

When Gifts of Silverware

are made both giver and recipient want it to give satisfaction. The giver should therefore use discretion in buying only the "Quality" kind and one is safest in buying of a firm that sells this kind of goods only.

We have always endeavored to sell nothing but the dependable kind of merchandise and our silverware is known for its wearing qualities.

We personally stand back of all goods we sell and we also engrave them most artistically. These facts are known to our patrons and they openly express their satisfaction when receiving gifts bought of Sabro's, thus assuring the giver that the gift is particularly appreciated. People who have ever received our goods know they are good, and those who receive them in the future will be perfectly satisfied and to will you if you buy from

Flagged Train With Shirt.

Tearing a shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at all druggists.

James J. Hill, the Empire Railroad Builder, has announced that he will build two of the fastest vessels flying the American flag and the finest crafts in the world engaged in the coast wise passenger traffic, to ply between Astoria and San Francisco. The ships will be as modern as science can make them, and will cost \$2,000,000 each. They will make the run in 24 or 25 hours, which is two or three hours less than made by the fastest trains between Portland and San Francisco. The sister ships will carry 850 passengers and will be on the run by Jan. 1, 1915.
