OFFICIAL PAPER OF THE CITY OF BANDON

Recorder Philosophy

It is a hard job to find an excuse to stay away from a circus.

Building in Bandon is not booming but goes bowling along at a very healthy clip.

The gent who is decorated with numerous spots should stay out of the spot light.

Any good woman is pretty enough; but lots of pretty women are not good enough.

The trouble is the man who can't handle his own money is the one who wants to be trusted with yours.

Our notion of a mean woman is the one who will encourage a man to flirt with her and then raise a fuss about it.

You can not convince young married people that they will grow as cold and sour as their parents—but they will.

Never mind what you said—you believed six months ago. An honest man will change his mind and state what he believes today.

Fat people will be furious at this: Doctors are saying now that no one should complain of being fat; that fat people eat and drink to much and then deny it.

Of course we do not believe in fighting; but if Bud Anderson and Leach Cross fight at Vernon, California on the Fourth, heres hoping that "our Bud" wins.

Many educators in our schools and colleges are beginning to oppose fads and superstitions in school methods and school work generally. If all the school teachers could unite in common warfare on superstition the world would take a new lease on life and go forward with surprising rapidity.

PROMOTER SHAW COMING

The Coos Bay Times says:

E. R. Shaw, projector of the Coos Bay and Boise revival, expects to be here soon with representatives of New York financiers who are backing the proposition. The following self explanatory letter from him was received by Geo. H. Rotnor today from Boise:

"I wish to thank you for your kindness in sending me the two copies of The Coos Bay Times with the marked articles in same. Indeed it very kind and thoughtful of you.

"I have this day taken up the matter with Mr. R. O. Graves and trust that my letter will reach the proper hands.

"My people mean business, on this railroad project and can go ahead and construct just as soon as we secure the preliminary surveys, right of ways, etc., that they require. I have no connectin with any of the other parties mentioned in the paper, in fact do not know them.

"When I go to Marshfield in the next few weeks with my parties from New York, will notify you in advance, and arrange to meet some of the Coos Bay people.

"Any time there is any article of importance in your Coos Bay papers wish you would send me a copy as I find some very interesting articles in same. Again thanking you for your kindness, and hoping to have the pleasure of meeting you in person very shortly, I beg to remain,

"Sincerely yours,
"E. R. Shaw."

What Others are Doing.

Editor RECORDER:

Seems to me that the people of Bandon should be informed of the doings of the outskirts of their city by the sea of which you have made so much noise.

Did you ever hear of Highland Park, with its principle castle, "Haberia"? It is about time we of this glorious section let the world, either the eastern or the western, know that things are booming out here, and I don't know, Road Supervisor Counts, or whatever his name is, has begun to drain the water from the highway, it looks to me as if he wants to make a canal from here to the ocean, similarly to Lakeport or Floras Lake, Curry Co., Oregon, U. S. If the work will proceed then the Coquill River will be nothing in comparison to it; good, the Japs have no knowledge of it. Otherwise, oh my! However, no need of getting scared, the Boy Scouts of Bandon soon would rout the whole outfit; our best wishes are with them.

But I want to speak of Highland Park, President Nelsch caused the first flag raising, surely it was a cheering sight. The celebration was very enjoyable. Should like to give the names of all present but it would be too extensive, you would have no room in your paper. After such being over we had a joyful dinner; that is we went home and consumed what we had, much or little.

The writer had for the first time a baby squalling in his so quiet batchelor home, it made things lively and gave evidence that some one was at home.

Mr. Wilson is building a new bungalow.

Ed. Van de Car moved into the comfortable villa between Mr. Rosa's residence and M. G. Pohl's place.

Not long now and the whole Highland Park will be a much sought pleasure ground for Bandon by the sea.

You should not delay securing from ten to twenty building lots, it is just grand here after you get used to it. High school, seminary, perhaps an Agricultural College soon may follow, we only wait until your good people have finished with the city waterworks, the library, the gymnasium, the cannery, the new extension of streets and after this we cause to vote on a hundred thousand dollar appropriation for Highland Park.—Pohl.

Dr. J. L. Masson, veterinary surgeon of Myrtle Point will be in Bandon Saturday afternoon, June 7th and will remain until Monday, June 9th, when he will go to Langlois.

New orders of bicycle repairs of all kinds constantly arriving. Will take orders for bicycles of any kind.
