### Big Mediterranean Fleet

Washington, June 11—Within a short time the United States will step in and wrest the naval supremacy of the Mediterranean sea from European powers which have been contesting for it for many years. It will be a bloodless, fightless invasion. When the eight dreadnaughts, thirteen pre-dreadnaughts and other naval crafts flying the stars and stripes sail past Gibraltar for their cause in Mediterranean waters, the fleets of France, Italy, Austria and Great Britain will be overshadowed for the nonce, and for the time being the United States will be supreme in those waters. A tentative itinerary of the fleet, announced at the navy department today arranges for a stop at almost every Mediterranean port where formal welcome by the respective authorities awaits the Yankee officers and sailors.

### Business Man Praises Dr. Miles' Heart Remedy

Successful Merchant After Investigation Found a Remedy That Restored His Health.

"This is Thanksgiving day in the state of Pennsylvania, and I want to devote a part of it in writing a letter to you. On the 25th day of November, 1910, I was stricken with heart trouble. My family physician called it Angina Pectoris. I had from one to five attacks in 24 hours, in the latter part of December, 1910. I wrote to the Miles Medical Co., for information concerning my case, and in reply I received a very kind and instructive letter, which I handed to my family doctor, and he told me to use your Remedies in connection with the medicine he gave me, so I did. I used five bottles of Dr. Miles' Heart Remedy and seven bottles of Dr. Miles' Nervine. I was confined to the house for about four months. The action of my heart is now, and has been normal for the last six months. I can truly recommend Dr. Miles' Nervine and Heart Remedy to do what they are intended for, if used according to directions. I thank you kindly for your advice in answer to my monthly reports. I am now sixty-seven years of age, have been in the mercantile business for thirty-five years and lived retired for the last thirteen years." A. B. HOLLINGER, Lincoln, Penna.
