

Bandon Recorder

PATRONS--TEACHERS MEETING AT THE HIGH SCHOOL AUDITORIUM TONIGHT

TEACHER HELD FOR OFFENSE

Mrs. Foreman, Who Got Into Trouble in Curry County, Again in Trouble

Mrs. Flora Foreman, teacher who got into trouble in Curry county last year over her Socialistic teachings in the Denmark school and who was finally discharged before the year ended there, is now in trouble near Clatskanie. A dispatch from there says:

"The neighboring school district of Quincy is in the midst of an exciting campaign as to whether or not the principal of the school, Mrs. Flora Foreman, shall be retained. Mrs. Foreman is an avowed Socialist, a disciple of Emma Goldman, and she is charged with carrying these doctrines into the school room. One of the patrons of the school brought formal charges against her.

Abe Herschman, Socialist, of Portland, and S. Nuortova, editor of the Astoria Tovei, were present in the interests of Mrs. Foreman. The prosecution asked an adjournment of the case because its attorneys could not be present. There were a number of charges all leading up to and culminating in the specific charge of teaching persistently the doctrines of Socialism and atheism, and that there is no God, and that Christ was not the son of God, but a leader of the workingmen."

She was also charged with riding through the district in company with these young men with the red flag raised over the carriage. Mrs. Foreman proved herself full able to champion her own cause.

Regarding the charge of teaching Socialism she explained her methods of teaching history, stating that she "told her pupils that this government was rotten to the core," declaring that was the truth and that she could not teach the truth; that she obtained the knowledge which caused her to arrive at this conclusion from daily papers.

She told the directors they might have her services for \$85 per month, but her opinions were not for sale. She evaded entirely the charge of teaching atheism.

She acknowledged riding through the district with the red flag up, raised and ridiculed the idea of the charge being a serious one. She assigned the county school superintendent, calling him a "filthy fish with the backbone of an angle-worm."

Just what the outcome of the proceedings will be is hard to forecast. The formal trial before the school board, with an attorney and county superintendent present, will be held soon.—Coos Bay Times.

Apple Day in Bandon.

Everybody ate apples Tuesday. Apple pie, apple dumplings, apple cobbler, apple jelly, apple sauce, apples, apples, apples were the order of the day. Apples are the best fruit that grows and everybody eats them. It is probable that more apples were eaten in Bandon Tuesday than in any other one day in the history of the city.

Coos county apples are deliciously flavored, and we can raise plenty of them. Although Tuesday was apple day throughout the land, yet every day could be apple day in Coos county.

THAT ROAD BOND ISSUE

Some Plan Should be Arranged Whereby the Work Could Go Ahead.

As has been previously announced the good road bond issue for Coos county seems to be up in the air at present, and yet the fact that we need the bonds and need the roads are still staring us in the face.

There will be a meeting in Coquille December 2nd at which time it is hoped that some plan may be decided upon whereby we can get together. We need a road to the Douglas county line from Coos county and we need a road from Bandon to the Curry county line, and unless we get this latter road, the people from this section of the county will not favor the bonds. It would seem that some kind of a plan could be worked out whereby we could get together on the proposition and have the bond election go ahead as soon as possible.

The law limiting the bonds to two percent of the taxable property, is an unfortunate one indeed, but we have it and must abide by it until such time as the law can be changed. The one thing to do now is to go ahead and build what roads we can by bonding for the amount allowed. It is to be hoped that a good delegation from Bandon and vicinity will attend the meeting at Coquille December 2nd.

TAKE CENSUS THIS MONTH

County Superintendent Baker has informed the school clerks that the census must be taken the last week in this month and that the reports must be in within ten days in order to get in on the tax appropriation.

To be entitled to enumeration the youth must be over one and under 21 years of age and must be an actual resident of the district. The parents or guardians must also be bona fide residents unless the pupil is self supporting. It is also necessary to have school six months in the year in order to entitle the district to its apportionment of the taxes.

Good Films at the Grand.

Saturday and Sunday nights a well selected program of four reels of licensed pictures will be shown. Special attention is drawn to the two reel Lubin feature for Saturday night, "A Hero Among Men." Its a big story, full of gripping interest. Blazing a new trail in Glacier Park is another of those popular series of scenic pictures. "See America first." Biograph presents a laughable farce comedy. Good films Sunday night. No advance in price 10-5c.

B. W. Dean made a trip to Gold Beach last week in connection with his position as deputy sheriff in charge of Lib Haines' property after the shooting affair at Eckley. Haines was a bachelor about 50 years of age, and leaves an estate valued at approximately \$10,000.—Port Orford Tribune.

CITY NEGOTIATING WITH BANDON WATER COMPANY

The city of Bandon is negotiating with the Bandon Water Company with the idea of purchasing the system providing the necessary arrangements can be made.

The price that is asked by the company is \$49,500 as against \$52,000 asked last summer at the special election.

The city has secured the services of R. H. Corey, engineer for the Coos Bay Water Company to confer with City Engineer P. A. Sandberg and make an inventory of the plant, and if in the estimation of the

engineers the company's property is worth the money, then further negotiations will be made but if the engineers report the plant to be of less value, then it may be necessary to start other proceedings.

Some time ago the city instituted suit against the company to annul the franchise because of alleged violations and the later negotiations have been the outcome of this suit.

The engineers have not yet handed in their figures, so it cannot be told at this time whether or not the proposition will be carried through.

BALL PLAYER IN TROUBLE

Arrested For Gambling at Coos Bay According to the Report.

Tamp Osborne, the base ball pitcher who started the season with Bandon last summer, but was later discharged because it was alleged that he threw a game to North Bend, is in trouble again according to a report in the Coos Bay Times, which says that Osborne was arrested for gambling and bound over under \$300 bonds. Osborne declares he is not guilty although a man named Geer testified before Judge Hall in court at Coquille that they had been gambling and he lost his watch to Osborne who afterwards returned it.

Osborne will be compelled to appear before the grand jury at the next session.

Atty. G. T. Treadgold arrived home today from Salem where he had been arguing some cases in the supreme court.

RECEPTION BY JUNIORS

Annual Affair Given at the High School Building Last Night.

The annual reception by the juniors to the rest of the high school and alumni was given at the high school building last night and was one of the most enjoyable social affairs of the season.

The evening's entertainment consisted of a track meet in the lower hall and other amusements, among which was to make seniors of the freshmen and freshmen of the seniors and faculty, and then a spelling match was held by the freshman, which of course caused great amusement as a freshmen is not supposed to be able to spell.

A charming dish luncheon was served by the juniors and all present are loud in their praise of the excellent entertainment furnished by the class.

Harry Siemann of California is visiting his brother A. W. Siemann and family of this city.

VOTED 15 MILL TAX

School District Provides For Maintenance of Schools For Ensuing Year.

At a meeting of the voters of School District No. 54, comprising Bandon, Tuesday night a tax of 15 mills was voted for the maintenance of the schools for the ensuing year and transacted other important business for the school. There was only a light attendance there being but 24 votes cast.

J. W. Mast, clerk of the board, read the following budget which was the estimate of the cost of maintaining the schools for the year:

Teachers salaries	\$13,545.00
Janitors salaries	\$1260.00
Furniture	\$686.80
Typewriters	\$150.00
Domestic Science	\$693.11
Sundry Expenses	\$1250.00
Interest on Indebtedness	\$2855.50
Time warrants redemption	\$1250.00
Cement Walks	\$757.12
Street Improvement	\$650.00
Total	\$23,097.53

SOURCES OF REVENUE.	
County fund, estimate	\$6650.00
State fund, estimate	\$1850.00
Special Tax, 15 mills on valuation of \$981,311	\$14,779.66
Total	\$23,279.66
Making a balance of	\$182.13

MRS. ROCKWELL DEAD

Mrs. Lovina C. Rockwell died at her home near this city Wednesday and the funeral is being held this afternoon the M. E. church this afternoon, Lovina C. Mapes was born in Crawford county, Pa., October 13, 1847 where she grew to womanhood and was married to S. C. Rockwell January 30, 1864. To this union four children were born, Chas. S. Rockwell, of Clearfield, Pa., Will C. Rockwell, of St. Johns Wash., George H. Rockwell, of British Columbia and Mrs. R. B. Young of Bandon.

The Rockwell family came to Bandon in 1906 and are well known in this city. Mrs. Rockwell was a woman of noble character a kind wife and mother and a good neighbor. She was much loved by all who knew her.

At the time of her death Mrs. Rockwell was 66 years, one month and six days old. She had been ill only about two weeks and her death comes as a great shock to her family, all of whom have the sincere sympathy of a large circle of friends.

The Coquille Sentinel reports that there were 6,000 bushels of grain raised this year by Albert Schroeder on the place formerly owned by J. Fred Schroeder. The crop averaged nearly 75 bushels to the acre. Twenty acres of the 81 acres in grain averaged 90 bushels to the acre. After reporting such a prolific crop, the Sentinel says it is a wonder why the farmers of the Coquille Valley do not raise enough of cereals to supply home consumption, instead of importing grain from other places.

PROBE ON AT FLORENCE

Interviews Florence Business Men Concerning State Deportation There.

Florence, Or., Nov. 20.—Capt. Metcalf interviewed a number of the leading citizens yesterday concerning the I. W. W. deportation here last Friday. It was stated that he had not obtained much evidence against any of the citizens.

There is less excitement in Florence over the matter than there is outside concerning it.

Capt. Metcalf has not made any intimations of declaring martial law or the necessity of such an action. He will make a report to Governor West, and the latter will take any action that he may deem advisable but Capt. Metcalf will not do anything nor will he give out any of his findings before submitting them to Governor West. Owing to matters being quiet and peaceful here, it is not expected that he will make a hasty preliminary report like Governor West intimated he wanted, but will probably go direct to Salem and report verbally to Governor West, and possibly follow it up with a detailed written report.

The two hundred men who took part are not in the least frightened, nor are they willing to acknowledge even to the Governor of the state that they did otherwise than right in removing these undesirables. There are very few here who actually believed that the governor intends to do anything in the matter.

The citizens who were instrumental in the removing of the I. W. W. received the justification of their action when the vacated headquarters were searched and a bunch of correspondence found which plainly shows the plans of the organization and the methods they pursued in attaining their ends.

Married November 13th

Mr. Fred Lorenzen of this city and Miss Edna Hodge of Prosper, were married at Coquille, November 13th. The groom is one of Bandon's popular young men and has been employed with the Bandon Water Co. for some time. The bride is the youngest daughter of Mr. and Mrs. Marian Hodge of Prosper and one of the most popular young ladies of that little city. She is also well known in Bandon being a sister of Mrs. J. A. Kennedy and has spent a good deal of her time here where she has many friends.

The happy young couple will have the congratulations and best wishes of a large circle of friends.

Dufort Gets Contract.

About the only business of importance at the City Council meeting Wednesday night was the letting of the contract to H. H. Dufort for the improving of First Street North in Bandon Heights.

The measles and whooping cough are still prevalent in the Rogue river country. There are six cases of measles in the home of J. G. Porterfield at Euchre creek. Miss Edith Lusk, who has been teaching the Gold Beach school, will resign her position on the account of a severe attack of the measles and return to her home at Myrtle Point, while her sister will complete the unfinished term.—Port Orford Tribune.

Keep the Home Dollar at Home

Don't send that DOLLAR away! Spend it in your home town! A DOLLAR put in circulation here is worth any number in the mail or in the mail order house's pocket.

When you send that DOLLAR away some other community makes the profit that might just as well be made by yours.

DOLLARS ATTRACT DOLLARS.

For every DOLLAR in use in your locality another DOLLAR will come. Conversely, every DOLLAR that is sent away has a pulling power on another DOLLAR that is left behind.

A DOLLAR spent in your home town helps to make your neighbors just that much more prosperous. To that extent, also, it makes the community more prosperous. And it makes you profit in just the same way that the community does.

When there is plenty of money in circulation everybody benefits. That's why you should keep just as many DOLLARS here as you can instead of sending them away. By PATRONIZING HOME INDUSTRIES you can do this.

Isn't it worth while thinking over?
