his wife's affections. Quarreling with her husband about having nothing on hand with which to prepare a meal is often evidence of a poor cook instead of poor provider.

Secretary of Interior States His Position on Public Land Resources.

Secretary of the Interior Frank L. Lane has stated his position with respect to insuring the highest utilization of public land resources in a case of great importance in which much interest is being manifested in the Pacific Northwest. The secretary recently received through Senator Poindexter a telegram from a State Senator stating that the legislature of Washington had unanimously passed an act reserving all waters in the Wenatchee basin, but that before the act was signed by the governor certain power interests had filed on these waters, and urging the President and the Secretary of the Interior to serve the best interests of the State of Washington by maintaining intact President Taft's Executive order withdrawing the 18,553 acres of reservoir sites involved. Both this Federal withdrawal and the State reservation were made with a view to possible utilization of the water for the irrigation of 200,000 acres in the Quincy Valley, on the east side of Columbia River, which as stated in the telegram to Senator Poindexter, "means millions to the State of Washington and further development of Quincy Valley." The Secretary's letter to Senator Poindexter points out clearly that he has no intention of revoking the order of withdrawal of the public land. He states: "This act being by the Federal Government was initiated in response to the request of citizens of your State, and in view of the recent action of the Washington legislature reserving all waters in the Wenatchee watershed it illustrates the

type of co operation between State and Nation necessary to promote the highest utilization and development. You may be assured, therefore, that no revocation of this executive withdrawal will be recommended without first affording full opportunity for the presentation of the views of your constituents and for the complete investigation of the possible uses of this river."

To Make Hens Lay in the Winter.

When eggs are scarce and high is the acme of poultry raising. But it requires great care and attention and a considerable amount of tramping to the chicken yard when it would be decidedly more comfortable to rest by the fire in an easy chair. The man with a bad liver or corns on his feet is tempted to neglect his fowls. But it is not necessary to have a bad liver or corns. Just send 10 cents to the Woodstock Company, Washington, D. C., for a package of their Liver Tablets, or Corn Plaster, or 20 cents for both, if you need them, and then see how your hens will lay.

Bandon Druggist Deserves Praise.

C. V. Lowe deserves praise from Bandon people for introducing here the simple buckthorn bark and glycerine mixture, known as Adlerika. This simple German remedy first became famous by curing appendicitis and it has now been discovered that a single dose relieves sour stomach, gas on the stomach and constipation instantly.

A few cotton seed planted inside the house now and transplanted after frost will prove a great novelty to yourself and friends. Enjoy seeing this beautiful plant growing in your own yard or garden. Send 10c for trial package of seed to Lynch-Pharis Co., Montgomery, Ala. 1912
