

Bandon Recorder

ROAD TAX ELECTION AT THE TOWN HALL SATURDAY, NOV. 29, AT 2:30 P. M.

LIGHTHOUSE ON ISLAND

Big Tides Wash North Approach to Light House and do Other Damage.

The big tides of Wednesday and Thursday cut through on the north side of the lighthouse and left it on an island. The island was only during high tide and as soon as the tides went down there was dry land or wet land, again. It will be remembered that The Recorder called the attention of the public to this dangerous condition about a year ago.

The big tides also washed out a big portion of the beach sidewalk and came near undermining the barn belonging to E. H. Fish and occupied by Gatchell Bros. transfer line.

At the Orpheum Tonight.

The biggest and best show ever put on in Bandon for the price, 4,000 feet of pictures including a three reel for Bison feature. "When General Sherman Marched to the Sea." Oregon News.

Portland, Or., Nov. 27 (Special)—From all over the West, and from some of the Middle Western states, come reports of intending exhibitors at the International Livestock Exposition to be held at the Portland Union Stockyards, December 8-13. Guernseys from Wisconsin, Holsteins from Arizona, Herefords and Shorthorns from Montana will be seen on dress parade by the side of fancy livestock from the agricultural colleges of California, Idaho, Washington and Oregon. Stump's herd of Jerseys from Mouthout, Oregon, from which the grand champion heifer for the United States at the National show in Chicago was taken, will be entered, and the Brown, Minor and Dunn Shorthorns are also on this circuit. Many entries of sheep from the most prominent flocks of the Northwest will also be shown.

The exposition officials have been fortunate in securing the services of some of the most famous livestock judges in the Union to take care of the classes. Practically all the men selected have been judges at the International Livestock Exposition or the National Dairy Show at Chicago and all are noted for exceptional ability and fairness. Commercial and booster clubs all over the Northwest are enthusiastically stirring up interest in the event, full special car parties are promised from a number of the cities of Eastern and Central Oregon and it is expected that many people all over the country will take advantage of the reduced railroad rates.

The report of the Junction City Creamery, just published, proves that the industry has been a success in every way. This creamery was organized eleven months ago and during that time 84,000 pounds of butter has been made, about 5,000 pounds of which has been used by the farmers themselves. The remainder sold for \$2,094, butter milk for \$273 and cream for \$487, making a total of \$2,854. Of this amount the farmers received \$2,245, less 1 cent per pound for creaming expenses. The average price paid for butter during the last 11 months was 34 cents per pound, and the farmers received \$1,200 more than if they had sold their products to private creameries.

Louis D. Felsheim a newspaper man from Nampa, Idaho arrived on the Breakwater, and he and M. B. Pressey of this city have taken over the Western World and will operate that paper from this time on. Mr. Mr. Felsheim is a very pleasant appearing gentleman. He and Mr. Pressey made the Recorder office a pleasant call this morning.

GOOD ROADS MEETING

Coos County Good Roads Association to Meet at Coquille Tuesday.

Every Bandonian who possibly can should attend the meeting of the Coos County Good Roads Association which will be held at Coquille next Tuesday.

At this meeting it is hoped that some kind of a proposition can be agreed upon for the voting of the \$440,000 bonds for building roads and it behooves every Bandonian to be there and help the good cause along and at the same time to see that Bandon is not left out in the cold in the apportionment of the funds.

It is exceedingly necessary that we have a better road from Bandon to the Curry county line and we must pull for that proposition above all others.

Try and arrange your business so as to get away next Tuesday, December 3rd and attend the Good Roads meeting at Coquille.

President W. J. Kerr, of the Oregon Agricultural College, has recently been in conference with the Secretary of Agricultural and other officials at Washington regarding larger co-operation by the Government with the state in its agricultural work, and has been assured that the department of farm management will contribute money for the promotion of boys' and girls' clubs throughout the state and also co-operate with the college in every way for the extension of agricultural education. President Kerr was much interested in the bureau of marketing and has asked that the department send experts to Oregon to show how to get better markets and better prices for farm products.

W. E. Catterlin left overland Thanksgiving morning for a business trip to Portland.

CITY LOST 6TH ST. CASE

Supreme Court Reverses Decision of Circuit Court In Big Case.

Atty Geo. P. Topping received a telegram from Salem yesterday stating that the Sixth Street case which has been hanging fire so long had been decided against the city by the Supreme Court, thus reversing the decision of the circuit court. As near as we can learn the court based its decision on a technicality on the posting of the notices, holding that not sufficient notice had been given at the time the work was done. The case involves nearly \$3,000 but just what disposition of the affair will be made, cannot be determined until the decision in the case has arrived.

In the case of McLains vs. Haberly for the property west of the Presbyterian church, the Supreme court both reversed the decision of circuit court and dismissed the case, so it would be hard to say who won.

Mrs. Foreman Vindicated.

Quincy, Or., Nov. 26.—Mrs. Flora L. Foreman principal of the Quincy school, tonight received from the school board a vote of vindication of the charges of having taught in her school doctrines of Socialism, sedition and atheism. An appeal will be taken to the State Board of Education for further hearing. Hearing of the case occupied most of the day.

We Ate Turkey.

The Recorder is mostly ads, and a very small amount of reading matter today owing to the fact that our office force ate turkey yesterday and we have been nearly swamped by jobwork besides.

See the Palmer Comedy Kids at the Grand Saturday and Sunday nights, they are good.

PORT HELD MEETING

Commissioners Prepare Plans For Much Harbor Improvement.

The Port Commissioners of the Port of Bandon met in Commercial Club Hall Tuesday evening, the chief business of which was to frame a bill asking Congress for an appropriation for the port.

It is the plan to bond the port for \$240,000 and ask Congress to give a like amount for the improvement of the harbor and river. The entire amount of bonds will not be sold the first year, but possibly \$100,000 which will give a good working capital to start with. It is considered that the bar can be deepened to 18 to 20 feet of water at low tide and the river from 12 to 15 feet.

The Palmer Comedy Kids.

Don't fail to see these juvenile performers at the Grand Saturday and Sunday Nov. 29 and 30.

They appear in songs and dances

and all the latest popular turkey trots, the tango and other society whirls. A nice clean entertaining number sure to please. Excellent films complete the program. Admission 15-10c.

I. W. W. at Eugene.

Eugene, Or., Nov. 26.—Capt. Metcalf's report that he had found no evidence of violence or intimidation in the I. W. W. deportation at Florence is expected to end the affair. His report to the Governor was verbal. Governor West could not exactly understand how the I. W. W. were deported without any violation of law and intimated that he would not let it drop on Capt. Metcalf's "whitewash" report.

Six of the I. W. W.'s who were deported from Florence by the citizens of that city on the 14th inst. arrived in Eugene, having travelled about the entire distance over rough mountain roads and through drizzling and cold rains several days.

John R. Lawson and another gentleman from San Francisco arrived on the Speedwell and are representing a big real estate firm. Mr. Lawson made this office a pleasant call.

Mrs. R. W. Boyle and Mrs. R. Buck returned on the Speedwell from Los Angeles where they have been visiting for the past two months.

NIGHT SCHOOL FOR BANDON

Popular Courses Will Be Given by Competent Instructors.

At the suggestion of Supt. Hopkins, the school board granted on Wednesday night, the use of the High School building for a night school. Courses in cooking, sewing, writing, English grammar, reading, business arithmetic, music and physical culture, will be given by thoroughly competent instructors. Other courses may be given and changes made, in the above list to meet the demands. This school will be open to the people of Bandon, who may feel the need of any of these subjects.

The general plan is to open immediately after the holidays, for a term of eight weeks. The school may be continued if it proves successful. The only way to support the instructors is by fees, which will be put at the lowest possible point.

Everybody who is interested in any of these courses should confer with Miss Ritohie or Supt. Hopkins as soon as possible.

The course in cooking is limited and places will be given in order of application. Phone 891 and give us your wishes. Further announcements later.

A very beautiful wedding was solemnized at the home of Mr. and Mrs. J. W. Felter yesterday at 10:00 o'clock when their daughter Ella Ruth Felter was united in marriage to Mr. S. A. Carmichael of Marshfield, Rev. H. C. Hartrant officiating.

Did you ever realize that the greatest kicker in the world is a jackass? Did it ever dawn on you that this is just as true of THE TWO LEGGED KICKER as of the four legged one?

For example, who could be a more perfect jackass than the man who kicks about his own town?

The ass kicks because he is built that way, and the man kicks because he is built the same way.

The ass usually has something to kick at, but the man often kicks about nothing at all.

Get out of the kicking habit and be a booster.

It pays—pays the individual and pays the community.

Wouldn't you rather live in a GOOD town than a POOR one?

All right, then; help to make your town a good one.

Talk it up, arouse the town spirit. GET EVERYBODY TO BOOSTING.

Anybody can kick, but it takes a good man to boost.

Be a good citizen! Get the habit.
