COMING—A FILM NOVELTY

"A WILD RIDE"

Subj. Film—Two Reels

This picture shows life on an African Ostrich Farm and its attendant dangers from attacks by the native Zulus. While the men are away at work the farm is surrounded by a band of warring Zulus. The girl, alone in the house, succeeds in gaining the corral in which a number of ostriches are confined. She mounts one of the birds and we see her riding for help on her novel steed with speed of the wind.
